7.9 [09-1797](#)

Joint resolution expressing official intent to designate Lake County, Illinois as a Recovery Zone for purposes of the American Recovery and Reinvestment Tax Act of 2009

Dusty Powell and Gary Gordon explained this resolution. Mr. Gordon reports that under the stimulus plan, there are three funding sources that make low cost money available for loans. The Build America bonds will reimburse 35% of the interest for any money we borrow as a taxable bond. There are two different programs available under the Recovery Zone Program - economic development bonds and facility bonds. Economic development bonds are taxable bonds issued by a government and we would receive 45% of the interest paid back from the federal government on an annual basis. There is a \$39 million allocation available to us for this. Facility bonds are monies available for economic development for private businesses for new construction, and there is up to \$59 million available for Lake County. These bonds are tax-exempt. We are going to ask

Lake County Partners to manage that program. Member Bassi asked if Lake County Partners will receive a fee for issuing these bonds and Mr. Gordon will check.

Resolution authorizing the Purchasing Agent to negotiate a contract with Ford and Associates, Cuyahoga Falls, OH, in the amount of \$53,130, plus annual software maintenance renewals, for an Email Archiving Solution.

Phil Balke explained this resolution that will provide greater security to the county's e-mail system, increase the storage of e-mail to 7 years, and reducing 75% of the storage capacity needs. It will also allow departments to be able to conduct e-mail searches and it will interface with Outlook. Mr. Balke reported that in-house staff will support this system, which meets administrative and security requirements. This archiving system will automatically back up users who may inadvertently delete e-mail.

A motion was made by Member Mountsier, seconded by Member Stolman, that this resolution be recommended for adoption to the regular agenda. The motion carried by the following vote:

Aye: 6 - Member Bassi, Member Mountsier, Chair Paxton, Member O'Kelly, Member Stolman and Member Carter

8. **Executive Session**

9. **County Administrator's Report**

1. *Mr. Burton reported that the cost of constituent letters from County Board members is typically deducted from their constituent services funds. There is a situation now where there are contaminated wells in two areas, and Chairman Schmidt wants to send a letter out to the Antioch and Libertyville areas that are affected. It is felt that this mailing should be done without charging the board member's constituent services account because it is a matter of public health. It was the consensus of committee to allow this type of mailing to be done at no cost to the board member.*

2. *Countywide newsletter – In light of recent budget discussions, Mr. Burton asked the Committee if they want to expend the funds to mail the countywide annual newsletter. Jennie Khoen explained that the newsletter has been modified into a 4-page black and*

white copy to save costs. It is recommended that copies be printed in-house to send to municipalities, townships, libraries, etc. It will also be available electronically and on the County's website. It was decided not to mail the newsletter to county residents, saving approximately \$58,000 in paper, printing, and postage costs.

3. Mr. Burton informed the committee that Champaign County has asked for our assistance to help them determine whether they want to have an elected county auditor. He and Gary Gordon will meet with Champaign County officials via conference call.

4. Gary Gordon reported that an analysis of the cost of purchasing and operating hybrid vehicles was conducted by the Division of Transportation. The result of the analysis showed that the hybrid vehicle payback is reached in 25.2 years. There was discussion as to when vehicles are replaced, and Mr. Gordon stated that the Division of Transportation does an analysis of vehicles to determine when to replace. Mr. Burton stated that there is no price reduction for the purchase of hybrids through the State contract. At this time, the purchase of hybrid vehicles is not recommended since the payback period is beyond the replacement cycle of 8 years.

5. Mr. Gordon reported that he has been receiving calls from vendors, and explained that the County has launched a website where vendors can register their business. Member O'Kelly asked if recycled materials could be included in the bid process. Mr. Gordon stated that for some smaller jobs, the inconsistency of the product could be a problem, but they are looking into this. He also reported that the College of Lake County recently hosted a vendor fair and staff from Lake County attended.

10. Adjournment

A motion was made by Member Carter, seconded by Member Bassi, to adjourn at 2:40 p.m. The motion carried by the following vote:

Aye: 6 - Member Bassi, Member Mountsier, Chair Paxton, Member O'Kelly, Member Stolman and Member Carter

Not Present: 1 - Vice Chair Kyle
