Dear Robert Zastany:

I am pleased to inform you that you will receive \$28,870.00 in FY2010 funds for the Special Project-Adult Redeploy Illinois program. This is an increase to contract 11GL136000 with your agency. This increases the contract amount from \$99,244.00 to \$128,114.00 and incorporates the Special Project-Adult Redeploy Illinois program, document number L11GL136000 to Attachment E.

The purpose of this letter is to confirm the Scope of Services, as specified per Section V, "Provider Responsibilities of the Community Health and Prevention Program Manual."

The Provider will craft a local strategic plan within the requirements of the Adult Redeploy Illinois program. The local plans must include the following components:

1. Executive Summary
2. Description of and Justification for the Target Population
3. Description of the Planning Partners
4. Gaps in Sanctions and Services
5. Description of the Proposed Adult Redeploy Illinois Program Model
6. Timeline
7. Budget and Compliance with the American Recovery and Reinvestment Act

The Provider shall expend the resources allocated for this scope of services by June 30, 2010. The Provider shall submit its completed local plan to the Adult Redeploy Illinois Oversight Board no later than August 30, 2010.

The Provider shall submit payment to the Lead County Agency Name, Lake County. The Lead Agency Director is:

Mr. Michael Waller, Lake County State's Attorney
18 North County Street
Waukegan, IL 60085

This letter serves to notify you of the additional funding and will also serve to change the estimated amounts as stated in Paragraph 3.A. of your contract. No further action is required on your part. Processing of this change to your contract will begin immediately. Again, congratulations and I look forward to working with you in the future.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ivonne Sambolin".

Ivonne Sambolin, Director
Community Health and Prevention

Dear County Official,

This letter is to invite your county to apply for an Adult Redeploy Illinois planning grant for the remainder of Fiscal Year 2010. These planning grants will be non-competitive. This means that if you are eligible (see below), interested and willing to accept the requirements of the planning grant, all you need to do is submit a signed Intent to Participate Form, along with a Program Contact Information Form and Planning Grant Budget Form, in the manner outlined below by the due date, and you will receive the planning grant. These planning grants will range from \$10,000 to \$30,000, depending on the work involved in designing the plan, and are expected to run from April 1, 2010 through June 30, 2010.

What is Adult Redeploy Illinois?

The Crime Reduction Act (Public Act 096-761) took effect January 1, 2010. The Crime Reduction Act establishes the **Adult Redeploy Illinois** program, which provides financial incentives to local jurisdictions for designing community-based programs to treat offenders in the community instead of sending them to state prisons. Under the Act, funds will be offered to counties/groups of counties/judicial circuits to increase programming in their areas, in exchange for reducing the number of people they send to the Illinois Department of Corrections (with penalties if they do not meet the reduction goal). A copy of Public Act 096-0761 is available at the Illinois Criminal Justice Information Authority web site at www.icjia.state.il.us by clicking on the Adult Redeploy Illinois icon.

This invitation letter specifically relates to planning grants and is geared toward counties/groups of counties/judicial circuits that need planning time to bring together key stakeholders and develop a strategy for diverting non-violent offenders in their county from Illinois prisons. If your jurisdiction would like to accept a planning grant, please complete the enclosed Intent to Participate Form, Program Contact Form and Planning Grant Budget Form by March 26, 2010 and submit it to the contact outlined below. The completed local plan for Adult Redeploy Illinois is due no later than August 1, 2010.

Planning Grant Eligible Applicants

Applicants must be a county unit of government in good standing with the State of Illinois. Counties may apply individually or as a group or circuit. A lead county must be selected to serve as the grantee. If an Intent to Participate form is received from more than one entity in identical or overlapping jurisdictions, further discussion with the applicants will be warranted regarding eligibility for receiving the planning grant.

Planning Grant Requirements

As part of the Adult Redeploy Illinois planning grant process, recipient counties will be expected to gather and analyze relevant criminal justice system data, including, but not limited to, current services offered, services needed, strategies for service delivery, potential eligible populations, local governance of issues, data collection and analysis capabilities, and estimated costs involving alternatives to incarceration. Planning grant recipients will also be asked to participate in designated meetings held as part of the Adult Redeploy Illinois program to facilitate the planning grant process.

The information collected through the planning grant process will be submitted at the end of the grant period as part of the jurisdiction's local plan for implementing an Adult Redeploy Illinois program should the jurisdiction be awarded an implementation grant through a separate Request For Proposal (RFP) process. Submitting a local plan is a requirement of the planning grant.
