Good afternoon Megan,

Attached is the court order issued to the East Skokie Drainage District authorizing its Commissioners to proceed with the construction of the North Chicago Storm Sewer Project.

The Draft EA is currently posted for public comment until November 15th. I expect that process will wrap up soon after that.

We are sincerely appreciative of the direct assistance the Region 5 Mitigation team has provided! We would not have arrived at this point without it!

Cheers!

Sharon Østerby, CFM
