Agreement Type 319 Agreement Number 3191304

Recipient Lake County Stormwater Management Commission

Address 500 West Winchester Road. Telephone (847) 377-7700
Libertyville, Illinois 60048 FAX (847) 984-5747

Project Description/Scope of Work

COUNTYWIDE WATERSHED BMP IMPLEMENTATION PROGRAM

The Project Description/Scope of Work is amended to reflect the following:

Item 1 is deleted in its entirety and replaced as follows: "Serving as the central lead agency, the Recipient shall direct and review the individual nonpoint source pollution control projects proposed under this Agreement for consistency with the goals of the Indian Creek Watershed Based Plan, Des Plaines River/Higgins Creek Watershed TMDL Report, North Branch Chicago River Watershed Based Plan, and the Illinois' Nonpoint Source Management Program. The Recipient shall provide financial and technical assistance to Vernon Township, and the Village of Buffalo Grove, and the East Skokie Drainage District during design and implementation of the various best management practices (BMPs) proposed under this Agreement for nonpoint source pollution control. As resources allow, the Recipient shall provide assistance to local partners to implement nonpoint source pollution components of approved watershed based plans in Lake County.

Item 16 is added as follows: "The Recipient, or its Assigns, shall prepare design plans and specifications (Design) for the construction of stormwater BMPs to reduce nonpoint source pollution. The Design shall describe the daylighting of 1,250 linear feet of the Skokie River on property adjacent to the Foss Park Golf Course. The project will include the removal of the existing pipe system and the re-establishment of the channel and bank, including long-term grade control and permanent vegetative cover.
