Joint Purchase Information

Scope of Work:

There is a need to purchase telecommunication equipment for the Lake County Courthouse Expansion Project including software licenses, controllers and Voice over Internet Protocol (VoIP) telephones. The Department of Information Technology (IT) has assisted in providing the specifications for the software license and equipment that is needed.

Procurement Method:

IT identified a cooperative purchasing contract with Telecom Innovations Group of Itasca, Illinois, through the National Joint Purchasing Alliance (NJPA) to procure the needed services and equipment that was competitively solicited and awarded.

Department Recommendation:

The Purchasing Division vetted NJPA contract #040314-MBS and determined that it met the requirements pursuant to State of Illinois Joint Purchasing Act and the Lake County Purchasing Ordinance. Lake County may participate in joint purchasing agreements for the procurement of goods with one or more public procurement units in accordance with an agreement entered into between the participants.
