Board of Health Report.

Protect Yourself and Fight Flu

Now is a good time to get your flu shot. It is important to get vaccinated before flu activity increases, as it takes about two weeks after vaccination for the body's immune system to fully respond and for you to be protected.

The flu vaccine is the best way to prevent flu illness and serious flu complications, including those that can result in hospitalization.

Getting vaccinated protects people around you, including those who are more vulnerable to serious flu illness, like newborns and young children, older adults, and people with certain chronic health conditions.

The Health Department offers the flu vaccine by appointment at the Immunizations Clinic, located at 2303 Dodge Avenue in Waukegan. To make an appointment, call (847) 377-8470.

Retail clinics, pharmacies, and individual healthcare providers also provide flu shots. To find a convenient location to get your family's flu vaccinations, visit flushot.healthmap.org. November is Lung Cancer Awareness Month

Lung cancer is the leading cause of cancer deaths in Lake County. Each year, more people die of lung cancer than of colon, breast, and prostate cancers combined. Most lung cancers could be prevented because they are related to smoking or secondhand smoke.

About 36.5 million Americans still smoke cigarettes, and tobacco use remains the single largest preventable cause of disease and premature death in the world. The American Cancer Society's Great American Smokeout event is Thursday, November 16. Encourage someone you know to use this date to make a plan to quit, or plan in advance and then quit smoking that day. For help quitting smoking, contact the Health Department's Tobacco Free Lake County program at (847) 377-8090.

November is also Diabetes Awareness Month

Diabetes is the sixth leading cause of death in Lake County. Six percent of surveyed Lake County adults have been diagnosed with diabetes, and another 14 percent have

prediabetes. However, many people are not aware that they have these conditions. Two presentations about diabetes prevention and management will occur this month. These events are free, open to the public, and include free prediabetes screening: "Clear the Air: Tobacco, Diabetes, and You", Wednesday, Nov. 15, 6:00-7:15 p.m. at the Zion-Benton Public Library, 2400 Gabriel Avenue, Zion. "Break a Sweat: Exercise for Diabetes" a Spanish presentation on Tuesday, Nov. 28, 6:00-8:00 p.m. at the Round Lake Area Public Library, 906 Hart Road, Round Lake. The earlier people are diagnosed with prediabetes, the more likely that they can reverse it and prevent type 2 diabetes. Take a free online test at doihaveprediabetes.org to see if you are at risk.

Open Enrollment for Health Insurance Marketplace: November 1-December 15
Open Enrollment is here. This is the time of year to register for health insurance benefits through the HealthCare.gov website, also known as the Health Insurance Marketplace. If you do not have insurance through an employer, Medicare, Medicaid, the Children's Health Insurance Program (CHIP), or other qualifying health insurance, you have from November 1 through December 15, 2017 to enroll in a health insurance plan. Anyone who currently has coverage through the Health Insurance Marketplace must review and renew their plan during Open Enrollment.

By law, each health insurance plan must cover essential health benefits such as hospitalizations, doctor visits, and prescription medicine.

Financial assistance is still available to individuals meeting the income eligibility criteria. HealthCare.gov is the only place you can get financial help with insurance costs. Illinois residents needing in-person assistance can visit getcoveredamerica.org to find local help.

World AIDS Day is December 1

As a member of the Lake County Stands Against Stigma Coalition, the Health Department is planning an event to commemorate World AIDS Day: Friday, December 1 at 5:30 p.m. at the Urban Edge Gallery, 220 W. Clayton Street, Waukegan.

This free event is open to the public and everyone is welcome and encouraged to attend. World AIDS Day is a global event held annually every December 1 to honor individuals living with HIV, the families, friends, caregivers and communities who support them, and those that have lost battle against HIV.

Health Department Awards

The Respiratory Health Association awarded the 2017 Lung Health Champion Award to the Lake County Health Department for its efforts and success in achieving five municipal Tobacco 21 ordinances and one for unincorporated Lake County.

The Illinois Association of Park Districts awarded the Waukegan Park District, Gurnee Park District and Lake County Health Department with an Intergovernmental Cooperation Best of the Best award for their work on GO Lake County. The award recognizes agencies and units of government who successfully work together and form a partnership that maximize tax dollars and benefits to residents.

Lake County Partners Report.

Two Lake County Companies Have Chosen to Invest & Expand Locally
SGS, a leading bio/pharmaceutical analytical and bioanalytical contract solutions provider, has chosen to expand the company's facility in Lincolnshire to 58,000 sq. ft.—an investment that is expected to increase capacity by 50% and create new jobs to accommodate a wider range of services. The company currently operates globally, and has 20 laboratories that provide solutions for large pharmaceutical and biotechnology firms.

South Korean air purifier manufacturer Winix recently celebrated the company's decision to expand and relocate its North American headquarters in Vernon Hills. Winix was founded 47 years ago and the company's U.S.-based sales have grown 2.5 times in the

last 18 months as a result of its presence in Costco and on Amazon. The company plans to double its employee base in Lake County by 2019.

Two Lake County Companies Recognized Among the Best for Working Mothers
As a testament to the high caliber of global industry leaders operating in Lake County, Working Mother Magazine recently recognized Takeda Pharmaceuticals and Abbott on its annual list of the Top 100 Companies for Working Moms. The two companies were honored for their schedule flexibility, extensive family benefits and generous paid parental leave—attributes that allow local employees to develop a healthy work-life balance.

Four-hundred Students Participate in Manufacturing-Health Sciences Career Expo
Nearly 400 Lakes Community High School students, from Freshman to Seniors, participated in a Manufacturing-Health Sciences Career Expo jointly sponsored by the school, the Illinois Manufacturing Excellence Center (IMEC), the Lake County Workforce Development Department, and Lake County Partners. Students had the opportunity to meet with 10 leading Lake County employers to gain insight on career tracks within the manufacturing and health sciences industries.

Lake County Partners and the Lake County Workforce Development Department will be collaborating with two more Lake County high schools and the Technology Campus to host additional career expos next Spring to continue exposing local students to rewarding career paths.
