7.1 [09-2116](#)

Joint resolution authorizing the execution of an Intergovernmental Agreement between the Village of Grayslake and the County of Lake regarding the Cornerstone Development (Alter Property).

- Lake County Land Holdings, LLC, is proposing to develop the Alter Property, which is approximately 641 acres near Peterson Road, Route 83 and Alleghany Roads.
- The property will be developed in the Village of Grayslake as a Planned Unit Development, consisting of residential, retail/commercial, light industrial, and office uses.
- The Village is requesting sanitary sewer service for the development, with certain limitations, which will require the "Third Amendment to the Restated and Amended Agreement for Sewage Disposal," which will be considered under a separate resolution.
- The proposed development will necessitate certain roadway and traffic improvements, that will be documented in the "Central Lake County Area Transportation Improvement Intergovernmental Agreement," and will be considered under a separate resolution.
- The development of the Beelow Parcel will satisfy the standards for development of the Central Range Area of the Heartland Property as set forth in the Heartland Settlement Agreement.
- The County shall perform building code compliance, permitting and inspections for any development upon the Beelow Property, which will be documented in the Intergovernmental Agreement for Building and Zoning Code Enforcement Contract Services.
- The developer is required to execute School Impact agreements prior to execution of this Agreement.
- The developer is also required to develop the property in phases so that the residential development is balanced with the non-residential development.

## 7.2 **09-2115**

Joint resolution authorizing the execution of a Third Amendment to the Restated and Amended Agreement for Sewage Disposal with the Village of Grayslake.

- The Village is requesting sanitary sewer service for the Cornerstone Property (Alter), with certain limitations. The residential sewage flow is capped at 3,000 PE, to include a maximum of 801 residential units of any type, of which 78 may be apartments, 123 may be single family detached, and at least 142 shall be age-restricted units.
- Residential sewage flow may not exceed 750 PE (approx. 250 units) until at least 500,000 square feet of non-residential buildings have been built. Residential flow may not exceed 1,500 PE (approx. 500 units) until 1,000,000 square feet of non-residential building have been built and may not exceed 2,250 PE (approx. 750 units) until 1,500,000 non-residential square feet have been built.
- There are also additional requirements and limitations on single family and rental units.
- The developer is required to execute School Impact agreements prior to execution of this Third Amendment.
- The County is not obligated to issue any sewer permits until an Intergovernmental Transportation Agreement is executed.

## 7.3 **09-2114**

Joint resolution authorizing the execution of the Central Lake County Area Transportation Improvement Intergovernmental Agreement among the Villages of Grayslake, Libertyville and Mundelein, and Lake County, which addresses the developer portion of funding of various county long-term highway improvements in six sub-areas. This resolution also

amends the existing County/Grayslake Central Range Transportation Agreement to make the County the lead agency with \$4 million in funding from the Village for the intersection improvements at Peterson Road/Allegheny Road and Peterson Road/IL Rte 83.

- Central Lake County Area Transportation Improvement Intergovernmental Agreement
- The County and the Villages of Grayslake, Mundelein and Libertyville have evaluated the traffic demands from the anticipated future development of the Central Lake County Area.
- The normal access-related, developer-funded highway improvements in this Area, by themselves, will not create interconnected improvements for existing and long-range traffic needs.
- The Agreement creates a way to pay for the needed long-range interconnected improvements with public and developer funding (*approximately 50% each*) that would efficiently convey the anticipated traffic.
- Six sub-areas were established with calculated per acre developer costs (*with cost indexing*) to fund 50% of an associated list of specific roadway improvements.
- The Agreement establishes the criteria for a village or county (*unincorporated development*) collection of developer payment of highway fees.
- The County will be responsible to financially manage, by sub-area accounts, the funds collected.
- The LCDOT will be the lead on implementing the listed highway improvements, with 50% county share in response to various milestone events.
- The Villages of Round Lake, Round Lake Park and Hainesville are able to choose to join the intergovernmental agreement in the future.
- The 5/5/2005 Grayslake Central Range Transportation Agreement between Lake County and Grayslake is amended to have the Village of Grayslake provide \$4 million dollars to the County for the LCDOT to be the lead agency implementing intersection improvements at Peterson Rd/Allegheny Rd and Peterson Rd/IL Rte 83 instead of the Village being the lead agency.
