

Jennifer Banek, MS, CRNA

Lake County Coroner

JBanek@lakecountyil.gov

TO: THE LAW AND JUDICIAL COMMITTEE
FROM: CORONER JENNIFER BANEK
RE: CORONER'S INVESTIGATION REPORT FOR MARCH 2022

Coroner's Monthly Report of Investigations conducted for the month of MARCH 2022 ⁽¹⁾:

Non-Coroner's Cases ⁽²⁾	391
Coroner's Case: ⁽³⁾	35
Total Death Investigations:	426

Total death investigations for March 2021: 471

- Of the total Coroner's Cases for March 2022 (35), the Manner of Death (or suspected Manner of Death) is outlined in the following pages.
- Of the 35 Coroner's Cases a total of 32 had further forensic examination (Autopsy) conducted by the Lake County Coroner's Forensic Pathologist, Eimad Zakariya, M.D., in conjunction with the Lake County Coroner's Autopsy Technician and Deputy Coroner Investigators.
- The Lake County Coroner's Office Toxicology Laboratory conducted 29 toxicology tests and, as a result, 23 samples were sent to an outside laboratory for further quantitative/qualitative testing.
 - In addition, the Lake County Coroner's Office Toxicology Laboratory conducted 132 toxicology tests for various outside agencies including the Lake County Jail and Probation Services.
- The Lake County Coroner's Office Issued 260 Permits for Cremation to area funeral homes in March 2022.

(1) As forensic reports such as Autopsy Reports, Toxicology Reports and other investigative agency reports may take 4 – 8 weeks for completion, Coroner Banek is presenting statistical data that is more complete than more recent months data.

(2) Non-Coroner's Cases:

Cases reported to the Office of Coroner where Minimal Investigation is needed; primarily consisting of review of medical history, medical records, and discussion with health care providers involved in the case.

(3) Coroner's Cases

Thorough investigation as to the cause of death, with subsequent Case Conference to determine the manner of death (i.e., homicide, suicide, accidental, or undetermined). Where required and mandated by Illinois Statute by type of death, select cases may be sent to an Inquest by Jury.

Autopsies March 2022

Autopsy Types:
Full – A complete external and internal examination is completed by the Forensic Pathologist with a written report.
Limited – A Complete external, and in some cases limited internal examination, is completed by the Forensic Pathologist with a written report.
External – No Physical examination is completed however medical records from an external agency (hospital, nursing facility or physician) are reviewed by the Forensic Pathologist with a written report.
None – No physical examination or medical record review is necessary. Most of these cases are signed by the deceased's physician however family or physician information is not available at the time of death warranting a response from the Coroner's Office.
