August 24, 2010

To those on the Planning, Building and Zoning Committee,

The reason why I am asking for an amendment is to replace an existing fence. The existing fence is dilapidated and dangerous. My wife Laura and I have two children and two dogs who occupy our fenced yard on a regular basis. The fence is approximately twenty to twenty five years old, according to the fencing companies that have given us estimates on a new fence. The fence was in existence when we bought this house approximately twelve years ago.

I have also received the permission of our homeowners association, Woodland Meadows, to construct a new fence. They have approved the application for an amendment. My neighbor, Nickolas Kovocevic, who lives next store on said easement, is in agreement to have the easement removed as well. There is no need for an easement as my neighbor's behind us also have fenced yards. This easement would lead nowhere, but to another fenced yard. The replaced fence will also enhance and increase the beauty of our neighborhood.

My family and I would greatly appreciate approval of this amendment to remove this easement. Thank you for your time and consideration to this matter.

Sincerely,

David Feczko

Nickolas Kovocevic
