RE: Request for Brownfield Grant Extension, North Side of Pulaski Drive (14th Street), North Chicago

Dear Chairman Lawlor:

Please accept this letter as my request to extend our Brownfield Grant for a period of one year. In my most recent contact with the facility operator, Whole Earth Organics, LLC, they have indicated that the wet weather has delayed the start of construction. However, staking of the site will begin this week and work on the entrance from Pulaski Drive will start just after Memorial Day. They expect to be in full operation this fall.

I am available at any time to attend your committee meeting and provide an update to you and the other committee members. Just let me know the date, time and location. I can be reached at (847) 596-8671 or josnap@northchicago.org.

On behalf of the City of North Chicago, I would like to express our continued gratitude to your committee, the Lake County Board and staff for your Brownfield Grant Program. The funds you have provided have greatly assisted economic development in our city.

Sincerely,

Joseph P. Napolitano, AICP
Economic Development Director
