Funded Allocation Model and Additional Fees for Any Increased Usage/Capacity:

As described in the Oracle PaaS and IaaS Universal Credits - Service Descriptions document available at <http://www.oracle.com/contracts>, the following terms apply to your Oracle PaaS and IaaS Universal Credits. Under the "Funded Allocation Model", Oracle allows You the flexibility to fund an annual amount to Oracle as specified in the "Funded Allocation Value" in Your order, which is to be applied towards the future usage of eligible Oracle IaaS and PaaS Cloud Services specified in the rate card attached to Your order or as seen in the Cloud Portal provided such Cloud Services are available in production release when ordered, at the fees specified in the rate card. The total Funded Allocation Value of Your order is reflected in the "Funded Allocation Value" column and the applicable Services Period for that value will be as specified in Your order. Oracle will invoice you monthly in arrears based on your actual usage for the prior month at the rates for each activated Oracle IaaS and PaaS Cloud Service as defined in Your order.

Overage:

If, at the end of any month during the Services Period, You have exceeded the Funded Allocation Value, You must provide additional funding for Your usage, or You must cease to use the applicable Cloud Services. If you have exceeded the Funded Allocation Value and You have not ended Your use of the Services, You will be subject to overage fees. Oracle will invoice the Oracle Partner for the excess usage of the Oracle IaaS and PaaS Cloud Service at the Overage Unit Net Price specified in the rate card of Your order or as seen in the Cloud Portal; Oracle will send invoices for the additional usage to the Oracle Partner at the Billing Contact provided to Oracle by the Oracle Partner. The Oracle Partner is responsible for all additional usage fees and such fees shall be payable to Oracle as stated in the applicable Oracle invoice. If You placed Your order for Funded Allocation Value through an Oracle Partner and the corresponding order between Oracle and the Oracle Partner provides that You will be invoiced by Oracle, then You acknowledge that Oracle will invoice You for, Your excess usage. You shall ensure that Your order with the Oracle Partner indicates whether You agreed to be invoiced by Oracle for Your excess usage in this manner. You may set quotas, alerts and use other monitoring tools within the Cloud Portal to assist You in managing and tracking Your usage.

Additional Services:

If Oracle adds additional service offerings to the list of eligible Oracle IaaS and PaaS Cloud Services within Your Cloud Services Account during the Services Period, You may activate and use those service offerings and the discount will be applied based on the Cloud Service category discount specified in the rate card attached to Your order or as seen in the Cloud Portal. The development, release, and timing of any future features, functionality or service offerings remains at the sole discretion of Oracle Corporation.

Replenishment of Account at End of Services Period:

If you are continuing to use services after the end of the Services Period specified in Your order and You have not extended the Services period and increased the Funded Allocation Value for use of eligible Oracle IaaS and PaaS Cloud Services, You will be charged for the actual usage of all services that You activate and/or have activated within Your Cloud Services Account based on Oracle's then current price list for such services, which can be found at . Upon extending the term of the Services Period and increasing the amount of the Funded Allocation Value through a new order or modification of Your existing order, You will receive the Cloud Services category discounts specified in the rate card attached to Your new order or modification of the existing order or as seen in the Cloud Portal.

Data Center Region Availability for UCM:

Platform and data center region availability information for Oracle Platform as a Service (PaaS) Cloud Services and for Oracle Infrastructure as a Service (IaaS) Cloud Services is provided on the Oracle Cloud Portal at <https://cloud.oracle.com/data-regions>.

No Auto-Renewal:

Notwithstanding any statement to the contrary in the Service Specifications, You expressly agree that the Services acquired under this order will not auto-renew.

Discount Hold for Option Year for Replenishment:

a. If requested, subject to the terms and conditions set forth in this order, You may replenish the Oracle PaaS and IaaS Universal Credits for one (1) additional twelve (12) month Services Period s in accordance with this section (the "Replenishment Order") at the Cloud Service Category Discounts specified in the tables above off of then -current list price, provided that the following conditions are met:

- each Replenishment Order must be executed with Oracle prior to the end of the Services Period of the previous order;
- the annual Funded Allocation Value for the Oracle PaaS and IaaS Universal Credits under each new Option Year order must be equal to or greater than the annual Funded Allocation Value under the previous order (including any expansions, if applicable);
- Oracle is still making the Oracle PaaS and IaaS Universal Credits generally available to commercial customers on the date of the Replenishment Order placed pursuant to this section; and (iv) you have consumed at least 85% of annual Funded Allocation Value for the prior 12 -month Services Period .

b. You may not apply the Oracle PaaS and IaaS Universal Credits acquired under this section towards Cloud Services ordered pursuant to a separate Oracle discount or promotion, or towards any other Cloud Services other than those set forth in the rate card of the Replenishment Order or as seen in the Cloud Portal.
