CHAIR'S REMARKS

Please find my Chairman's Report for the previous month. As always, I look forward to your feedback on any of my activities.

*** LEGISLATIVE**

- Meeting with Congressman Dold regarding HIPPA Legislative Proposal
Vice Chair Calabresa and I met with Congressman Dold to discuss our federal legislative proposal regarding amendments to HIPPA and our efforts to combat the heroin problem in Lake County. We also discussed expanding "doctor shopping" safeguards, text-a-tip, redefining the use of opioids in FDA rules and the federal transportation bill.*
- Meeting with State Representative McSweeney
I also had dinner with Representative David McSweeney to discuss the state budget impasse, the proposed property tax freeze and infrastructure needs in Lake County.*
- Award Presentation with Senator Kirk
Member Cunningham and I joined Waukegan Aldermen Sam Cunningham and Larry Tenpas, members of our Workforce Investment Board, and Workforce Staff to present Senator Mark Kirk with an award from the National Association of Workforce Board for his role in the reauthorization of the Workforce Innovation and Opportunity Act.*
- County Board Chairs Meeting
Cook and Collar County Board Chairs met at CMAP for our quarterly gathering.
We received an update on the Local Technical Assistance (LTA) Grant program.*

Currently there are six LTA grants in Lake County including projects in Fox Lake, the Round Lakes communities, North Chicago, Winthrop Harbor, Zion and the land use planning process for Route 53/120. There were five submittals from Lake County for the next round of LTA grants but unfortunately only Beach Park received approval.

We also discussed the ongoing debate in Congress regarding the federal transportation bill including comparing how current and proposed spending formulas impact Illinois as well as learning about several proposals for funding the plan. As a result of the meeting, the board chairs joined together to sign the attached letter.

We also authored a response to a recent Chicago Tribune article that criticized a lack of collaboration in the Chicago region. Our response to the article is attached and highlights some of the key programs that we developed through the "Growing Our Regional Economy Forums."

* NON-PROFIT

- Gorter Family Foundation "Look North" Luncheon

I had the privilege of addressing a group of non-profit funders and philanthropists convened by the Gorter Family Foundation to provide an overview of human services needs in Lake County. The "Look North" luncheon was the first of a series of programs that the Foundation will be putting on to highlight our multi-faceted human service needs and hopefully attract more philanthropy to Lake County.

* LAW AND JUDICIAL

- Kaleo Press Conference

I joined Congressman Dold, State's Attorney Nerheim, Sheriff Curran, several County Board Members, Health Department leaders and others at a press conference thanking Kaleo for their second donation of 3,000 naloxone kits which have been given to first responders throughout the county to provide the lifesaving antidote to those who are found overdosing on heroin. Because of Kaleo's generosity and the multi-jurisdictional cooperation rooted in the Lake County Opioid Initiative, we have saved 37 lives.

* TRANSPORTATION

- Route 53/120 Land Use Committee Meeting

The Route 53/120 Land Use Committee met to review the draft Land Use Strategy document. The report makes recommendations on land planning and environmental stewardship along the Route 53/120 Corridor. There are two public meetings scheduled for this week on October 14 at the Libertyville Civic Center and October 15 at Kemper Lakes Golf Club. Both meetings are scheduled from 4:30 to 7:30 p.m. and will provide members of the public with an opportunity to learn about the Land Use Committee's work product and provide feedback.

- Rollins Road and Route 83 Project Celebration

We were very excited to mark the completion of the Rollins Road and Route 83 project last week. As you know, this was the single largest project in the 101 year history of the Lake County Division of Transportation and wouldn't have happened with a myriad of partners including the State, Village of Round Lake Beach, Round Lake Park District and others.

* OTHER MEETINGS

- Lake Forest/Lake Bluff Rotary Club with Members Hart and Rummel

FINANCIAL AND ADMINISTRATIVE COMMITTEE**50 10-0995**

Lake County Partners Report.

At the recent Municipal Economic Development Advisory Group meeting hosted by Lake County Partners at the Loyola University Cuneo Mansion, municipal leaders received insight into the organization's Business Outreach Program. Representatives from Lake County Partners, the Lake County Workforce Development Department and the College of Lake County discussed how they work together to cultivate the local Workforce Development Ecosystem. Key themes included:

- An educated workforce and a pipeline of available talent are at the core of what drives the local economy, and these have long been the strengths of Lake County.*
- Ensuring that businesses can find a talented workforce is critical to the economic health of the entire region.*
- Workforce experts, educators, funders and connectors work together to ensure that businesses can find the employees that they need and residents can access career paths that they seek.*

Meeting attendees also learned:

- 1. The Lake County Workforce Development Department trains and places many of the over 17,000 individuals that they serve each year. The department distributes over \$2 million in grant funds to train the unemployed or under-employed and then seeks to place them as full-time employees at local companies. In many cases, job placement is further supported by on-the-job-training grants and other funds available to aid companies who hire these workers.*
- 2. The College of Lake County uses feedback from the 500+ professionals on their 37 career advisory committees to ensure that curriculums align with local business training needs. A \$150 million master plan is currently underway, and planned improvements will benefit all three of CLC's campuses, particularly in the STEM fields. CLC has worked closely with local manufacturers such as Smalley Steel Ring in Lake Zurich to hone their manufacturing curriculum and develop internships and apprenticeships in critical areas like Laser Photonics, Automation, Robotics and Mechatronics.*

As the Business Outreach Program moves forward, Lake County Partners is continuing to strengthen its partnerships with these important agencies and other organizations such as high schools, for-profit training institutes and social service organizations.
