Recuse: 1 - Member Hunter

HEALTH AND COMMUNITY SERVICES COMMITTEE**37** **25-0683**

Board of Health Report.

Measles

As of May 5, 2025, the Illinois Department of Public Health (IDPH) has reported six Illinois adult measles cases in 2025 (with four in Southern Illinois and two in Cook County).

At this time, no cases of measles reported in Lake County.

The Lake County Health Department has been taking proactive measures to reduce the risk of an outbreak in Lake County.

This includes outreach to schools with lower vaccination rates, public education through social media and newsletters, and increased infection prevention efforts at health centers. The risk of measles transmission for the general public in Illinois remains low.

Vaccination is the most effective way of preventing measles.

The measles, mumps, and rubella (MMR) vaccine is highly effective with two doses 97% effective at preventing infection.

All Lake County residents should make sure they and their family members are up to date on the MMR vaccine and all other age-appropriate immunizations.

Current information on potential sites where infected individuals may have exposed others can be found on the IDPH website at Measles Exposure Locations.

May is Lyme Disease Awareness Month

The Health Department urges residents to take precautions against ticks, which can carry several diseases, including Lyme disease.

Ticks live in and near wooded areas, tall grass, and brush. If infected, ticks can transmit diseases including Lyme disease. Ticks are most active during warmer months.

Practice the 4 Steps of Protection this tick season:

Dress – Wear long sleeves, pants, and closed-toe shoes when outdoors to cover your skin

Defend – Use insect repellent when outdoors and avoid tick habitats

Check – Check your entire body for ticks after being outdoors, including your children and pets

Remove – use fine-tipped tweezers to promptly remove ticks.

Residents can learn more information, tips, and videos at [FightTheBiteNow.com](https://www.fightthebite.com).

May is Mental Health Month

While 1 in 5 people will experience a mental illness during their lifetime, everyone faces challenges in life that can impact their mental health.

There are simple things that every person can say or do to help the people in their life who are struggling to get through the tough times.

Healthy routines in your diet, sleep, and exercise can improve your mental and physical health, and keep your immune system strong.

If you notice that your friend or loved one continues to struggle after weeks or months, they may be showing signs of a mental health condition and likely need professional help.

Encourage them to seek help from a mental health professional and offer to help them find a provider if needed.

If someone you care about is in immediate danger of taking suicidal action, seek help by calling 911 or going to the closest emergency room.

The Health Department offers mental health support through its Crisis Care hotline, available 24/7 at (847) 377-8088. Services are free and confidential.

LAW AND JUDICIAL COMMITTEE38 [25-0600](#)

Joint resolution authorizing an emergency appropriation and approving a Title IV-D Intergovernmental Agreement (IGA) between the Illinois Department of Healthcare and Family Services (IDHFS) and the Lake County State's Attorney for the continuation of the State's Attorney's Child Support Enforcement Program for the period of July 1, 2025, through June 30, 2027, for a maximum reimbursement amount of \$1,629,842 for staff wages and benefits.
