ADDENDA TO THE AGENDA**SPECIAL RECOGNITION AND PRESENTATIONS****1** [23-1112](#)

Special recognition proclaiming August 2023 as Celebrate Diversity Month.

This matter was presented

PUBLIC COMMENT (ITEMS NOT ON THE AGENDA)

Public Comment was made by:

Abhay K. Malpani, of Vernon Hills

Hemant Khatod, of Vernon Hills

Sheel Gupte, of Vernon Hills

William Bremer

Alshil Ramasani, of Vernon Hills

Wayne Kowalski, of Buffalo Grove

Stephen Miller, representing Coalition Legal

Clyde McLemore, representing Black Lives Matter

Rayon Edwards

CHAIR'S REMARKS

I want to start by commending just some of our outstanding employees in lake County Government, beginning with Deputy Turkson in Sheriff Idleburg's office, who recorded 55 DUI arrests last year, which is higher than any other deputy or police officer in Lake County, on the list.

In addition to their other significant responsibilities, sheriffs' deputies place a high emphasis on arresting drunk and high drivers. As Sheriff Idleburg stated in the press release, his team understands the risks drunk and high drivers place on everyone else.

Congratulations to Deputy Turkson and Deputies Ascencio, Skrypek, Eng, Nirva and Sergeant Struck who were also named as 'AAIM's Top Cops.'

I want to recognize Dan Eder, Manager of Emergency Management Agency, who spoke at the National Homeland Security Conference in Chicago on "Highland Park, IL- Independence Day Domestic Terrorism" with Ghida Neukirch, city manager for HP. This conference is attended by over 1000 Homeland Security professionals from around the United States. Dan and Ghida shared valuable expertise and have already been asked to speak at additional conferences around the country to help other communities respond to mass shooting events.

Lastly, Rebecca Kumar, EMA Asst. Manager, will be graduating from the FEMA Advanced Academy in September. This is a highly competitive process and we know that she added a lot of value at the training. For the first time, FEMA will be in Illinois to conduct the academy brings together leadership from across the State and some partners in our neighboring States.

NACO Conference: Lake County Representative and our Vice Chair Mary Ross Cunningham, who serves on Ambassador and Economic Development Workforce Board Vice Chair and the Veteran Board, has always talked about the importance of attending NACO. It was great to have a good group of county board members and staff attend the conference. We made sure to divide ourselves across the various sessions so we could bring back key learnings for our staff. Pleased to see that in many cases Lake County has been doing the programs that were being highlighted.

At the last meeting, I asked that CMAP come back to inform the board of the recommendations on how to get out of the fiscal clip. Hopefully we will hear them in September.

UNFINISHED BUSINESS

NEW BUSINESS

CONSENT AGENDA (Items 2 - 33)

Public Comment on Consent Agenda items 17,18 and 20 was made by Rayon Edwards.

Public Comment on Consent Agenda item 19 was made by Clyde McLemore.

REGULAR AGENDA***HEALTH AND COMMUNITY SERVICES COMMITTEE*****34** [23-1122](#)

Board of Health Report.

Access Lake

A new entity, "Access Lake", has been incorporated as a 501(c)(3) with the purpose of improving the coordination of access to specialty care for uninsured, low-income residents of Lake County.

The Board will be made up of executive leaders from Lake County hospitals, safety net primary care (with Mark Pfister representing the Health Department Community Health Centers) and Erie Family Health Center, as well as County Board Chair Sandy Hart.

Benefits to hospitals and residents include avoided uninsured ER visits, increased physician participation as a result of predictable and prospective care requests, and avoided high-cost charity care in later-stage illness.

A roll-out event is tentatively scheduled for September 13, 2023. More details and formal invitations are forthcoming later in August.

Health Department Outreach to the Ukrainian Community

The Health Department recently received funding to do outreach to Ukrainian refugees on the importance of Tuberculosis (TB) screenings and prevention.

According to the World Health Organization, Ukraine has the fourth-highest TB incidence in the WHO European region and the fifth-highest number of confirmed cases of extensively drug-resistant TB.

Before the Russian invasion of Ukraine, several interventions were underway to mitigate the TB epidemic in the country.

The Health Department is working to make sure that Ukrainian refugees are aware of services available at the TB Clinic and Lake County Health Department.

Vaccinate to Protect Against Preventable Diseases

August is National Immunization Awareness Month. Make sure your children are ready for the upcoming school year by scheduling vaccines and physicals now.

Vaccines give you the power to protect your family against serious diseases like measles, whooping cough, cancers caused by human papillomavirus (HPV), and pneumonia.

By getting your children vaccinated, you can:

Protect the health of your child and their classmates

Help your child focus on learning

Keep your child in school more

Make sure your child isn't left out of sports and activities

Call your healthcare provider today to make an appointment.

August is Children's Eye Health and Safety Month

Many vision problems begin at an early age. It is important that children get the recommended eye exams to keep their eyes healthy. Healthy vision is important for a child's overall development.

The Health Department provides hearing and vision screenings for children ages 3 to 18 years old at schools, preschools, and daycares in Lake County.

School officials must contact the Hearing & Vision Screening Program at (847) 377-8901 to receive services.

August is National Breastfeeding Month

Breast milk is a great source of nutrition for babies.

The USDA recommends that infants be exclusively breastfed for the first 6 months, and then continue while introducing complementary foods until the child is 12 months or older. In addition to Nutrition and health education, the Health Department's Women, Infants & Children (WIC) program provides education and support for breastfeeding moms and babies.

Moms receive one-on-one support from a Breastfeeding Peer Counselor or lactation specialist, and breast pumps for those who qualify.

For more information about the WIC program, Call (847) 377-8420.

Air Quality Notifications

While the air quality in Lake County and surrounding areas has improved, it is a good idea to stay updated on the air quality forecast.

Knowing the air quality in your area can help you make the best decisions for yourself and your loved ones.

Sign up for air quality notifications at [EnviroFlash.info](https://enviroflash.info) and visit [AirNow.gov](https://airnow.gov) to learn more about air quality data in your area.

Lake County Partners Update.

LAKE COUNTY'S ECONOMY IS GROWING & PRIMED FOR SUCCESS

Lake County Partners' 2022 Annual Report showcased evidence of a very healthy local economy, with LCP fueling \$202 million in capital investment, 419 new jobs and 112 retained jobs in 2022. This momentum has continued in the first half of this year—so far, LCP has driven \$193 million in capital investment, created 506 new jobs and retained 496 existing jobs. The business attraction/expansion project pipeline is robust, particularly in advanced manufacturing, life science and sustainable energy.

Over the last month alone, several companies have announced plans to expand in Lake County including biopharmaceutical company Bristol Myers Squibb in Libertyville, PR firm Polaris Media in Lake Forest, and pickle manufacturer Northstar in Lake Zurich. Conversations with business leaders are optimistic, with many forecasting continued growth heading into the fall.

Growth will be further bolstered on a number of fronts:

Imperien has announced a \$65 million investment in a logistics spec development at Trumpet Park in Zion, with construction on a half-million sq. ft. facility beginning in 2024;

Rosalind Franklin has received several multi-million grants to support research, and the university recently completed the buildout of an additional 14,000 sq. ft. of lab space in its Innovation and Research Park to support growing life science companies;

CNBC ranked Illinois among the top in the nation for business, particularly in the areas of infrastructure, education, access to capital, cost of living, life, health and inclusion;

The Greater Chicagoland Economic Partnership celebrated the first 6 months of operation, highlighting a united regional front for business attraction; and,

LCP embarked on several action items related to implementation of the Comprehensive Economic Development Strategy, rolling out initiatives related to:

Early Childhood Education—LCP is working with a group of philanthropic and educational partners to build on the results of a landscape assessment, and design a path forward to provide critical services.

Housing— LCP has initiated a study to examine demand across a variety of types and price points to ensure that Lake County's housing landscape is competitive and attractive; a final study is scheduled to be complete later this year.
