(ii) If records do not meet the standards in 2 CFR 200.430, then Grantor may notify Grantee in **PART TWO, PART THREE** or **Exhibit E** of the requirement to submit personnel activity reports. 2 CFR 200.430(i)(8). Personnel activity reports must account on an after-the-fact basis for one hundred percent (100%) of the employee's actual time, separately indicating the time spent on the Award, other grants or projects, vacation or sick leave, and administrative time, if applicable. The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records must be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

(iii) Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are chargeable to the agreement, and the signatures of both the contractor and an appropriate official of Grantee.

(iv) If third party in-kind (non-cash) contributions are used for Award purposes, the valuation of these contributions must be supported with adequate documentation.

(c) **Internal Control.** Grantee must maintain effective control and accountability for all cash, real and personal property, and other assets. Grantee must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. Grantee must also have systems in place that provide reasonable assurance that the information is accurate, allowable, and compliant with the terms and conditions of this Agreement. 2 CFR 200.303.

(d) **Budget Control.** Grantee must maintain records of expenditures for each Award by the cost categories of the approved Budget (including Indirect Costs that are charged to the Award), and actual expenditures are to be compared with budgeted amounts at least quarterly.

(e) **Cash Management.** Requests for advance payment must be limited to Grantee's immediate cash needs. Grantee must have written procedures to minimize the time elapsing between the receipt and the disbursement of Grant Funds to avoid having excess funds on hand. 2 CFR 200.305.

7.6. **Profits.** It is not permitted for any person or entity to earn a Profit from an Award. *See, e.g.,* 2 CFR 200.400(g); *see also* 30 ILCS 708/60(a)(7).

ARTICLE VIII LOBBYING

8.1. **Improper Influence.** Grantee certifies that it will not use and has not used Grant Funds to influence or attempt to influence an officer or employee of any government agency or a member or employee of the State or federal legislature in connection with the awarding of any agreement, the making of any grant, the making of any loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment or modification of any agreement, grant, loan or cooperative agreement. Additionally, Grantee certifies that it has filed the required certification under the Byrd Anti-Lobbying Amendment (31 USC 1352), if applicable.

8.2. **Federal Form LLL.** If any federal funds, other than federally-appropriated funds, were paid or will be paid to any person for influencing or attempting to influence any of the above persons in connection with this Agreement, the undersigned must also complete and submit Federal Form LLL, Disclosure of Lobbying Activities Form, in accordance with its instructions.

8.3. **Lobbying Costs.** Grantee certifies that it is in compliance with the restrictions on lobbying set forth in 2 CFR 200.450. For any Indirect Costs associated with this Agreement, total lobbying costs must be separately identified in the Program Budget, and thereafter treated as other Unallowable Costs.

8.4. **Procurement Lobbying.** Grantee warrants and certifies that it and, to the best of its knowledge, its

subrecipients have complied and will comply with Illinois Executive Order No. 1 (2007) (EO 1-2007). EO 1-2007 generally prohibits grantees and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities of the State, or any other unit of government in Illinois including local governments, if that procurement may result in a contract valued at over \$25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.

8.5. Subawards. Grantee must include the language of this ARTICLE in the award documents for any subawards made pursuant to this Award at all tiers. All subrecipients are also subject to certification and disclosure. Pursuant to Appendix II(I) to 2 CFR Part 200, Grantee must forward all disclosures by contractors regarding this certification to Grantor.

8.6. Certification. This certification is a material representation of fact upon which reliance was placed to enter into this transaction and is a prerequisite for this transaction, pursuant to 31 USC 1352. Any person who fails to file the required certifications will be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

ARTICLE IX MAINTENANCE AND ACCESSIBILITY OF RECORDS; MONITORING

9.1. Records Retention. Grantee must maintain for three (3) years from the date of submission of the final expenditure report, adequate books, all financial records and, supporting documents, statistical records, and all other records pertinent to this Award, adequate to comply with 2 CFR 200.334, unless a different retention period is specified in 2 CFR 200.334, 44 Ill. Admin. Code 7000.430(a) and (b) or PART TWO or PART THREE. If any litigation, claim or audit is started before the expiration of the retention period, the records must be retained until all litigation, claims or audit exceptions involving the records have been resolved and final action taken.

9.2. Accessibility of Records. Grantee, in compliance with 2 CFR 200.337 and 44 Ill. Admin. Code 7000.430(f), must make books, records, related papers, supporting documentation and personnel relevant to this Agreement available to authorized Grantor representatives, the Illinois Auditor General, Illinois Attorney General, any Executive Inspector General, Grantor's Inspector General, federal authorities, any person identified in 2 CFR 200.337, and any other person as may be authorized by Grantor (including auditors), by the State of Illinois or by federal statute. Grantee must cooperate fully in any such audit or inquiry.

9.3. Failure to Maintain Books and Records. Failure to maintain books, records and supporting documentation, as described in this ARTICLE, establishes a presumption in favor of the State for the recovery of any Grant Funds paid by the State under this Agreement for which adequate books, records and supporting documentation are not available to support disbursement.

9.4. Monitoring and Access to Information. Grantee must monitor its activities to assure compliance with applicable state and federal requirements and to assure its performance expectations are being achieved. Grantor will monitor the activities of Grantee to assure compliance with all requirements and performance expectations of the Award. Grantee must timely submit all financial and performance reports, and must supply, upon Grantor's request, documents and information relevant to the Award. Grantor may make site visits as warranted by Program needs. 2 CFR 200.329; 200.332. Additional monitoring requirements may be in PART TWO or PART THREE.

Grantee must submit quarterly reports with Grantor describing the expenditure(s) of the funds related thereto, unless more frequent reporting is required by the Grantee due to the funding source or pursuant to specific award conditions. 2 CFR 200.208. Any report required by 30 ILCS 708/125 may be detailed in PART TWO or PART THREE.

10.2. Financial Close-out Report.

(a) Grantee must submit a financial Close-out Report, in the format required by Grantor, by the due date specified in **PART TWO** or **PART THREE**, which must be no later than sixty (60) calendar days following the end of the Period of Performance for this Agreement or Agreement termination. The format of this financial Close-out Report must follow a format prescribed by Grantor. 2 CFR 200.344; 44 Ill. Admin. Code 7000.440(b).

(b) If an audit or review of Grantee occurs and results in adjustments after Grantee submits a Close-out Report, Grantee must submit a new financial Close-out Report based on audit adjustments, and immediately submit a refund to Grantor, if applicable. 2 CFR 200.345; 44 Ill. Admin. Code 7000.450.

10.3. **Effect of Failure to Comply.** Failure to comply with the reporting requirements in this Agreement may cause a delay or suspension of funding or require the return of improper payments or Unallowable Costs, and will be considered a material breach of this Agreement. Grantee's failure to comply with ARTICLE X, ARTICLE XI, or ARTICLE XVII will be considered prima facie evidence of a breach and may be admitted as such, without further proof, into evidence in an administrative proceeding before Grantor, or in any other legal proceeding. Grantee should refer to the State Grantee Compliance Enforcement System for policy and consequences for failure to comply. 44 Ill. Admin. Code 7000.80.

ARTICLE XI PERFORMANCE REPORTING REQUIREMENTS

11.1. **Required Periodic Performance Reports.** Grantee must submit performance reports as requested and in the format required by Grantor no later than the due date(s) specified in **PART TWO** or **PART THREE**. 44 Ill. Admin. Code 7000.410. For certain construction-related Awards, such reports may be exempted as identified in **PART TWO** or **PART THREE**. 2 CFR 200.329.

11.2. **Performance Close-out Report.** Grantee must submit a performance Close-out Report, in the format required by Grantor by the due date specified in **PART TWO** or **PART THREE**, which must be no later than 60 calendar days following the end of the Period of Performance or Agreement termination. 2 CFR 200.344; 44 Ill. Admin. Code 7000.440(b).

11.3. **Content of Performance Reports.** Pursuant to 2 CFR 200.329(b) and (c), all performance reports must relate the financial data and accomplishments to the performance goals and objectives of this Award and also include the following: a comparison of actual accomplishments to the objectives of the Award established for the period; where the accomplishments can be quantified, a computation of the cost and demonstration of cost effective practices (e.g., through unit cost data); performance trend data and analysis if required; and reasons why established goals were not met, if appropriate. Additional content and format guidelines for the performance reports will be determined by Grantor contingent on the Award's statutory, regulatory and administrative requirements, and are included in **PART TWO** or **PART THREE** of this Agreement.

ARTICLE XII AUDIT REQUIREMENTS

12.1. **Audits.** Grantee is subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 USC 7501-7507), Subpart F of 2 CFR Part 200, and the audit rules and policies set forth by the Governor's Office of Management and Budget. 30 ILCS 708/65(c); 44 Ill. Admin. Code 7000.90.

12.2. **Consolidated Year-End Financial Reports (CYEFR).** All grantees must complete and submit a CYEFR through the Grantee Portal, except those exempted by federal or State statute or regulation, as set forth in **PART TWO** or **PART THREE**. The CYEFR is a required schedule in Grantee's audit report if Grantee is required to complete and submit an audit report as set forth herein.

(a) Grantee's CYEFR must cover the same period as the audited financial statements, if required, and must be submitted in accordance with the audit schedule at 44 Ill. Admin. Code 7000.90. If Grantee is not required to complete audited financial statements, the CYEFR must cover Grantee's fiscal year and must be submitted within 6 months of the Grantee's fiscal year-end.

(b) The CYEFR must include an in relation to opinion from the auditor of the financial statements included in the audit.

(c) The CYEFR must follow a format prescribed by Grantor.

12.3. Entities That Are Not "For-Profit".

The due date of all required submissions set forth in this Paragraph is the earlier of (i) thirty (30) calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of Grantee's audit period.

(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than \$750,000 in federal Awards, Grantee is subject to the following audit requirements:

(i) If, during its fiscal year, Grantee expends \$500,000 or more in State-issued Awards, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS). Grantee may be subject to additional requirements in PART TWO, PART THREE or Exhibit E based on Grantee's risk profile.

(ii) If, during its fiscal year, Grantee expends less than \$500,000 in State-issued Awards, but expends \$300,000 or more in State-issued Awards, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Auditing Standards (GAAS).

(iii) If Grantee is a Local Education Agency (as defined in 34 CFR 77.1), Grantee must have a financial statement audit conducted in accordance with GAGAS, as required by 23 Ill. Admin. Code 100.110, regardless of the dollar amount of expenditures of State-issued Awards.

(v) Grantee must submit its financial statement audit report packet, as set forth in 44 Ill. Admin. Code 7000.90(h)(2) and the current GATA audit manual, to the Grantee Portal within the earlier of (i) thirty (30) calendar days after receipt of the auditor's report(s) or (ii) six (6) months after the end of Grantee's audit period.

12.4. "For-Profit" Entities.

(a) This Paragraph applies to Grantees that are "for-profit" entities.

(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than \$750,000 in federal pass-through funds from State-issued Awards, Grantee must follow all of the audit requirements in Paragraphs 12.3(c)(i)-(v), above.

(d) Publicly-Traded Entities. If Grantee is a publicly-traded company, Grantee is not subject to the single audit or program-specific audit requirements, but must submit its annual audit conducted in accordance with its regulatory requirements.

12.5. Performance of Audits. For those organizations required to submit an independent audit report, the audit must be conducted by the Illinois Auditor General (as required for certain governmental entities only), or a Certified Public Accountant or Certified Public Accounting Firm licensed in the State of Illinois or in accordance with Section 5.2 of the Illinois Public Accounting Act (225 ILCS 450/5.2). For all audits required to be performed subject to GAGAS or Generally Accepted Auditing Standards, Grantee must request and maintain on file a copy of the auditor's most recent peer review report and acceptance letter. Grantee must follow procedures prescribed by Grantor for the preparation and submission of audit reports and any related documents.

12.6. Delinquent Reports. When audit reports or financial statements required under this ARTICLE are prepared by the Illinois Auditor General, if they are not available by the above-specified due date, they must be provided to Grantor within thirty (30) days of becoming available. Grantee should refer to the State Grantee Compliance Enforcement System for the policy and consequences for late reporting. 44 Ill. Admin. Code 7000.80.

ARTICLE XIII

TERMINATION; SUSPENSION; NON-COMPLIANCE

13.1. Termination.

(a) Either Party may terminate this Agreement, in whole or in part, upon thirty (30) calendar days' prior written notice to the other Party.

(b) If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.340(a)(4).

(c) This Agreement may be terminated, in whole or in part, by Grantor:

- (i) Pursuant to a funding failure under Paragraph 4.1;
- (ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Award; or

(iii) If the Award no longer effectuates the Program goals or agency priorities as set forth in Exhibit A, PART TWO or PART THREE.

13.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional Obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

13.3. Non-compliance. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.339. The Parties must follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 44 Ill. Admin. Code 7000.80 and 7000.260.

13.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to object and challenge such

suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 2 CFR 200.342; 44 Ill. Admin. Code 7000.80 and 7000.260.

13.5. Effects of Suspension and Termination.

(a) Grantor may credit Grantee for allowable expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Except as set forth in subparagraph (c), below, Grantee must not incur any costs or Obligations that require the use of Grant Funds after the effective date of a suspension or termination, and must cancel as many outstanding Obligations as possible.

(c) Costs to Grantee resulting from Obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless Grantor expressly authorizes them in the notice of suspension or termination or subsequently. However, Grantor may allow costs during a suspension or after termination if:

(i) The costs result from Obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated prematurely. 2 CFR 200.343.

13.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties must comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

**ARTICLE XIV
SUBCONTRACTS/SUBAWARDS**

14.1. Subcontracting/Subrecipients/Delegation. Grantee must not subcontract nor issue a subaward for any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or subrecipient has been identified in the uniform grant application, such as, without limitation, a Project description, and Grantor has approved. Grantee must notify any potential subrecipient that the subrecipient must obtain and provide to the Grantee a Unique Entity Identifier prior to receiving a subaward. 2 CFR 25.300.

14.2. Application of Terms. If Grantee enters into a subaward agreement with a subrecipient, Grantee must notify the subrecipient of the applicable laws and regulations and terms and conditions of this Award by attaching this Agreement to the subaward agreement. The terms of this Agreement apply to all subawards authorized in accordance with Paragraph 14.1. 2 CFR 200.101(b)(2).

14.3. Liability as Guaranty. Grantee will be liable as guarantor for any Grant Funds it obligates to a subrecipient or subcontractor pursuant to this ARTICLE in the event Grantor determines the funds were either misspent or are being improperly held and the subrecipient or subcontractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. Admin. Code 7000.450(a).

**ARTICLE XV
NOTICE OF CHANGE**

15.1. Notice of Change. Grantee must notify Grantor if there is a change in Grantee's legal status, FEIN, UEI, SAM registration status, Related Parties, senior management (for non-governmental grantees only) or address. If the change is anticipated, Grantee must give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee must give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

15.2. Failure to Provide Notification. To the extent permitted by Illinois law (see Paragraph 21.2), Grantee must hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor as required by Paragraph 15.1.

15.3. Notice of Impact. Grantee must notify Grantor in writing of any event, including, by not limited to, becoming a party to litigation, an investigation, or transaction that may have a material impact on Grantee's ability to perform under this Agreement. Grantee must provide notice to Grantor as soon as possible, but no later than five (5) days after Grantee becomes aware that the event may have a material impact.

15.4. Effect of Failure to Provide Notice. Failure to provide the notice described in this ARTICLE is grounds for termination of this Agreement and any costs incurred after the date notice should have been given may be disallowed.

ARTICLE XVI STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee must give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and must provide all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. Grantor reserves the right to terminate the Agreement based on whether the newly organized entity is able to carry out the requirements of the Award. This ARTICLE does not require Grantee to report on minor changes in the makeup of its board membership or governance structure, as applicable. Nevertheless, PART TWO or PART THREE may impose further restrictions. Failure to comply with this ARTICLE constitutes a material breach of this Agreement.

ARTICLE XVII CONFLICT OF INTEREST

17.1. Required Disclosures. Grantee must immediately disclose in writing any potential or actual Conflict of Interest to Grantor. 2 CFR 200.113; 30 ILCS 708/35.

17.2. Prohibited Payments. Payments made by Grantor under this Agreement must not be used by Grantee to compensate, directly or indirectly, any person currently holding an elective office in this State including, but not limited to, a seat in the General Assembly. In addition, where Grantee is not an instrumentality of the State of Illinois, as described in this Paragraph, Grantee must request permission from Grantor to compensate, directly or indirectly, any person employed by an office or agency of the State of Illinois. An instrumentality of the State of Illinois includes, without limitation, State departments, agencies, boards, and State universities. An instrumentality of the State of Illinois does not include, without limitation, units of Local Government and related entities.

17.3. Request for Exemption. Grantee may request written approval from Grantor for an exemption from Paragraph 17.2. Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may grant an such exemption subject to additional terms and conditions as Grantor may require.

ARTICLE XVIII EQUIPMENT OR PROPERTY

18.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Grantor must notify Grantee in writing that the purchase of equipment is disallowed.

18.2. Prohibition against Disposition/Encumbrance. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds must not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Award Term without Prior Approval of Grantor unless a longer period is required in PART TWO or PART THREE and permitted by 2 CFR Part 200 Subpart D. Use or disposition of real property acquired or improved using Grant Funds must comply with the requirements of 2 CFR 200.311. Real property, equipment, and intangible property that are acquired or improved in whole or in part using Grant Funds are subject to the provisions of 2 CFR 200.316. Grantor may require

the Grantee to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with this Award and that use and disposition conditions apply to the property.

18.3. Equipment and Procurement. Grantee must comply with the uniform standards set forth in 2 CFR 200.310–200.316 governing the management and disposition of property, the cost of which was supported by Grant Funds. Any waiver from such compliance must be granted by either the President’s Office of Management and Budget, the Governor’s Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317–200.326 to establish procedures to use Grant Funds for the procurement of supplies and other expendable property, equipment, real property and other services.

18.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, is no longer needed for their original purpose. Notwithstanding anything to the contrary contained in this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. Grantee must properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer’s guidelines, federal and state laws or rules, and Grantor requirements stated herein.

18.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, Grantee must, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this Paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XIX PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

19.1. Promotional and Written Materials. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grant Funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee must obtain Prior Approval for the use of those funds (2 CFR 200.467) and must include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase “Funding provided in whole or in part by the [Grantor].” 2 CFR 200.467. Exceptions to this requirement must be requested, in writing, from Grantor and will be considered authorized only upon written notice thereof to Grantee.

19.2. Prior Notification/Release of Information. Grantee must notify Grantor ten (10) days prior to issuing public announcements or press releases concerning work performed pursuant to this Agreement, or funded in whole or in part by this Agreement, and must cooperate with Grantor in joint or coordinated releases of information.

ARTICLE XX INSURANCE

20.1. Maintenance of Insurance. Grantee must maintain in full force and effect during the Term of this Agreement casualty and bodily injury insurance, as well as insurance sufficient to cover the replacement cost of any and all real or personal property, or both, purchased or, otherwise acquired, or improved in whole or in part, with funds disbursed pursuant to this Agreement. 2 CFR 200.310. Additional insurance requirements may be detailed in PART TWO or PART THREE.

20.2. Claims. If a claim is submitted for real or personal property, or both, purchased in whole with funds from this Agreement and such claim results in the recovery of money, such money recovered must be surrendered to Grantor.

ARTICLE XXI LAWSUITS AND INDEMNIFICATION

21.1. Independent Contractor. Neither Grantee nor any employee or agent of Grantee acquires any employment rights with Grantor by virtue of this Agreement. Grantee must provide the agreed services and achieve the specified results free

from the direction or control of Grantor as to the means and methods of performance. Grantee must provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement is strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

21.2. Indemnification and Liability.

(a) **Non-governmental entities.** This subparagraph applies only if Grantee is a non-governmental entity. EXHIBIT A**SUMMARY OF THE PROGRAM****Lake County Adult Redeploy Illinois Implementation Grant**

Adult Redeploy Illinois (ARI) has been awarding grant funding to the Lake County Circuit Court since 2013. ARI funding is used to provide a continuum of care including residential substance abuse treatment, recovery home placement, recovery coaching services, peer support specialists, sober living initiatives and transportation assistance to our eligible Problem-Solving Courts and high-risk clients. The goal is to reduce the number of revocations and potential commitments to the Illinois Department of Corrections. Lake County, Illinois has utilized ARI grant funds for over nine years and are applying this SFY24 grant to maintain services for individuals with chronic substance use disorders who are at high risk of recidivation and have high criminogenic needs. The grant money provides evidence-based programming for eligible participants. Lake County contracts with local agencies who offer treatment services. In addition, since 2022, Adult Redeploy Illinois has approved funding to provide reliable transportation for Redeploy clients. This is mostly used for clients who are transitioning from incarceration or residential placement into recovery homes and sober living environments. Lake County plans on utilizing ARI grant funding in SFY24 to continue to provide all the above services to eligible ARI program participants.

Lake County's 25% reduction goal for funding through Adult Redeploy Illinois (ARI) for the grant period from July 1, 2023, to June 30, 2024 is 36. The reduction goal is based on a target population of drug-involved, high-risk clients from the ARI-eligible pool of those sent to the Illinois Department of Corrections. The three-year average of ARI-eligible persons (2020-2022 ICJIA data) of 390, with non-violent sex offenses removed (as that population is not eligible for the Lake County ARI Program), is 351. Using the same FY20-FY22 data, 50% of the 351 ARI-eligible are drug-involved (176) and 80% of those are high risk (141). This results in an initial target population of 141 and a baseline reduction goal of 36.

Description of ARI program model and evidence-based target intervention(s): The Lake County ARI Program model is firmly based on the Eight Principles of Evidence Based Practices for Risk/Recidivism Reduction. This integrated model incorporates evidence-based interventions and strategies that provide outcome measures intended to show a reduction in recidivism. When the new Adult Risk Assessment (ARA) tool was implemented state-wide in April 2019, Lake County formally adopted the Risk-Need-Responsivity model. The actuarial assessments are used to case plan major risk factors, target dynamic criminogenic needs and address both specific responsivity (non- criminogenic needs, individual barriers to success) and general responsivity (utilization of cognitive intervention strategies aimed to reduce recidivism for high-risk clients). Our Drug Court Program strictly adheres to the Ten Key Components of Drug Courts. The ARI funding received has been essential in enhancing our Drug Court target components #1 (access to alcohol and drug treatment), #4 (access to a continuum of services) and #10 (forging partnerships) that were identified in our initial 2013 application.

The Adult Redeploy Illinois Grant has allowed Lake County to expand and maintain evidence-based programming, while ensuring equal access to justice, by providing continuum of care interventions through recovery coaching, residential substance abuse treatment, recovery home beds, sober living placements, cognitive behavioral therapy (Moral Reconation Therapy), peer support specialists and training opportunities. In addition, Lake County Adult Probation continues to utilize internal evidence-based practices such as Motivational Interviewing, EPICS, Thinking for a Change groups, trauma informed techniques and mentoring programs. Lake County Psychological Services provides clients with psychological assessments, offers individual therapy and facilitates Seeking Safety, Anger Management and Parenting groups.

List of key partners and community stakeholders: The key partners and stakeholders include the 19th Judicial Circuit Court, the 19th Judicial Division of Adult Probation, the 19th Judicial Division of Psychological Services, the 19th Judicial Division of Administrative Services, the Lake County State's Attorney's Office, the Lake County Public

Defender's Office, the Lake County Health Department, the Lake County Jail, Haymarket Center, Gateway Foundation, Nicasa, the Kalimba Foundation, the Northern Illinois Recovery Community Organization (NIRCO), Veteran's Administration Services and various other community treatment providers. All are dedicated to the supervision and treatment of participants of our Specialty Courts and ARI Program. Proposed total budget for program implementation and estimated cost per person served (total budget divided by service goal): The total proposed total budget is \$318,020.01. The total cost per person served would be \$4,747.00.

STATEMENT OF THE PROBLEM-CURRENT SITUATION

Available Interventions

Lake County Adult Probation is a large and specialized division. We operate three Problem-Solving Courts (Drug Court, Mental Health Court, Veterans Assistance Treatment Court) to provide more intensive and collaborative treatment for moderate to high-risk individuals with high needs to address substance use/co-occurring disorders, serious mental illness and justice involved veterans. We utilize a Supervised Treatment Opioid Program and a DUI Diversion Program for increased client monitoring, higher dosages of treatment interventions and frequent judicial interactions for qualifying individuals with a history of opioid issues and DUI convictions. In addition, we have specialized units (i.e., Sex Offender, Domestic Violence, Standard DUI, IPS, Interstate/Intrastate) to address client responsiveness. Lake County also developed an intake Unit and Low-Risk Reporting caseloads which have improved consistency, increased accuracy, addressed client responsiveness and balanced out workloads to better serve our clients by a locating resource for our higher risk individuals.

Lake County follows the Eight Principles of Evidence Based Practices for Risk/Recidivism Reduction. The integrated program model incorporates evidence-based interventions and strategies that provide outcome measures intended to show a reduction in recidivism. The initial intake and assessment process strongly adheres to Guiding Principle #1 (Assess Actuarial Risk/Needs) of the EBP Model. In 2019, the Adult Risk Assessment (ARA) tool was implemented state-wide in April 2019 and Lake County formally adopted the Risk-Need-Responsivity Model. The actuarial assessments are used to case plan major risk factors, target dynamic criminogenic needs and address both specific responsiveness (non-criminogenic needs, individual barriers to success) and general responsiveness (utilization of cognitive intervention strategies aimed to reduce recidivism for higher risk clients).

Our Problem-Solving Courts utilize sanctions, incentives and therapeutic adjustments based on client's behaviors, progress, stability, current risk factors, criminogenic needs, and responsiveness principles. Sanctions consider client's distal and proximal goals and include curfews, jail time, community service, written assignments, no contact orders, and restriction of movement. Incentives include gift cards, movie tickets, group outings, verbal praise, acknowledgements of progress and prosocial behaviors and effective use of positive reinforcement. Therapeutic adjustments address problematic and non-compliant behaviors that include drug/alcohol usage. Rather than respond solely by strict punishment, client case plans can be modified to include higher dosages of their current treatment and/or additional services and intervention programs.

The 19th Judicial Circuit Court has effectively utilized ARI funding since 2013 to provide a continuum of care including residential substance abuse treatment, recovery home placement, recovery coaching services, peer support specialists, sober living initiatives and transportation assistance to divert high risk/high need individuals with chronic substance use from prison. Continued ARI funding is instrumental to ensure these services are sustained and available to eligible clients who are in jeopardy of being incarcerated in the Illinois Department of Corrections.

STATEMENT OF THE PROBLEM UNMET NEEDS

Since 2013, the ARI grant has allowed our County to address the financial barrier that exists when trying to provide a high dosage of treatment interventions to our clients who are at a higher risk to recidivate. Additional funding through the ARI grant will help preserve the necessary continuum of care to sustain recovery and ensure that criminogenic needs are met while considering the responsivity principle of effective interventions.

Lake County is requesting grant funding through Adult Redeploy to maintain and expand services for high-risk/high-need individuals on probation and in our Problem-Solving Courts. As stated earlier, continued ARI funds will provide an enhanced continuum of care. The ARI grant will allow us to continue utilizing Haymarket Foundation Recovery Coaches, who provide case management and assist with the development of recovery plans to link individuals to community resources and pro-social networks including self-help groups, and other programs. ARI funding will also be invested in treatment interventions essential to preserving a continuum of care. This includes readily available residential treatment through Gateway Foundation. Services through Gateway have historically aided in acceptances of ARI clients and reduced the waiting time for treatment beds. Recovery home placement will also be provided through ARI funds, which allows for continuum of care programming. Nicasa's Bridge house recovery home will still be utilized as a step-down program when leaving residential treatment, or as a relapse prevention strategy when increased substance abuse services are needed. The ARI grant will also continue to include our Peer Support Recovery Specialists through Nicasa, who engage PSC participants in recovery supportive services through prosocial activities, individual consultations, and group meetings. Our Peer Support Recovery Specialists are usually the first responders when participants and alumni reach out for help. If our jurisdiction is awarded continued ARI grant funding, the ongoing need for affordable supportive living (Oxford House Model) that clients often seek after completion of treatment and recovery home services will also be continued through the Kalimba Foundation.

In addition, Lake County has partnered with Northern Illinois Recovery Community Organization (NIRCO) to advance racial equity by expanding peer support and recovery coaching services to justice involved clients. NIRCO is a local organization which houses a diverse staff who identify responsibility with persons in recovery. Our FY24 grant would include contracting with NIRCO to increase efforts to build recovery capital for Redeploy participants and address racial disparity by having a NIRCO peer support specialist available to both current Redeploy clients as well as individuals referred to the program. NIRCO will provide expanded peer support services to mentor and support current participants, but also meet with individuals referred for possible enrollment in our Redeploy program to improve accessibility to recovery support services including individual and group support and linkage with community resources. The specialist(s) involvement will supplement, not supplant existing recovery coaching and peer support services. This could potentially increase enrollment and assist individuals with engagement in recovery communities well beyond their involvement in our program.

Our program also plans to continue address transportation barriers by providing reliable transportation for Redeploy clients through the purchase of Chicago Transit Authority Ventra Non-Profit Pace Bus Tickets which can be issued to eligible ARI participants. We began this initiative in 2022 and the tickets are mostly used for clients who are transitioning from incarceration or residential placement into recovery homes and sober living environments.

Next fiscal year, we would like to increase pro-social peer support structured activities and offer meaningful client incentives. Many people in recovery must work hard to stabilize themselves, mend relationships, secure housing and find employment. They spend many hours a week in high dosage treatment programs, engaged in counseling services and attending support groups. Lack of pro-social activities is a primary risk factor that can sometimes be overlooked. Therefore, Lake County's FY24 ARI budget proposal includes

providing Six Flags Great America Amusement Park 1-day passes to eligible ARI clients to attend Peer Support Specialist outings lead group outing during their open season, which runs from April through October.

PROJECT IMPLEMENTATION

Target Population

All Drug Court clients (all of whom voluntary plea into Drug Court as a diversion from incarceration and are assessed as moderate-high risk to recidivate)

All DUI Diversion Program (DDP) clients (all of whom voluntarily plea into this program implemented by the 19th Judicial Circuit in 2022 to reduce the number of DUI offenders sentenced to the Illinois Department of Corrections, while still preserving community safety through increased client monitoring, intensive treatment interventions and increased judicial interactions).

ARI eligible Mental Health Court clients who enter the program with felony convictions and substance use or co-occurring disorders, who are also assessed as moderate-high risk to recidivate.

ARI eligible Veterans Treatment and Assistance Court (VTAC) client who enter the program with felony convictions and substance use or co-occurring disorders, who are also assessed as moderate-high risk to recidivate.

Other qualifying high risk/high need probation clients with substance use or co-occurring disorders, who are in jeopardy of being sentenced to prison on probation revocations or new pending felony offenses.

Every client who pleads into Lake County Drug Court is enrolled in the Redeploy program. Applicants for, and participants within, the Drug Court program are afforded the same opportunities regardless of their race, ethnicity, gender, sexual orientation, sexual identity, physical or mental disability, religion, or socioeconomic status. This program adheres to the 19th Judicial Circuit's language access policy. The initial application period begins at the pre-trial stage and consists of identification/referral from various sources including assistant state's attorneys, law enforcement, jail officials, probation officers, judges, family, treatment providers and defense attorneys. If the defendant wishes to be considered, he/she must sign the *Petition for Admission* form.

Drug Court and DUI Diversion Program clients must be charged with qualifying felony offenses punishable by a term of incarceration in the Illinois Department of Corrections. By law, the exclusive authority to amend a criminal charge rests with the Lake County State's Attorney's Office.

Enrollment into our ARI program for our other qualifying high risk/high need probation clients can occur when a violation occurs on a felony probation case for an offense punishable by prison as specified in the IDOC commitment data (excluding non-violent sex offenses), or if a person being supervised for a lesser offense incurs a new felony charge that is punishable by prison as specified in the IDOC commitment data (excluding non-violent sex offenses). At this stage, clients may be considered for enrollment into the ARI program. The supervising officer staffs the case with the Assistant Director/ARI Program Coordinator and a Psychological Services Resource Liaison. The most recent ARA on file is reviewed or a new ARA may be conducted to establish if the person is classified as high risk. Collateral contacts or new referrals are also made to current or potential treatment providers to determine if the individual is diagnosed with a substance use or co-occurring disorder, and if so, if inpatient treatment, halfway house, sober living placement or Recovery coaching services is recommended. If it is determined that the client is in need of funding for admittance into either Gateway Foundation's inpatient treatment program, Nicasa's Bridge House halfway recovery home, an Oxford House sober living environment or recovery coach services, they are then enrolled into the ARI Program once they are given a bed in the recommended residential facility or assigned a Recovery Coach.

Intake and Assessment

For Drug Court referred clients, a *Petition for Admission* form must be signed. Persons charged with Class qualifying felonies are screened by the Drug Court Coordinator. The coordinator first checks for statutory and programmatic eligibility, then completes the evidenced based screening instrument TCU-V-to determine the existence of a substance use disorder. A SAMHSA Brief Jail Mental Health Screen is also conducted to determine the potential for co-occurring disorders. For some offenses that are Class 2 or greater, or as otherwise mandated by statute, the prosecutor is the initial screener. The originating court and attorneys are notified of the results of the initial screen within 5 business days from receipt of referral. If approved at this stage, the defendant will engage in an in-depth system of assessments and reviews. In addition to the aforementioned screens, a more in-depth psychological diagnostic screening by a licensed psychologist is conducted, along with an Adult Risk Assessment (ARA) by the Drug Court Coordinator and a GAIN-I by a recovery coach.

Upon completion of the assessments, probation and treatment professionals review the reports and jointly develop a case and treatment plan. The final case plan is presented to the entire team for further discussion. If accepted by the Drug Court Judge, the defendant shall be admitted into the program, and placed into treatment as soon as reasonably possible. Prior to formal admission into the program, the client will review with his/her attorney and sign the *Consent to Participate Drug Court Program* and the *Order and Certificate of Felony Probation*. The same process occurs for our Mental Health and Veterans Treatment Courts. However, not all clients who plead into those programs are convicted of felonies or have substance use disorders, so to be considered for enrollment in the Redeploy program, they must enter with felony convictions and substance use or co-occurring disorders.

The initial intake and assessment process for other qualifying high risk/high need probation clients is the same as all other persons who are placed on Adult Probation in Lake County and strongly adheres to Guiding Principle #1 (Asses Actuarial Risk/Needs) of the EBP Model. The Adult Risk Assessment tool is utilized to determine high risk domains and areas of criminogenic needs. In special circumstances, an ancillary tool may be necessary to determine level of risk and needs. The highest overall risk score between the ARA or any ancillary tool shall determine the level of supervision. Overrides may occur in instances where it can be backed by an evidence-based ancillary tool.

Documentation needs to be provided on the full assessment form as to why the overall risk score is being overridden. Once all steps in the assessment process are completed, the probation officer and client collaborate to develop a case plan, using areas of risk and criminogenic needs taken directly from the ARA. The SMART (specific, measurable, achievable, relevant, time-based) case plan consists of a minimum of one goal with multiple objectives to that goal. The goal should be directly linked to risk factors/criminogenic needs. The officer will assist in identifying and addressing responsivity issues/barriers. Officers then prioritize services and match participants to programs that will address their needs.

In addition, in 2022 the 19th Judicial Circuit Court implemented a DUI prison diversion program to reduce the number of DUI offenders sentenced to the Illinois Department of Corrections, while still preserving community safety through increased client monitoring, intensive treatment interventions and frequent judicial interactions. All clients sentenced have a Recovery Coach assigned to them throughout the term of their probation sentence who assist with treatment placement and relapse prevention planning. Since the DUI Diversion Program is designed as an alternative to prison, all DUI prison diversion clients qualify for recovery coaching and are enrolled in our Redeploy program.

Proposed Services

Lake County's request for continued grant funding through Adult Redeploy will maintain services for high-risk/high-need.

Integration of other Services

Although Lake County is not currently requesting ARI funding for the following initiatives, these activities relate to our ARI program and impact our ARI clients:

EPICS II (Effective Practices in Correctional Settings)— Core Correctional Practices: Lake County Adult probation continues to utilize EPICS II in an effort to reduce recidivism, promote behavioral change and better serve our clients. This includes our ARI participants. EPICS II is a set of supervision techniques that adhere to the risk/need/responsivity principle by using a combination of face-to-face interactions, referrals to treatment and community supervision to provide individuals with an adequate "dosage" of services and contacts. All case carrying officers in Lake County go through EPICS II training and we currently have five officers on staff who are certified EPICS trainers in order to sustain this initiative with no additional outside training costs needed.

Thinking For A Change (T4C): Lake County Adult Probation has been running internal T4C groups since 2001. The evidence-based curriculum directly addresses general client responsivity through skill building, direct practice and transfer training. We offer Male, Female, Sex Offender, Spanish Speaking and a modified curriculum for lower

functioning clients called “Mod Cog”. We currently have two certified T4C Trainers and over 20 active facilitators. All newer sworn staff typically complete T4C certification training within their first 18 months of hire with no additional outside training costs needed.

Trauma Informed Response (TIR) Trainings: Research continues to emerge signifying the widespread impact that trauma has on clients involved in the criminal justice system. An extremely high percentage of people in our Problem-Solving Courts have (or currently are) experiencing trauma. The 19th Judicial Circuit continues to provide The SAMHSA GAINS Center’s “How Being Trauma-Informed Improves Criminal Justice System Responses” and “How Being Trauma-Informed Improves Judicial Decision-Making” trainings for staff and stake holders in an effort to avoid re-traumatizing, ensure safety, reduce recidivism and promote recovery for clients. The 19th judicial Circuit currently has seven staff trained to provide TIR trainings, which all officers and Problem-Solving Court team members will be required to complete when they are newly hired and then once every three years thereafter. No additional outside training costs are currently needed.

In addition, Lake County makes strong efforts to engage ongoing support in the community. Our ARI funding supplements, rather than supplants, other resources utilized in our jurisdiction. For example, our PSC program collaborates with the Lake County Bar Association, who oversees a donation fund for our PSC clients used for interventions, housing, medical needs, incentives (i.e. gift cards, movie passes, bowling events, graduation gifts) staff trainings and other PSC program needs. The Lake County Health Department assists our clients in applying for Medicaid and the Gateway Foundation bills Medicaid prior to billing Lake County for inpatient treatment costs. Services available through Veterans Affairs hospitals and The Illinois Department of Human Services are also utilized for clients who qualify for those programs.

individuals on probation and in our Problem-Solving Courts. Continued funding will provide an enhanced care as specified below:

Recovery Coaching. ARI funding will allow Lake County to continue utilizing the three recovery coaches provided by the Haymarket Center under the current ARI grant. Recovery coaches deliver services consistent with the “Manual for Recovery Coaching and Personal Plan Development Program” (Loveland and Boyle 2011), and they assist with developing recovery plans to link individuals to community resources and pro-social networks including self-help groups and other local programs.

Residential Treatment. Another ARI funded service is residential treatment. The ARI grant provides readily available residential placement through the Gateway Foundation. Waiting times are significantly reduced for inpatient admissions for Redeploy participants. Lake County is again requesting ARI funding anticipated residential Gateway placements. The actual number of clients, days spent in residential treatment and types of services provided may fluctuate, but the total FY24 Gateway Foundation contractor costs should not exceed the amount indicated in the budget proposal.

Recovery Home Placement. Lake County will also use ARI funding to provide continued recovery home placements. This service allows for enhanced continuum of care programming for individuals who qualify for the ARI program. The Nicasa Bridge House recovery home is consistently utilized as a step-down program when clients leave residential treatment, or as a relapse prevention resource when increased substance abuse interventions are needed.

Peer Support Services - Nicasa also provides peer support recovery specialists through ARI grant funds. The peer support recovery specialists incorporate their life experiences to connect and engage members of the recovery community. They facilitate regular meetings of past and current PSC participants and assure appropriate program linkages with community resources. These prosocial activities and services include art therapy, bowling, volleyball, locally sponsored events and community give back initiatives. Most of these programs are provided during evenings and weekends. Many times, our peer support recovery specialists are first responders when participants and alumni

reach out for assistance. In addition, Lake County has partnered with Northern Illinois Recovery Community Organization (NIRCO) to advance racial equity by expanding peer support and recovery coaching services to justice involved clients. NIRCO is a local organization which houses a diverse staff who identify responsivity with persons in recovery. Our FY24 grant would include contracting with NIRCO to increase efforts to build recovery capital for. Redeploy participants- and address racial disparity by having a NIRCO peer support specialist available to both current Redeploy clients as well as individuals referred to the program. This could potentially increase enrollments and assist individuals with engagement in recovery communities well beyond their involvement in our program.

Supportive Sober Living Home Placement. In 2019, Probation and Psychological Services identified a growing need for affordable supportive sober living environments for clients who lacked funds for short term rent or deposits. The Illinois Department of Human Services continues to endorse sober living initiatives for individuals as a continuum of care to sustain their recovery and reduce the risk of relapse after completion of treatment and/or recovery home services. Our supportive sober living initiative has been supported by ARI funding since 2019 and The FY24 Lake County ARI grant renewal request includes continued funding for contractual services with The Kalimba Foundation, which oversees ten Oxford House Model programs in Lake County. The opportunity to have multiple residence options allows for swifter placements and adheres to the responsivity principle by matching clients with specific housing needs.

Moral Reconciliation Therapy (MRT): When clients are admitted for residential services at Haymarket Center, they are paired with a recovery coach, who provide MRT, which is a service included in the scope of the ARI Haymarket contract. However, MRT is also offered by Lake County Adult Probation to other probation clients. Lake County is not seeking additional ARI funding for this internal program activity, but we continue to track ARI clients enrolled in Lake County Probation's MRT groups, which are facilitated by a combination of ten probation officers who are all certified MRT trainers. Seven of these trainers were certified through ARI funding. This program was the recipient of a National Association of Counties (NACO) award in May 2019. Currently, our MRT groups include specific Substance Abuse, Domestic Violence and Gender Specific curricula.

Participant Transportation Assistance: Lake County plans to continue providing reliable transportation for Redeploy clients by purchasing Chicago Transit Authority Ventra Non-Profit Pace Bus Tickets to be issued to eligible ARI participants. This addresses client responsivity and assists in breaking down transportation barriers that many of our participants face, especially those clients who are transitioning from incarceration or residential placement into recovery homes and sober living environments.

Participant Incentives: Our program would like to expand pro-social peer support led structured activities by increasing meaningful client incentives. Many people in recovery must work hard to stabilize their lives, mend meaningful relationships, secure housing and find employment. They spend many hours a week in high dosage treatment programs, engaged in counseling services and attending support groups. Lack of pro-social activities is a primary risk factor that can sometimes be overlooked. Therefore, Lake County's FY24 ARI budget proposal includes providing Six Flags Great America Amusement Park 1-day passes to eligible ARI clients to attend Peer Support

Court Impact

Lake County continues to devote resources to maintain Problem Solving Court programming in our effort to assist with providing intensive treatment for identified high risk/high need individuals with substance use disorders, serious mental illness and court involved veterans. Along with that population, other high-risk probation clients with chronic substance use disorders who have been diverted from prison should also receive high dosages of treatment interventions to increase their chances for success and reduce recidivism. Obtaining funding for substance abuse treatment and housing programs which provide clients with a continuum of care is challenging. High risk clients with chronic substance use disorders who historically would have been committed to the Illinois Department of Corrections, now have opportunities to remain in the community. These clients are often more likely to relapse without a continuum of structured treatment interventions in place.

Recognizing both the growing need for inpatient treatment beds as alternatives to local incarceration, and the financial barriers associated with finding placements, Lake County has also established contracts with qualified treatment agencies to provide comprehensive residential substance use counseling for Lake County's justice population that are not being supervised for convictions and therefore do not qualify for ARI funding.

Lake County Adult Probation is a large division, with 43 case carrying officers assigned to twelve specialized units. This allows for flexibility, as over the past three years we have made several structural changes, including the creation of an Intake Unit and a Low-Risk Reporting Program. This evidence-based plan is aimed at reducing recidivism by separating lower risk clients from higher risk clients. This allows for our highest risk and prison diverted population to receive the highest dosage of interventions, including external referrals, internal programming (MRT, T4C) and meaningful officer/client interactions involving motivational interviewing, skill-building exercises, cognitive behavioral strategies and EPICS techniques. Collaboration with AOIC, judges and the legal teams continues to be necessary to develop and modify policies and procedures.

Probation violations continue to be addressed through administrative sanctions or requests for revocation when applicable. Recommendation for therapeutic adjustments, stricter monitoring, increased reporting, curfews, electric home monitoring, periodic imprisonment, local incarceration and prison sentences will be made if deemed necessary to ensure community safety. Our Courts continue to work closely with local treatment providers, some of which are members of our Problem Solving Courts teams. Our ARI grant has assisted with getting clients into recommended treatment programs and has helped to build capacity within certain agencies, namely Haymarket Center, Nicasa and potentially NIRCO with SF24 funding.

Community Involvement

In an effort to engage ongoing support in the community, Lake County continues to utilize recovery coaches (ARI funded), peer Support Recovery specialist (ARI funded), and VTAC Mentors (as spotlighted in Bridges to Justice: A Community Engagement Toolkit for Adult Diversion Programs). Probation also offers a female mentoring program for high need female clients and is currently collaborating with the Lake County Health Department to developing an internal mental health caseload for clients who are not in Mental Health Court. Our Problem-Solving Courts continue to rely on our faith based and smart recovery communities. Sponsors regularly attend weekly PSC hearings, and there is a PSC Alumni Support Group who, in collaboration with our peer support recovery specialist and AA/NA sponsors hold weekly pro-social bowling events funded by the Lake County Bar Association. Nicasa is expanding their peer support program to include more specialist and community event planning.

In addition, the 19th Judicial Circuit's Court partnership with Northern Illinois Recovery Community Organization (NIRCO) are increasing efforts to advance racial equity by expanding peer support and recovery coaching services to justice involved clients. NIRCO is a local organization which houses a diverse staff who identify responsiveness with persons in recovery. NIRCO is actively involved in the local Illinois Recovery Oriented System of Care (ROSC) Council. Our FY24 grant would include contracting with NIRCO to increase efforts to build recovery capital for Redeploy participants and address racial disparity by having a NIRCO peer support specialist available to both current Redeploy clients as well as individuals referred to the program. This could potentially increase enrollment and assist individuals with engagement in recovery communities well beyond their involvement in our program.

Currently, the Lake County Circuit Court, State's Attorney's Office, Public Defender's office, Coroner's Office, the Lake County Health Department as well as local law enforcement and educators are part of our community Lake County Opioid Settlement Advisory Board, which are devising an Opioid Response Plan to utilize the money Lake County will be receiving from Illinois opioid settlement funds. The tentative plan includes: youth and adult education programs; trauma informed care; wider access to treatment, case management and wrap-around services; criminal diversion and deflection programs; opioid remediation planning including harm reduction models, medically assisted treatment and Naloxone training/distribution as well as potential housing needs. Specialist lead group outings during their open season, which runs from April through October.

33.5 If the use of a subaward is approved by Grantor, the terms and conditions of this Agreement shall apply to and bind the party to whom such work is subawarded as fully and completely as Grantee is bound and obligated. Grantee is obligated to ensure that the terms of this Agreement are contained in any written subaward agreement. Grantee will ensure that all subawards comply with GATA prequalification requirements as identified in 44 Ill. Admin. Code 7000.70, including but not limited to Sam.gov registration.

33.10 Grantee will make fiscal and programmatic technical assistance available to all subawards.

33.11 All unspent subaward funds will be returned by Grantee to Grantor within 30 days after the end of each subaward's period of performance.

- 33.12 Grantee will be responsible for the recovery of any unspent and/or misspent grant funds paid to the subaward by Grantee.
- 33.13 Grantor is not responsible for the performance, acts, or omissions of any subaward. Grantor will not mediate disputes between Grantee and subawardees.
34. Food Costs. Grantee agrees to act in accordance with Grantor's food policy for any food costs paid in whole or in part by funds under this agreement. Grantees must maintain records of actual food costs and how the food supported its program. For events, grantees must maintain records of the event, including receipts for food and other costs and the number of program participants. For emergency food provisions, grantees must maintain records of both the cost of the food provided and the program participant who received it.
35. Transportation Costs. Grantee must utilize a tracking system for any transportation costs funded by this agreement. At minimum, the tracking system must track the purpose of each trip and the cost per trip. Grantee shall submit a description of the tracking system to Grantor prior to incurring any transportation costs.
36. Copyrights and Patents.
- 36.1. If this Agreement results in a copyright, the Grantor reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for government purposes, the work or the copyright to any work developed under this Agreement and any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.
- 36.2. If this agreement results in the production of patentable items, patent rights, processes, or inventions, Grantee shall immediately notify Grantor. Grantor will provide Grantee with further instruction on whether protection on the item will be sought and how the rights in the item will be allocated and administered to protect the public interest, in accordance with guidelines.
37. Management and Disposition of Equipment and Commodities.
- 37.1. Equipment and supplies acquired by Grantor with Grantor funds shall be used for purposes of the program described in the exhibits only. Grantee may retain the equipment and supplies acquired with grant funds as long as they serve to accomplish program purposes, whether or not the program continues to be supported by Grantor grant funds, but such determinations as to retention are within the sole discretion of Grantor. If the equipment or supplies originally purchased for the program are no longer capable of fulfilling the needs of the program and must be traded in or replaced, or there is no longer a need for the equipment or supplies, Grantee shall request instructions from Grantor.
- 37.2. Grantor may deny equipment and supply costs or require that Grantee relinquish already purchased equipment and supplies to Grantor if Grantee fails to employ an adequate property management system governing the use, protection, and management of such property. Grantee is responsible for replacing or repairing equipment and supplies that are willfully or negligently lost, stolen, damaged or destroyed. Grantee shall provide equivalent insurance coverage for grant funded equipment and supplies as provided for other equipment and supplies owned by Grantee. Any loss, damage or theft of equipment and supplies shall be investigated and fully documented, and immediately reported to Grantor.

37.3. Equipment purchased using Grantor funds shall be made available for inspection during site visits, and upon request of Grantor as part of its grant monitoring and oversight responsibilities.

37.4. 40.2. The publications subject to this review are: journals and annual reports that describe how grantee has used the funding, any paid advertisement or public awareness campaign regardless of format, and any other publication that cumulatively costs more than \$1000 to create or produce. These publication review

40.3. Grantor reserves the right to require the resubmission of any publication for additional review and comment, prior to its printing.

40.4. All publications shall supplement the language required by Part I, Article XIX with the following statement:

41. Reporting Grant Irregularities.

41.1. Grantee shall promptly notify Grantor through their Grant Monitor when an allegation is made, or Grantee otherwise receives information, reasonably tending to show the possible existence of any irregularities or illegal acts in the administration of Grant Funds. Grantor, per its agency policy, shall determine the reasonableness of the allegation of the irregularities or illegal action and determine the appropriate course of action. Possible actions would include conducting an internal audit or other investigation or contacting the proper authorities. Illegal acts and irregularities include such matters as conflicts of interest, falsification of records or reports both data, financial and programmatic, and the misappropriation of funds or other assets.

41.2. Grantee shall inform any sub-recipient of Grantor's Grant Funds that the sub-recipient is similarly obligated to report irregularities.

41.3. Failure to report known irregularities can result in suspension of the Interagency Agreement or other remedial action. In addition, if Grantee's auditor or other staff becomes aware of any possible illegal acts or other irregularities prompt notice shall be given to Grantee's director. Grantee, in turn, shall promptly notify Grantor as described above of the possible illegal acts or irregularities. If the possible misconduct involves Grantee's director, Grantee staff member shall provide prompt notice directly to Grantor.

41.4. In addition, Grantor, if in its judgment there is a reasonable allegation of irregularity or illegal act, shall inform the Office of Justice Program's Office of the Comptroller, the Department of Justice's Office of Professional Responsibility and the Office of Inspector General, and state and local law enforcement agencies or prosecuting authorities, as appropriate, of any known violations of the law within their respective area of jurisdiction.

41.5. Known or suspected violations of any law encountered during audits, including fraud, theft, embezzlement, forgery, or other serious irregularities, must be immediately communicated to Grantor and appropriate federal, State, and local law enforcement officials.

41.5. Grantee agrees to develop and maintain a record-keeping system to document all Agreement related activities and expenditures. These records will act as the original source material for compilation of the data and all other program activity.

41.6. The reporting of any irregularities, illegal acts and the proposed or actual corrective action shall be reported to Grantor at:

Grantee shall notify Grantor as soon as practical if any of its own or any of its subawards' and/or its subcontractors' board members, executive officers, directors, administrators, supervisors, managers, or financial officers or anyone holding such a position of authority is criminally charged with or convicted of theft, fraud, or any other crime involving dishonesty at any point during the period of performance of this grant. Grantor may terminate this agreement, at Grantor's sole discretion, if Grantee's or any of its subawards' and/or its subcontractors' board members, executive officers, directors, administrators, supervisors, managers, or financial officers or anyone holding such a position of authority become convicted of theft, fraud, or any crime involving dishonesty.

44. Conflict of Interest in Hiring and Procurement. In addition to the requirements of Part I, Article XVII, no employee, officer, or agent of Grantee shall participate in the selection of a contractor, award of a contract, administration of a contract, or hiring of personnel supported by grant funds if a conflict of interest, real or apparent, would be involved. Grantee shall establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others.

45. Safeguarding Constitutional Protections Related to Religion

46.1 Grantee certifies that grant and match funded services must be offered without regard to religious affiliation. Grantee also certifies that the receipt of services through the grant funded program shall not be contingent upon participation in a religious event or activity. Grant or match funds may not be used for any explicitly religious activities such as worship, religious instruction, or proselytization. Grantee may engage in inherently religious activities, but such activities must be separate in time or place from the grant funded program, and beneficiaries cannot be compelled to participate in them.

46.2 Faith-based organizations may consider religion when hiring staff if consistent with the Religious Freedom Restoration Act and other applicable laws. If the grant is funded with federal funds, Grantee must receive prior approval from the Department of Justice, Office for Civil Rights.

46. Restrictions and Certifications Regarding Non-Disclosure Agreements and Related Matters. Grantee and any entity that receives a contract or subcontract with any funds under this award, may not require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

a. In accepting this award, Grantee –

- i. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
- ii. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to Grantor, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by Grantor.

b. If Grantee makes subawards or contracts under this award –

- i. it represents that –
 1. it has determined that no other entity that Grantee's application proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
 2. it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and
- ii. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse

as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

47. Background Checks for youth programs. Background checks are required for all program staff, independent contractors, and volunteers, including program staff, independent contractors, and volunteers for subawards and subcontractors, who have direct contact with youth before hiring or before working on the program. Grantee must have a written protocol on file requiring fingerprint-based background checks through the Illinois State Police for all persons and maintain documentation of their completion and results. The written protocol must incorporate the factors and procedures mandated by 775 ILCS 5/2-103.1. Any exception must be granted in writing by Grantor. Exceptions may include but are not guaranteed or limited to if the program model or service provision relies on staff access or credibility with at-risk populations.

48. Project Monitoring and Evaluation.

- 48.1. Project Monitoring: Grantee understands that Grantor may impose additional reporting requirements during the grant period by providing notice in writing to Grantee. Grantee agrees to report any additional information required by Grantor.

48.2. Grantor Evaluation: As required by Grantor, Grantee agrees to cooperate with Grantor's evaluation of the grant project, conducted either by Grantor or external parties.

48.3. Grantee Evaluation: Project evaluation is limited to evaluation of Grantee's project, as described in this Agreement, to determine the project's effectiveness. Grantee understands and agrees that grant and match funds cannot be used for research purposes, as defined under 45 CFR 46.102(d). Grantee will provide Grantor with aggregate project data and summary reports related to project performance, including process and outcome, and any other information, as requested by Grantor.

49. Confidentiality of Records. Grantee agrees not to use or reveal any research or statistical information furnished under this program by any person and identifiable to any specific private person for any purpose other than the purpose for which such information was obtained in accordance with this program and all applicable federal guidelines and legislation without written consent from Grantor. Grantee shall notify Grantor within three (3) business days of any such request.

50. Tax Liabilities; State Agency Delinquencies. Grantee is required to file of any and all applicable tax returns. In the event that a Grantee is delinquent in filing and/or paying any federal, state and/or local taxes, the Grantor shall disburse Grant Funds only if the Grantee enters into an installment payment agreement with said tax authority and remains in good standing therewith. Grantee is required to tender a copy of any such installment payment agreement to the Grantor. In no event may Grantee utilize Grant Funds to discharge outstanding tax liabilities or other debts owed to any governmental unit. The execution of this Agreement by the Grantee is its certification that (i) it is current as to the filing and payment of any federal, state and/or local taxes applicable to Grantee; and (ii) it is not delinquent in its payment of moneys owed to any federal, state, or local unit of government.

51. Compliance. Grantee agrees to comply with all applicable laws, regulations, and guidelines of the State of Illinois, the Federal Government and Grantor in the performance of this Agreement.

PART THREE –PROJECT-SPECIFIC TERMS

In addition to the Uniform Requirements in PART ONE and Grantor-Specific Terms in PART TWO, Grantor has the following additional requirements for this Project:

52. **Pre-Award Costs.** Pre-award costs are authorized in accordance with 2 CFR 200.209. Pre-award costs are those incurred from the beginning of the period of performance of the grant until the execution of this grant agreement and must be in accordance with the final approved program budget. ICJIA has the right to review supporting documentation for all pre-award costs that are submitted for reimbursement on a financial report from grantees. Costs that are not in accordance with the final approved budget (necessary, reasonable, allowable, and allocable) shall be disallowed.
53. **Supplanting.** Grantee certifies that ARI funds made available under this Agreement will not be used supplant/replace State, local, or other funds that would otherwise be made available to Grantee for purposes related to this program. Grantee certifies that ARI funds made available under this Agreement will be used to supplement/increase existing funds for such purposes.
54. **Penalty for Failure to Divert.** Under the Adult Redeploy Illinois enabling statute, any Grantee not meeting its required reduction shall be assessed a penalty. The Adult Redeploy Illinois Oversight Board (ARIOB) has set the maximum penalty at one half the marginal cost of incarceration. The amount of the penalty assessed will be left to the discretion of the ARIOB but the Board shall take into consideration factors affecting the Grantor's ability to meet the required reduction, including whether the failure to meet the reduction was beyond the control of the jurisdiction or other extenuating or mitigating circumstances.
55. **Expenditure Evaluation.** The Grantor shall evaluate the amount of unexpended funds remaining and the maximum amount of funds needed to continue the grant. Based on this evaluation, the Grantor, at its sole discretion, may reduce the grant award by an amount it deems appropriate.
56. **Corrective Action Plan.**
 - 56.1 At the end of each quarter, the Grantee and the Grantor will (1) do a review of the number of individuals diverted from the Illinois Department of Corrections (using the Grantee's and IDOC's data) and (2) assess whether the number conforms with the Grantee's approved plan in order to achieve the annual 25% reduction included in the plan.
 - 56.2 If either the Grantee or the Grantor believes that it will not, they shall bring the issue to the next meeting of the ARIOB (or within the first month of the next quarter, whichever is sooner) with a plan for remediation, designed to avert a penalty charge to the Grantee. The Grantee may choose to send its representatives to the ARIOB meeting to explain the plan, and the ARIOB shall act on the plan immediately upon its receipt.
 - 56.3 Should the ARIOB not accept the plan, the Grantee will have the opportunity to modify the plan or withdraw from the program by the next ARIOB meeting (or the second month of the quarter, whichever is sooner). Should the Grantee accept the corrective action plan, the plan shall include a schedule for reporting on the progress of the plan, with regular reports at least once a quarter to the ARIOB, until such time as the ARIOB agrees that the corrective action plan has been successfully implemented.

56.4 A similar corrective action plan process will be followed as it relates to Grantee's failure (or risk thereof) to meet other contractual performance measures stated in the Illinois Crime Reduction Act (730 ILCS 190/*et. seq.*), namely the use of assessment tools and evidence-based practices, appropriate target/service population, and provision of required data.

57. Participant Risk Assessment Levels.

57.1 At the end of each quarter, the Grantee and the Grantor will do a review of the risk assessment scores of all participants currently in the program. If the following threshold is not met, the Grantor may initiate (1) training or technical assistance and/or (2) a corrective action plan.

57.2 Threshold: Threshold means the aggregate minimum risk assessment scores, based on the local county standards, for participant risk levels to meet the percentage and timeframe. For Adult Redeploy Illinois, at least 80% of incoming participants shall have moderate to high-risk assessment scores. The threshold seeks to ensure that Adult Redeploy Illinois programs are serving a moderate to high-risk prison bound population.

58. Problem Solving Courts (PSC) Certification. If the Grantee is determined to be an existing PSC, proposed PSC, or specially designated PSC calendar, the Grantee must be evaluated, or in the process of being evaluated, by the Administrative Office of the Illinois Courts (AOIC) and must be certified, or in the process of being certified, as compliant with the Problem-solving Court Standards (Standards) through the certification process and timeline required by the Illinois Supreme Court. All PSC shall comply with all AOIC requirements for certification and recertification. If a PSC is unable to comply with these Standards, the PSC must request time to develop a plan of improvement to allow it to continue operations and that plan must be submitted to AOIC for recommendations. Grantee may continue operations pending receipt of the recommendations from AOIC. Grantee must submit a copy of the recommendations to Grantor. Grantees that are unable to substantially comply with the Standards or AOIC recommendations may risk termination of grant funds. Grantees that are unwilling to substantially comply with the Standards or AOIC recommendations will not receive grant funds for the period in which they are not in compliance.

59. ICJIA Quarterly Data Submission. Grantee certifies that it will submit quarterly data electronically as outlined in the ICJIA data submission documents.

60. Mandatory Data Elements. Grantee agrees to participate in performance measurement and evaluation activities in conjunction with the Grantor and as developed by the ARIOB according to statute. Specifically, the Crime Reduction Act requires a *"performance measurement system that includes but is not limited to the following key performance indicators: recidivism, rate of revocations, employment rates, education achievement, successful completion of substance abuse treatment programs, and payment of victim restitution."*

Additionally, Grantee site-specific information about the utilization of evidence-based practices will be collected for evaluation purposes. These reporting requirements will be developed upon negotiation with the site administrators and ARIOB. Grantee agrees to provide the following data elements and any other additional data elements developed by the Grantor with the ARIOB:

- a. Grantee must detail their method of tracking the use of gift cards;
- b. Grantee must keep an inventory of who received a gift card and when;
- c. Grantee must collect and save receipts for purchased gift cards;
- d. Grantee must maintain the receipts in the same manner as other records; and
- e. At the end of the fiscal year, Grantee must include in their closeout materials, a spreadsheet detailing each gift card purchase.

62. Match. No match is required for this Agreement.

63. Racial Equity. All program planning, implementation, evaluation, and other activities must be viewed through a racial equity lens to ensure that when decisions are made, disparities in access to program benefits are identified and more inclusive and equitable solutions are implemented. Racial equity must be

considered when reviewing disaggregated data; participating in stakeholder conversations; examining the impact of policies and procedures; centering the voices of those most impacted; engaging in solution-oriented dialogue with the ARI Oversight Board; and implementing local action plans that promote diversity, equity, inclusion, and accessibility. ARI sites must commit to participating in racial equity and/or implicit bias training. Training and technical assistance will be made available to successful applicants to further education and understanding of racial and ethnic disparities.

64. Evidence-Based Programs or Practices. ARI funds must be used to invest in local programs, services, and protocols that have been demonstrated by research or show promise to reduce recidivism and that prioritize cultural relevance and responsiveness to the communities they serve.
