10.2 10-0579

Resolution on Zoning Case #3372 which consist of the petition of Manuel Martinez, record owners, which seeks rezoning from the General Office (GO) zone to the Light Industrial (LI) zone.

- Subject property is 6.37 acres, currently improved with a single-family dwelling and a landscape contractor, located on the southeast side of Barberry Lane, approximately ¼ mile southwest of Delany Road in Warren Township - District 7.
- The applicants desire to rezone the subject property from General Office (GO) to Limited Industrial (LI). The applicants wish to retain the single-family dwelling and the landscape contractor business.
- The property is shown as Industrial on the County's Comprehensive Plan; sewer and water are not available.

- The ZBA recommends approval 6-0; Planning, Building & Development Department recommends approval. See attached for further explanation.

Mr. Brad Denz presented the staff report on Zoning Board of Appeals Case 3372 a rezoning request from General Office (GO) to Light Industrial (LI) zone.

Mr. Brad Petersen, 35845 N. Barberrry Lane, Gurnee, Illinois 60031, neighbor to Mr. Martinez, expressed his concern for the rezoning and asked for clarification as to what type of business would be conducted on the site.

Ms. Linda Petersen, 35845 N. Barberrry Lane, Gurnee, Illinois 60031, neighbor to Mr. Martinez, also expressed her concern for the business alteration. She stated that she does not feel that the business practices on the site are appropriate.

Mr. John Helander, 666 Dundee Road, #1705, Northbrook, Illinois 60061, Attorney for the petitioner, explained the nature of Mr. Martinez's business.

Mr. Harry Krajcer, 3010 Warbler Place, Highland Park, Illinois 60035, engineering consultant for Mr. Martinez, provided some history on the need for the rezoning request.

Member Carlson stated that he was surprised to hear some of the complaints raised by the Petersens; he explained that he would have appreciated hearing from them sooner with regard to their problems. He went on to state that he trusts the opinions of the Members of the Zoning Board of Appeals, and he would therefore support the request. He stated that the rezoning would not have an impact on the possible violations on the property, and he urged the Petersens to work with Mr. Martinez to reach a resolution to their disagreements.

Vice-Chairman Lawlor also stated that he supports the request because the rezoning would not have an impact on the possible violations on the property; the rezoning would only allow for the business to continue to operate under the approved guidelines.

Member O'Rourke asked what would happen if the rezoning were to be denied.

Mr. Denz stated that if the motion is denied, the operations will have to cease because it is not operating under the correct zoning classification.

Motion to approve Zoning Board of Appeals Case 3372 to rezone from General Office (GO) to Light Industrial (LI) zone by Member Carlson, seconded by Vice-Chairman Lawlor. Motion passed.
