Additional Terms and Conditions

Part A: Amendments to Products Agreement

The following additional terms and conditions apply in respect of the Agreement:

1. For the purposes of this Schedule:
 - (a) **“Content”** means any content made available to the Licensee in connection with the License and the Website; and
 - (b) **“Annualized Estimated Usage”** means the permitted use of data specified in the New Subscription Quote (or Renewal Quote and Amendment Quote) by the Licensee for the relevant period.
2. Section 1.3 of the Agreement (Renewal) is deleted in its entirety, and replaced with the following:

“1.3 Initial Term and Renewal. This Agreement shall be effective for an initial period of 12 months from the Commencement Date, and upon the expiration of the initial period, this Agreement shall be renewed automatically for four successive renewal terms of twelve (12) months each (each a **“Renewal Term”**) at the Fees set out in the Quote, unless this Agreement is:

 - (a) terminated earlier in accordance with section 6; or
 - (b) terminated by the Licensee by providing at least 30 days’ written notice to Nearmap of its intention not to renew this Agreement prior to the expiry of the initial Term or the then current Renewal Term in the event that funds for the continued fulfillment of the Agreement by Licensee are insufficient or not forthcoming through failure of the government to appropriate funds for the next fiscal period.”
3. Section 1.6 of the Agreement (Periodic Data Allowance) does not apply to this License.
4. Definitions of “Periodic Data Allowance” and “Excess Data Rate” in the Products Agreement do not apply to this License.
5. Nearmap measures data usage by the Licensee under this License as follows:
 - (a) the data allowance used by the Licensee will be calculated at the end of the Term (or Renewal Term), based on the total data usage of all users who access and use the Licensee’s Nearmap account during the Term (or Renewal Term) (“Annual Actual Usage”); and
 - (b) if the Licensee elects to download Products available to the Licensee on the Website or accesses the Product through other delivery methods made available by Nearmap from time to time, this will be applied to the Annual Actual Usage. The Licensee may have the option to elect to download high resolution images. Downloading these images will lead to a higher Annual Actual Usage than downloading a lower resolution image.
6. If the Agreement is renewed by mutual agreement between the parties, the parties will in good faith discuss the appropriate Annualized Estimated Usage of the Renewal Term based on the Licensee’s usage pattern and/or the Annual Actual Usage during the current Term.

7. The Licensee agrees that the right to use the Product is only to be used, solely by the Licensee and at all times excludes making the Product available in any medium or manner (including but not limited to sharing or using the License (as defined in the Products Agreement)) with:
 - (a) any lower tier government, including but not limited to cities and township;
 - (b) any neighboring local governments, including but not limited to county, parish, city, or town governments; and/or
 - (c) any higher tier government, including but not limited to county, parish, state or provincial agency.

8. The Licensee is not permitted to:
 - (a) use its access to the Website or the Products under this Agreement for the purposes of creating a database of images for resale, distribution, sub-license or other commercial purposes (unless expressly permitted under the Agreement) and mass downloads or bulk feeds of any imagery;
 - (b) pre-fetch, retrieve, cache, index, or store any Content, or portion of the Products with the exception being that the Licensee may store limited amounts of Content solely to improve the performance of the access to the Products due to network latency, and only if the Licensee does so temporarily, securely, and in a manner that does not permit use of the Content outside of the License, does not manipulate or aggregate any Content or portion of the Products and does not prevent Nearmap from accurately tracking usage and does not modify attribution in any way; and
 - (c) review, analyze and process the Products through use of machine learning tools, this includes creation of any new products by the Licensee.

9. Section 3.5 of the Agreement (Audit) does not apply to this License.

10. Section 3.6 of the Agreement (Audit Findings) does not apply to this License.

11. The parties agree that the Fees payable by the Licensee for the Products are as follows:
