A motion was made by Member Hunter, seconded by Member Clark, that this ordinance be adopted. The motion carried by the following voice vote.

Aye: 19 - Member Altenberg, Member Campos, Member Casbon, Member Clark, Vice Chair Ross Cunningham, Member Danforth, Member Frank, Chair Hart, Member Hewitt, Member Hunter, Member Knizhnik, Member Kyle, Member Parekh, Member Maine, Member Schlick, Member Pedersen, Member Roberts, Member Vealitzek and Member Wasik

HEALTH AND COMMUNITY SERVICES COMMITTEE

62 24-1588

Board of Health Report.

Correction from October Board of Health Report

In October the Health Department shared information about the importance of breast cancer screenings for Breast Cancer Awareness Month. In that update, it was stated that eligible individuals could receive free screenings breast cancer screenings through the Illinois Breast and Cervical Cancer Program (IBCCP) at the Health Department. It was misstated that eligible individuals must be 50 and older. Free breast cancer screenings are offered to eligible Lake County residents ages 40 and older through IBCCP.

For an eligibility screening, please call (847) 377-8430 or visit the Health Department's website, health.lakecountyil.gov.

Respiratory Virus Season

Take appropriate precautions this respiratory virus season as RSV, COVID-19 and Flu start to circulate more.

You can prevent the spread by:

Getting vaccinated;

Staying home if you are sick;

Washing your hands often with soap and water;

Covering your coughs and sneezes;

Wearing a mask around others if you or someone you know is sick.

Once again, each household in the United States is eligible to receive four free at-home COVID-19 tests.

COVID-19 testing can help you know if you have COVID-19 so you can decide what to do next, like getting treatment to reduce your risk of severe illness and taking steps to lower your chances of spreading the virus to others.

You can order tests today at covidtests.gov

November is National Diabetes Month

November is a time for our communities to come together and bring attention to diabetes. Diabetes affects about 37 million Americans. It can damage the nerves, heart, eyes, and kidneys.

By making small changes to your everyday life, like eating healthy and staying active, you can decrease the risk of diabetes by more than 50%. Working with your primary care provider can offer you the personal care needed to improve your health.

Find more information at cdc.gov/diabetes.

Great American Smoke Out

Approximately 34 million American adults smoke cigarettes. Smoking remains the single largest preventable cause of death and illness in the world. It causes an estimated 480,000 deaths every year.

Quitting smoking isn't easy, and it takes time. Join the Great American Smoke Out on November 21, with thousands of people across the country in taking the first step towards a healthier life.

Get help quitting smoking by calling (847) 377-8090 or visiting www.lakecountyquits.com.

U.S. Antibiotic Awareness Week

November 18-24 is an opportunity to raise awareness about antibiotic resistance and the importance of proper antibiotic use. It is important to take the right antibiotics, in the right dose, for the right duration, at the right time.

When antibiotics aren't needed, they won't help you and the side effects could still cause harm.

Inappropriate use of antibiotics can contribute to the development of antimicrobial resistance. Antimicrobial resistance occurs when germs like bacteria and fungi develop the ability to defeat the drugs designed to kill them. If antibiotics and antifungals lose their effectiveness, then we lose the ability to treat infections.

63 24-1259

Joint resolution accepting the Illinois Department of Public Health grant and authorizing an emergency appropriation in the amount of \$1,000,000 for the Local Health Department Respiratory Surveillance and Outbreak Response grant.
