Discussion on a resolution to dissolve the Beach Park Drainage District.

Matt Meyers, Assistant County Administrator, updated the Committee on the dissolution of the Beach Park Drainage District. Mr. Meyers reminded the Committee of the direction given to staff at the August 1, 2019 Committee meeting.

The County has been in discussion with the Mayors from Beach Park and Waukegan, and has received support from the municipalities to dissolve and take responsibility for the District. Members Hewitt and Paxton, whose districts encompass the district, also voiced support.

The municipalities, which will partner with the Stormwater Management Commission, will need to also pass a resolution to approve the dissolution of the Beach Park Drainage District.

The \$3 assessment per household will be eliminated from the owners' property tax bill, and the approximate \$56,000 remaining funds within the District will be dispersed to Beach Park and Waukegan based on the municipality's size within the District. A joint press release from the County and municipalities would be sent residents to inform of the dissolution. Information also may be included in the Board Members' newsletters.

Following discussion, the Committee gave consensus to bring the resolution to the Public Works Planning and Transportation and the Financial and Administrative committees for approval at their July meetings.

8. Executive Session

The Committee did not enter into Executive Session.

9. County Administrator's Report

Matt Meyers, Assistant County Administrator, said staff also is progressing in our discussions with the West Deerfield Township and the North Shore Water Reclamation District regarding the dissolution of the Del Mar Woods Sanitary District. There are other types of Districts in addition to drainage districts, including the sanitary district and mosquito abatement district that the Committee has not focused on but may also

address.

10. Members' Remarks

Chair Hart sought Committee feedback regarding expanding the focus of this Committee on all districts, and added that it is good for the Committee to hear the work staff is conducting and provide feedback.

Discussion ensued.

Matt Meyers, Assistant County Administrator, said he will work with the State's Attorney's Office and the County Administrator to bring this idea forward before the Board.

11. Adjournment

Chair Hart called the meeting to be adjourned at 10:35 a.m.

Next Meeting: To Be Determined
