wilsonRD42 BID # 21005

January 27, 2021

Bid item #12 is a lump sum bid item for "Cleaning and prepping exposed steel reinforcement and steel wire." Page 9 of 35 in the specification acknowledges there are "a few sections of pipe and portions of the blind 90 degree bend that may have exposed steel reinforcement and/or steel wire." The spec says "after the sewer cleaning the contractor shall review the condition of all exposed steel." If cleaning reveals additional locations of steel that require prepping, will there be additional compensation for this work that's not currently identified?

Response: Based on our review of the sewer videos LCPW anticipates the following areas will have to be prepped because of exposed steel:

- 1) The blind 90 degree bend
- 2) 50 LF of pipe immediately adjacent and upstream of the blind 90 degree bend on Wilson
- 3) 50 LF of pipe immediately adjacent and downstream of the blind 90 degree bend on Rollins
- 4) One section of pipe on Rollins a distance west of the blind 90 degree bend.

If cleaning reveals additional locations there would be additional compensation.

January 26, 2021

Q#1: We've built a lot of construction projects and haven't had portable facilities on-site during our project. Can you change this from a requirement to a recommendation?

Page 2 of 35 States:

Equipment: Portable facilities must at a minimum include portable washroom facilities and hand washing stations. All other facilities must be discussed at the pre-construction meeting for approval by the County.

Construction Requirements: The portable restroom and hand washing stations shall be serviced on a weekly basis or as determined necessary by the County. The location of such facilities shall be approved by the County prior to their delivery.

A#1: NO, bid as stated in the specifications

Q#2: At the 13 minute mark of the video entitled "MH 72BB01 to MH 72AA29 (blind 90 degree bend) 2021-01-04", the pipe makes a 90 degree turn to the left. There is an elevated bench with flow coming in from the right side. Does the scope of this project include any rehabilitation of that elevated bench or associated chamber or is this project strictly rehabilitating the pipeline? Can you clarify the exact scope of this project when talking about the "blind 90 degree bend?"

A#2: The Blind 90 Bend Lining is Bid Item #9. Scope of work includes lining of the entire 90 degree bend the underside of the top slab, sides and bench areas. The Junction Chamber that can be seen through the opening to the right is work that is part of another Bid. (See attached Revised Exhibit 1).

Q#3: The spec book shows a cleaning spec on pages 15-16, and a separate pages 23-24. Which one is appropriate for Line Item No.2?

A#3: Cleaning of the two sections of 42" sewer and the blind 90 degree bend is considered incidental and required prior to lining of the pipes and the blind 90 degree bend prior to application of the chosen product(s).

Q#4: Is there any cleaning work in the 4'-10" x 8'-3" x 28'x9" Junction Chamber Structure?

A#4: NO, The Junction Chamber Structure work is part of another Bid. (See attached Revised Exhibit 1). **ADDITIONAL EXHIBIT FOR THIS BID CAN BE FOUND UNDER THE DOCUMENTS SECTION IN THE ORIGINAL BID POSTING.**

Q#5: Will Quadex GeoKrete be considered as an approved equal geopolymer liner (GeoSpray Product) for the rehabilitation of the 42-inch transmission sewers and the blind 90 degree bend?

A#5: NO, not at this time but this product may be submitted for review by the low bidder that is selected.

January 25, 2021

Question: Will LCPW be able to give me some info regarding water (hydrant) usage for this project. Did Lake County Public Works Department make arrangements?

Response: LCPW has made no arrangements with any nearby community for use of their hydrants.

LCPW would supply water to fill a water tanker truck at our Lincoln Well House site located in Fox Lake Hills at the NE corner of W Lincoln Drive and N Fairview Lane.

THIS AGREEMENT is by and between Lake County Public Works Department

(hereinafter called OWNER) and _____
(hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

ARTICLE 1 – WORK

1.01 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Repairs to the ceiling slab of the blind 90-degree bend. Lining of 850 LF of the 42” diameter trunk sanitary sewer; one run upstream and downstream of the blind 90-degree bend, extensive by-pass pumping and some traffic control

ARTICLE 2 – THE PROJECT

2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

Project Name: Rollins / Wilson 42” Transmission Sewer Lining

ARTICLE 3 – ENGINEER

3.01 The ENGINEER for this project is Lake County Public Works. The Engineer’s Consultant shall be any licensed professional architect or engineer, or working under the supervision of a licensed professional architect or engineer, who has been designated as an Engineer’s Consultant.

ARTICLE 4 – CONTRACT TIMES

4.01 Time of the Essence

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

- 4.02 Days to Achieve Substantial Completion and payment.
- A. The Work will be substantially completed within **63 (sixty three)** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **77 (seventy seven)** days after the date when the Contract Times commence to run.

4.03 Liquidated Damages

- A. OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and the OWNER will suffer financial consequences if the Project is not completed within the time specified in Paragraph 4.02.A. above, plus any extensions thereof allowed in accordance with Article 11 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss (including special, indirect, consequential, incidental and any other losses or damages) suffered by OWNER if the Project is not completed on time. Accordingly, instead of requiring any such proof of losses or damages, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER \$600 (six hundred dollars) for each day that expires after the time specified in Paragraph 4.02.A for Substantial Completion until the Work is Substantially Complete. After Substantial Completion if CONTRACTOR shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER \$200 (two hundred dollars) for each day that expires after the time specified above for completion and readiness for final payment.
- B. Permitting CONTRACTOR or Surety to continue and finish the Work or any part of the Work after the times specified for completion, or after the date to which the times for completion may have been extended, shall in no way operate as a waiver on the part of OWNER of its rights under the Contract.

ARTICLE 5 – CONTRACT PRICE

- 5.1 OWNER shall pay CONTRACTOR for the completion of the Work in accordance with the Contract Documents in current funds as shown in the Unit Price Schedule and any Supplementary Price Schedules as completed in the Bid Form, hereto attached as Exhibit "A" as accepted by OWNER, in the amount of \$_____.

ARTICLE 6 – PAYMENT PROCEDURES

- 6.1 CONTRACTOR shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

Progress Payments:

- 6.2 OWNER will make monthly progress payments on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment as recommended by ENGINEER

each month during construction as provided below. All progress payments will be on the basis of the progress of Work measured by the schedule of values established in Paragraph 2.03 of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements.

Retainage:

- 6.2.1 After each Application for Payment has been found acceptable by OWNER, OWNER will pay 90% of the estimated value less any previous payments to CONTRACTOR until the Project is 50% complete. At 50% completion, further progress payments will be made in full to CONTRACTOR and no additional amounts will be retained unless ENGINEER determines that the character and progress of the Work is not proceeding satisfactorily. Amounts previously retained shall not be paid to CONTRACTOR. At 50% completion or any time thereafter when the character and progress of the Work is not satisfactory, additional amounts may be retained but in no event shall the total retainage be more than 10% of the value of the work completed.
- 6.2.2 Upon Substantial Completion of the Work, the amount retained may be reduced. When the Work has been Substantially Completed, except for Work which cannot be completed because of weather conditions, lack of materials or other reasons which, in the judgment of OWNER are valid reasons for non-completion, OWNER may make additional payments, retaining at all times an amount sufficient to cover the estimated cost of the work still to be completed or corrected.

Final Payment:

- 6.3 Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said Paragraph 15.06.

ARTICLE 7 – PAYMENTS

- 7.1 Payments shall be made in accordance with the Local Government Prompt Payment Act.

Failure by the Contractor to carry out these requirements is a material breach of this contract which may result in the termination of the contract or other legally available remedies.
2. That, if it hires additional employees in order to perform this Contract, or any portion thereof, it will determine the availability (in accordance with the Commission's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for

each job classification for which employees are hired in such a way that minorities and women are not underutilized.

3. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, national origin, ancestry, age marital status, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.
4. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the CONTRACTOR's obligations under the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts. If any such labor organization or representative fails or refuses to cooperate with CONTRACTOR in its efforts to comply with such Act and Rules and Regulations, CONTRACTOR will promptly so notify the Illinois Fair Employment Practices Commission and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.
5. That it will submit reports as required by the Illinois Fair Employment Practices Commission's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Commission or the contracting agency, and in all respects comply with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.
6. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and the Illinois Fair Employment Practices Commission for purposes of investigation to ascertain compliance with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.
7. That it will abide by "The Veterans Preference Act, 330 ILCS 55/1" which in part provides: "In the employment and appointment to fill positions in the construction, addition to, or alteration of all public works undertaken or contracted for by the State, or any of its political subdivisions thereof, preference shall be given to persons who have been members of the Armed Forces of the United States...in times of hostilities with a foreign country..." and the Servicemen's Employment Tenure Act, as amended, 330 ILCS 60/2, "safeguarding the employment and the rights and privileges inhering in the employment contract, of servicemen."

In the same manner as with other provisions of this Contract,

CONTRACTOR will be liable for such compliance with applicable provisions of this clause by all its subcontractors; and further it will promptly notify the contracting agency and the Illinois Fair Employment Practices Commission in the event that any Subcontractor fails or refuses to comply therewith. In addition, no CONTRACTOR will utilize any Subcontractor declared by the Commission to be nonresponsible and therefore ineligible for Contracts or subcontracts with the State of Illinois or any of its political subdivision or municipal corporations.
