

Bonnie Barrington

Real Estate Broker

As a lifelong Ela Township resident I am looking to fill a vacancy in the role of Ela Township Assessor. My experiences in various roles in the Assessment cycle allows me the ability to view the process out of many different lenses. Living in Ela Township allows me to fill a pinnacle role in the township "the government closest to the people" where the very taxpayers that employ me are also my neighbors. My skills would be an asset to the Assessor's Office, the township, and the residents of Ela Township.
