Approval of a grant agreement in the amount of \$180,000 for the Fox River Watershed-Based Plan in Lake County, funded by the US Environmental Protection Agency (USEPA) Water Quality Management Planning grants program (section 604(b) of the Clean Water Act) through the Illinois Environmental Protection Agency (IL EPA), pending final legal review.

- The Stormwater Management Commission (SMC) has received an agreement from IL EPA for a grant (6042406) to complete watershed-based planning in the Fox River watershed in Lake County.
- The amount of the grant agreement and award is \$180,000. Local match in the amount of \$36,000 will be provided by SMC through a combination of in-kind staff labor and budgeted costs for consultant assistance.
- Funding will support development of a watershed-based plan for the Fox River watershed in Lake County, including development of new programmatic and action recommendations for the Lower Fox River and Sequoit Creek subwatershed planning areas, which are not included in existing watershed-based plans.
- SMC will use the funding to pay for a project consultant to assist with development of the plan as well as a graphic design consultant to assist with layout of the plan report. Costs will be reimbursed by IL EPA.

Presentation and Discussion of Consultant Recommendations for Comprehensive Stormwater Management Plan Update.

- Commission staff and consultants have been working on recommendations and updates to the Comprehensive Stormwater Management Plan, which was last updated in 2002.
- The consultants, Baxter & Woodman and Gewalt Hamilton Associates, will present their findings and recommendations for the plan update.
- Staff and the consultant team request discussion and input from the Commission regarding the information presented.
