Comment: Agree with many public comments re: traffic concerns

Rt 12 traffic is already Terrible - worst in the state!
Do Not Need Any more Shopping Stores - All available in
Lake County at Deer Park down the street. Light + noise
Pollution, CRIME [↑] Like in this area for open Space + quiet
this is Nothing but Negative Impact!

Comment: I do not want my 1/2 million
dollar home to be anywhere close to this
mall. Entrance to this proposed mall
entrance would actually be the shared
entrance to my home!
Is this fair for someone who
pays over \$10,000 in taxes per year?

Comment: I am against this development.

Mainly due to the breach of the prior
agreement between the populations of
North Barrington + Hawthorn Woods.

Also environmental concerns (what about
the sandhill cranes), Noise + other pollutants
+ traffic increases.

Comment:

Would like to see other income
generating property. Not a mall 5 miles
to another mall.

Example:

Windmill Farm

Indoor Water Park

State of the Art Hospital

Sports Complex

Performing Arts

Comment:

① Make it a N. Barrington & Hawthorne

Woods Development

② Finish Route 53 to Rt. 170 & Lake

- Proposed in 1940

Traffic off Rt 17 - LAKE CITY RESIDENTS VOTED
FOR IT WHEN?

another shopping center. We need to appreciate
Natural Land. There are plenty of recent retail
stores-just look around. How about a "working farm"

regarding the apparent lack of concern
for residents & municipalities as well as
existing decisions & regulations.

Comment:

We moved to the Barrington
area for the country-like ~~area~~ setting.
A mall this size will destroy
our town & the environment! And the
animals.

I am unequivocally opposed to have the property at the corner of Rand Road (route 12) and old McHenry Road re-zoned from the current Residential-Estate designation to General-Commercial for the following reasons:

- Such an enormous commercial development would pose dire, area-wide impacts on local residents and business owners. Previous evaluations by experts have helped determine that such a large development would generate significant Traffic Congestion, would be an Anchor for Commercial Sprawl and a Magnet for Crime, and would negatively impact Quality of Life and other Environmental Factors in our local communities.

Respectively
