CHAIR'S REMARKS

I would like to congratulate Al Giertych, Assistant County Engineer, with the Division of Transportation on his announced retirement. After a 35-year career with Lake County, Al will be retiring on June 30. Al began his Lake County career in 1987 as the Department Engineer for Building and Zoning. He was recruited by the Highway Department and in 1989 became the Director of Highway Maintenance. In 2000, Al became the County's first Assistant County Engineer and has effectively served three separate county engineers in that role over the last 20 years. Over his career, Al has made a positive and significant contribution to Lake County government and our residents. His leadership, integrity, and intellect have been dedicated to public service, and the impact is apparent when we look at his career highlights.

Al currently serves as the president of the Executive Committee for the Des Plaines River Watershed Workgroup. He has also served as President of the Lake Branch of the American Public Works Association, and as an instructor for IDOT's Bureau of Local Roads Technology Training program.

Al played an instrumental role in developing and implementing the "Challenge Bond" projects. He has prepared countless Snow and Ice plans for DOT's winter operations, and most recently served as a mentor to many of our younger staff members.

We thank Al for all his contributions, and for dedicating his career to Lake County. I understand Al and his wife plan to kickoff retirement by touring some of our nation's National Parks and we hope they enjoy every moment.

Scripps National Spelling Bee

Sahasrad Sathish represented Lake County at the National Spelling Bee in Washington D.C. He is 13 yrs. old from Grayslake, Illinois and attends Lake Forest Country Day School. He tied for 9th place in round 8 of the finals last night.

The Lake County Sheriff's Office held their annual Police Memorial last month and I know it was well attended. Vice Chair Cunningham (others?) were in attendance and we are grateful for Sheriff Idleburg for holding this important event every year to recognize the officers who have lost their lives in the line of duty.

I had a meeting with PACE Chairman Rick Kwasneski, who was also recently in Lake County kicking off the PACE countywide transportation service. They finished the first full month in operation in May with 1793 trips, more than double the Ride LC West and Central LC services combined. 90% of trips were 10 miles or less, and of those, 70% were

5 miles or less. More trips, but similar length. Trips to work were about 1/3 of trips, medical appointments and dialysis were another 1/3. Final 1/3 was a combo of other/social/school/shopping.

Stormwater Management Commission Burr Oak groundbreaking.
Attended with Members Frank, Maine, and Parekh along with the SMC team led by Kurt Woolford. Want to thank our Lake County delegation again, as I always do, for their work in securing \$122 million in stormwater infrastructure monies to alleviate the catastrophic flooding LC has seen in recent years. This groundbreaking project will protect businesses and residences in Lake Forest and will move stormwater to the lake using the existing ravine.

Last month I joined the board of Lake County Opioid Initiative. Linda Pedersen has been a long-standing member of LCOI and I'm happy to be serving with Linda. Even prior to the pandemic, the number of people whom we have lost to opioid overdoses was high, and that number keeps growing and is higher than ever. On a recent call with Mark Pfister with the hospitals, he stated that greater than 87% of the recent overdoses had traces of fentanyl, which is been a key driver of fatal overdoses across the nation. In 2020 alone, Lake County opioid overdose deaths rose 19.5 percent

The Lake County Health Department is combating the opioid crisis in a multitude of ways, including the distribution of free Naloxone to community members and law enforcement personnel. Naloxone is a non-addictive, life-saving medication. It can reverse the effects of an opioid overdose when used in time. It is easy to get and easy to use. Lake County residents, especially those whose loved ones may be using opioids, are encouraged to have Naloxone on hand in case of an overdose. Call 847.377-8199 to receive Fentanyl strips

NACO Peer Exchange in Pima, Arizona.

In late May I attended a peer exchange conference in Pima, AZ (Tucson) with Dr. Geller from the Independence Center to hear about their successes increasing the number of patients they've been able to connect with mental health and substance abuse treatment through the use of an integrated peer program, a pre-booking module for law enforcement, and their law enforcement/mental health support teams, which we also have here in Lake County. My takeaway is that we do much of this work, and we need to continue to make sure all of our partners are aware of the different programs we offer to help people of all backgrounds access these programs.

Board of Health Report.

Coronavirus (COVID-19) Updates

As of June 9, 2022, Lake County has had over 139,799 confirmed COVID-19 cases and 1,394 deaths throughout the pandemic. Lake County's recovery rate is 99%.

Lake County is one of 32 Illinois counties that have returned to the "high" community level.

The change is a result of an increased rate of COVID-19 cases, which is currently at 304.65 per 100,000 residents, and new COVID-19 admissions, which is at 11 per 100,000 residents.

When a county enters the "high" community level, the CDC recommends:

Wearing a mask indoors in public

Staying up to date with COVID-19 vaccines

Getting tested if you have symptoms

Considering taking additional precautions if you are at high risk for severe illness

Coronavirus (COVID-19) Vaccine Updates

As of June 9, 2022:

Over 258 million people, or 78% of the U.S. population, have received at least one dose of a COVID-19 vaccine.

Over 221 million people, or 67% of the U.S. population, are fully vaccinated.

Over 104 million people, or 47% of the fully vaccinated population, have received a booster dose.

Nearly 84% of all eligible Lake County residents, ages 5 years and older, are fully vaccinated.

Beginning June 15, 2022, the FDA will meet to discuss the authorization of COVID-19 vaccines for children under 5 years old. The nation's 18 million children in this age group remain the only ones not yet eligible for COVID-19 vaccination.

Each household in the United States is eligible for a third round of free at home COVID-19 tests. The tests originally became available to each household in January 2022. Visit [COVIDtests.gov](https://www.covidtests.gov) or call 1(800) 232-0233 to order your household's eight free tests today if you have not already.

COVID-19 vaccination remains our best path forward to ending the COVID-19 pandemic. We encourage residents to explore their options for COVID-19 vaccines and boosters.

Lake County Health Department earns "LGBTQ+ Health Care Equality Leader" Designation

The Lake County Health Department joins 496 healthcare providers nationwide earning the LGBTQ+ Health Care Equality Leader designation in Human Rights Campaign Foundation's Healthcare Equality Index.

The designation is awarded to organizations that achieve the coveted top score of 100. The HEI evaluates and scores healthcare facilities on detailed criteria falling under four central pillars:

Foundational Policies and Training in LGBTQ+ Patient-Centered Care;

LGBTQ+ Patient Services and Support;

Employee Benefits and Policies; and,

Patient and Community Engagement.

The Lake County Health Department and Community Health Center strives to provide a comfortable place where anyone can seek healthcare without the fear of being discriminated.

June is Pride Month

Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) Pride Month is currently celebrated each year in June to honor the 1969 Stonewall Uprising in Manhattan.

Today, Pride celebrations include parades, picnics, parties, workshops, and more, and attract millions of participants around the world. Memorials are held during this month for those members of the community who have been lost to hate crimes or HIV/AIDS. The purpose of Pride Month is to recognize the impact that LGBTQ individuals have had on history.

On June 4, the Health Department was one of many organizations participating in the Lake County Pridefest to celebrate Pride month and promote health and wellness for the LGBTQ+ community.

The Health Department offers comprehensive HIV care and prevention, including pre-exposure prophylaxis (PrEP), transgender health services, and affirming services for members of the LGBTQ population. Call (847) 377-8450 for more information.
