Approval of a grant agreement in the amount of \$176,576.94 for the Timber Lake Shoreline Stabilization Project, funded by the United States Environmental Protection Agency (USEPA) Nonpoint Source Implementation Program (section 319 of the Clean Water Act) through the Illinois Environmental Protection Agency (IL EPA).

- SMC has received an agreement from IL EPA for a grant (3192410) to implement the Timber Lake Shoreline Project in unincorporated Cuba Township.
- The amount of the grant agreement and award is \$176,576.94.
- Funding will support implementation of shoreline stabilization practices in and along Timber Lake and project administration costs by SMC.

- SMC will use the funding for project expenditures and administrative costs, which will be reimbursed by IL EPA. Required match will be provided by the local project partner, the Timber Lake Civic Association.

7.3 **26-0729**

Approval of contract with Vizonomy, Inc. Arlington, Virginia to continue Capital Management & Planning software development of the INFLOW Platform for the Lake County Stormwater Management Commission (SMC) in the amount of \$209,024 for FY2026.

- The SMC entered into an agreement with Vizonomy, Inc., a leading Design & Data Strategy firm for data science, web visualization and online mapping for the implementation of SMC's capital improvement program in April of 2022.
- INFLOW streamlines the application process for multiple grant programs administered by SMC; organizes, draft, current, ongoing, and past projects in a secure database; enables users to create projects and display the watershed geography and details for several hundred existing SMC projects.
- INFLOW provides effective project-based communication between applicants, project managers, and other authorized users, which has enabled staff to significantly expand SMC's watershed project management capabilities.
- Streamlining the Watershed Development Permit (WDP) and Watershed Management Board (WMB)/ Watershed Management Assistance Grant (WMAG) application process (fully integrated on INFLOW) will be more efficient for applicants and SMC staff.
- Pursuant to Chapter 33.066 Bid Exemption of the Lake County Purchasing Ordinance, the Purchasing Agent has made a determination based on previous bid exemptions (2024) on the basis of an existing long-standing successful relationship, and the knowledge gained through this relationship adds value integral to the services provided.
- The knowledge gained through this relationship will continue to provide cost-effective solutions to streamline SMC's countywide data framework, as described in the attached proposal.
