8. Executive Session

There was no executive session.

9. County Administrator's Report

Barry Burton, County Administrator, presented an update on the legislative sessions.

Legislative issues:

1) Foreclosure (House Bill 1293). Letters were sent to our Lake County's state representatives requesting them to vote NO on this bill. If enacted, H.B. 1293 would have resulted in homeowners being evicted faster, and deprived all stake holders of a fair and transparent process. The bill was defeated and the County is able to ensure this legal process remains fair and transparent.

2) Probation funding (House Bill 123). Letters were sent to our Lake County state

representatives urging them to support a proposed increase in funding for probation services from \$55,442,900 to \$81,395,700 as proposed in the Senate Bill 2450. The increase was not approved, but the amount to be funded was kept at \$55,442,900.

4) Gaming (Senate Bill 744). There was a bill passed for the approval of a Casino in Park City. There is no provision for Lake County to receive any allocation of funds from the bill. The County was not aware that this bill was going to be placed on the floor for consideration. We approached the sponsor and the delegation, but the bill was already developed.

3) Assessment Publication. Ryan Waller, Assistant County Administrator, explained that the Assessor's office pursued legislation that would allow a simple notice to be published that announced that assessments are published and could be accessed on the County website. What resulted was a reduced rate for publications that will equate to a savings of approximately \$100,000 during the quad year and between \$30,000 and \$60,000 in non-quad years with a four year moratorium on legislation.

10. Adjournment

A motion was made by Member Mountsier, seconded by Member Bass, to adjourn the meeting at 1:45 p.m. The motion was carried unanimously.

Aye: 6 - Member Bassi, Vice Chair Kyle, Member Mountsier, Member Lawlor, Chair Paxton and Member Taylor
