Re: **CDBG Year 2011 (#1117) and 2012 (#12XX pending)**
Village of Round Lake Heights

Dear Community Development Commission,

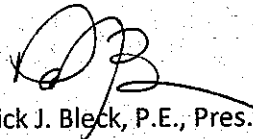

The Village Board of Round Lake Heights respectfully requests a change in scope for their CDBG Year 2011 and 2012 projects. The proposed change of scope would be from water main improvements to pavement improvements.

With the recent reduction in funding levels the Village Board is requesting that the CDBG funds (both years) be put towards paving roadways, instead of installing water main. The area that is being considered for paving is located east of Lotus Drive, north of Rollins Road and from Mohawk Trail south. The paving project is within the same census track/block and will cover a larger area and benefit more of the residence. The Village's portion of this project will be funding from their Motor Fuel Tax account. The Village will leverage at least 20% of this project.

Thank you for your consideration.

Very truly yours,

BLECK ENGINEERING CO., INC.

Patrick J. Bleck, P.E., Pres.
Engineer for the
Village of Round Lake Heights
