Notes to Schedule
November 30, 2024

1. Nature of Schedule of Income and Expenses

The Schedule of Income and Expenses (Schedule) is reported using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred. The revenues and expenses presented here are allocated to the Southeast Wholesale Sewer System from the Department's fiscal year 2024 audited financial statements dated May 19, 2025.

2. Reconciling Items

The attached Schedule was not prepared in accordance with accounting principles generally accepted in the United States of America and only represents revenues and expenses associated with the Southeast Wholesale Sewer System's operations and does not include all revenue and expense categories as shown in the Department's fiscal year 2024, audited financial statements. Items not presented in the attached Schedule include:

- Noncash capital contributions
- Proceeds from sale of capital assets
- Investment income

The above items were not allocated to the Southeast Wholesale Sewer System. The Schedule presented here only reports similar revenues and expenses as used in designing the Department's current rate structure during the most recent rate study.

3. Items Specific to the Southeast Wholesale Sewer System

Interest Expense, Issuance Costs and Interest Rate Subsidy

The Build America Bond Series of 2020 was issued to complete various water and sewer capital projects. The associated interest expense, issuance costs and interest rate subsidy were allocated to the Southeast Wholesale Sewer System based on the actual projects funded through this debt that were directly related to the Southeast Wholesale Sewer System customers. Principal payments are not included in the Schedule as the related capital improvement charges are recovered through depreciation.
