MYTHICS ORDERING DOCUMENT - LAKE COUNTY 2019

A. DEFINITIONS

This document is the Mythics Ordering Document or Ordering Document referred to hereunder. For purposes of this Ordering Document, "You" or "Your" refers to Lake County.

B. TERMS AND FEES FOR THE CLOUD SERVICES

You have ordered the cloud services described in Quote CL- LC PaaS SaaS 072318 V14. All fees on this Ordering Document are in US Dollars.

All products and services listed on this Mythics Ordering Document are provided by Mythics under, and subject to, the terms of this Mythics Ordering Document, including the agreement and all documents referenced in this Mythics Ordering Document. You indicate Your agreement to the terms of this Mythics Ordering Document by signing this Mythics Ordering Document. For cloud services, You may not reduce the quantity of services purchased hereunder (e.g., user or record counts, storage, etc.), in whole or in part, during the Services Period set forth in Section B.9 below. In the event of inconsistencies between the terms contained in this Ordering Document and any other Oracle or Mythics document, this Ordering Document shall take precedence. This Ordering Document will control over the terms contained in any purchase order.

1. Fees:

The cloud services payment frequency applies to all cloud services fees and taxes. All fees payable to Mythics are due within 30 days from the invoice date. For line items 2 through 9: Once placed, Your order is non-cancelable and the sums paid nonrefundable, except as otherwise provided herein or in the agreement. Unless, specifically stated otherwise, fees for cloud services listed in an order are exclusive of taxes and expenses. You agree not to disclose the terms of this Ordering Document to any third party.

Cloud Services Payment Frequency: Your payment frequency is quarterly in arrears as described in the service specifications. The service specifications applicable to the cloud services and the consulting/professional services ordered may be accessed at http://www.oracle.com/contracts.

2. Service Specifications:

Service Specifications applicable to the cloud services ordered may be accessed at www.oracle.com/contracts. Service Specifications applicable to the Managed Cloud Services ordered are set forth in Section C of this Mythics Ordering Document.

3. Renewal of Cloud Services:

If all cloud services ordered under this Mythics Ordering Document are identified as auto renew eligible in the applicable service specifications, and if You have not opted out of auto renewal as indicated in the service specifications, then at the end of the services period the cloud services will auto renew for additional services period subject to your payment of fees and to the terms of this Mythics Ordering Document and the agreement. Otherwise, all cloud services ordered under this Mythics Ordering Document will not auto renew (regardless of whether some cloud services are identified as auto renewal eligible), but may be renewed for one additional services period of equal duration to the services period under this Mythics Ordering Document subject to Your placement of a renewal order and payment of fees for such cloud services. For cloud services that are identified as auto renewal eligible (and regardless of whether they actually renew through auto renewal), the Unit Net Price for the renewal will be the Unit Net Price for such cloud Service set forth in this Mythics Ordering Document. The cloud Services may not be renewed as described in this paragraph if: (i) Oracle is no longer making such services generally available to commercial customers, or (ii) You are seeking to cancel or reduce the ordered quantity of the services set forth in this Mythics Ordering Document.

4. Price Hold for Cloud Services:

During the services period, You may order additional quantities of the cloud services acquired under this Mythics Ordering Document at the Unit Net Price specified in Quote CL- LC PaaS SaaS 072318 V14. This price hold does not apply to Eloqua Marketing Platform Cloud Service, Managed Cloud Services, any renewals or extensions of the cloud services ordered under this Mythics Ordering Document, to cloud services ordered pursuant to a separate Mythics or Oracle discount or promotion, or to any cloud services other than those listed in the initial purchase under this Mythics Ordering Document.

5. Offer Validity: This order is valid through 31-May-2020 and shall become binding upon execution by You and acceptance by Mythics.

6. Data Center Region: North America

Your services environment (as defined in the end user cloud services agreement) will reside in the North America data center region.

7. Service Period for Cloud Services:

The services period for the cloud services commences on the day the end user login names and password are issued to the end user to access the cloud services under the ordering document (the "Cloud Services Start Date").

8. Additional End User Terms:

For avoidance of doubt, the Additional End User Terms portion of this contract shall be subject to the terms and conditions contained in this Mythics Ordering Document, including the attachments, appendices and applicable End User Agreement from the Mythics NIPA Contract Number R190801 (together, the "Additional End User Terms").

Oracle is an irrevocable third party beneficiary of this order, but does not assume any obligations thereunder. By executing this Ordering Document, You agree Oracle will have no liability to You arising out of or relating to Your non-compliance with the End User Terms. Should You fail to be in compliance with the End User Terms, or because of any other circumstance outside of Oracle's control, then You agree Mythics and Oracle may suspend or terminate the services. In the event of termination, Your right to receive cloud services under this Ordering Document is automatically forfeited.

Cloud Services Ordered. You are ordering the cloud services specified in this order ("Cloud Services") solely on Your behalf and You may access and use such Cloud Services for Your internal business operations. You may also allow agents and contractors to use and access the Cloud Services for Your internal business operations in accordance with the agreement and this Mythics Ordering Document. When You cease to use such Cloud Services, You will promptly give written notice to Mythics specifying the date on which such use ceases (the "Use Termination Date"). Upon Use Termination Date, this Mythics Ordering Document and all rights to use and access the Cloud Services shall automatically terminate effective as of the Use Termination Date.

You may access and use the Cloud Services specified in this order subject to the agreement, which contains the applicable Oracle terms for confidentiality, hosting and delivery, and use rights and restrictions regarding the Cloud Services. Mythics may audit Your compliance with ordered quantity and will not incur any legal fees or other third party service provider fees to audit and/or enforce Oracle's rights without prior written consent. You do not obtain any rights under the agreement between Mythics and Oracle or Mythics order that was placed with Oracle through an Oracle authorized partner. Oracle will have no liability to You arising out of or relating to the Services.

By signing below, we each agree that the agreement and this Ordering Document constitute the entire agreement between You and Mythics with regard to the subject matter herein and as such, no other preprinted, non-negotiated or other terms and conditions on any document provided by You or Mythics (e.g., on a purchase order or elsewhere) shall apply.
