**NOTICE OF AWARD TO 72 HOUR LLC, DBA NATIONAL AUTO FLEET GROUP
Request for Proposal #120716
VEHICLES, CARS, VANS, SUV'S, AND LIGHT TRUCKS WITH
RELATED EQUIPMENT, ACCESSORIES AND SERVICES**

January 16, 2017

72 Hour LLC, dba National Auto Fleet Group
490 Auto Center Drive
Watsonville, CA 95076

Dear Mr. Cooper:

Congratulations! You have been awarded an NJPA national contract for procurement of "Vehicles, Cars, Vans, SUV's, and Light Trucks with Related Equipment, Accessories and Services." Your proposal was accepted, deemed responsive, evaluated, and recommended for award by NJPA's Evaluation Committee as a solution to meet our members' needs. NJPA's Chief Procurement Officer and the Executive Director have approved a contract award to 72 Hour LLC, dba National Auto Fleet Group, and this award will be effective on the date stated in the Acceptance and Award document.

This award means that you are now an "NJPA Awarded Contract Vendor" and are part of a select group of world-class vendors. We have attached the NJPA Acceptance and Award. Please check to make sure that your organization's authorized representative has signed this document and has provided a fully executed copy to NJPA.

Mike Domin is your NJPA Contract Administrator and will be contacting you soon to discuss plans to make this contract a success for you and our members. Here is Mike's contact information.

Office Phone: 218-895-4148
Cell Phone: 218-838-4545
Email: mike.domin@njpacoop.org

Sincerely,

Jonathan Yahn
Contracts and Compliance Manager

3K DUMB	Plain cut 3rd key, no programming required.	\$40
3K CHIP	Additional key cut and programmed (No Remote)	\$75
3KR	Additional Key and Remote (Where Applicable)	\$275
3K SMART	3rd Smart key for vehicles with proximity access.	\$375
SAFE-T	Amerex 5lb Fire extinguisher, First Aide Only first aid kit, and King James & Co road triangles	\$305
5GCR	5 Gallon Water Cooler Rack & Cooler (Specify Mounting Location)	\$175
CONE	Safety Cone Holder Mounted to front tow hook per Orange County Specs (furnished and installed by General Truck Equipemnt)	\$219
STIRRUP	One rubber stirrup step mounted under bumper, curbside-rear.	\$185
CABLE	One cable type hood step installed to curbside of bumper to work in conjunction with grab handle.	\$145
GRAB	Grab handle mounted at curbside rear of body.	\$105
GT18	18" Deep HD Shelf Bumper with Storage (REQUIRES DRW SERVICE BODY)	\$1,325
GT20	20" Deep HD Shelf Bumper with Storage (REQUIRES DRW SERVICE BODY)	\$1,325
MECH 7	7 Drawer American Eagle Mechanics Drawers Curbside Front Compartment (REQUIRES DRW SERVICE BODY)	\$1,925
FDS	Fold Down Step on Left side of Hitch	\$275
FS-COM750-RND-2	(2) Federal Signal LED 750 lumen Round Work Lights	\$318
FS-COM1200-RND-2	(2) Federal Signal LED 1200 lumen Round Work Lights	\$388
NANO6	(2) Whelen Nano-6 LED Pioneer flood light with bail mount installed at arear of utility body facing rear.	\$705
N2	NITROGEN FILLED TIRES	\$149
N2 HD	NITROGEN FILLED TIRES (3/4 TON VEHICLES AND UP)	\$169

VMAC PTO D	<p>DTM70 (PTO Driven Air Compressor) The VMAC DTM70 is a PTO driven direct transmission mounted rotary screw air compressor, the first of its kind on the market. It mounts directly to the PTO on the transmission of any 4WD or 2WD Ford Super Duty F250-F550 truck with 6.7L Power Stroke diesel. It has all the benefits of a traditional under deck, without the installation hassles – no transfer case modifications, no drive shafts, and no warranty concerns. Up to 70 CFM and up to 175psi at 100% duty cycle. Two years on all major components; VMAC air ends are covered by VMAC's Lifetime Warranty. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application.</p>	\$11,270
<hr/>		
VMAC PTO DH	<p>DTM70H (PTO Driven Air Compressor w/Hydraulic) Air Compressor Output Up to 70 CFM* @ 100 psi (175 psi max); actual CFM output dependent on engine RPM (see chart below) Air Compressor Type PTO driven, direct transmission mounted, 100% duty cycle, VMAC oil-injected rotary screw. Weight (wet) Approximately 180 lbs (81.6 kg) PTO (included) CHELSEA® 249 Series, electrically actuated, PTO indicator lamp Throttle Control 2 throttle control set-points available Adjustable up to 3,000 RPM Allows for dual speed operation with cranes that have available input/output for high idle mode Control System On/Off function of PTO and compressor LCD display Service notifications Error messages System temperature Compatible with start/stop crane modules Allows for simultaneous operation of both the air compressor and hydraulic pump Safety System Automatic compressor heater function Compressor over-temp sensor Automatic rapid blow-down valve on tank 200 psi air pressure relief valve Truck drive disable circuit on throttle control Truck park brake safety shut-off switch on control box Two years on all major components; VMAC air ends are covered by VMAC's Lifetime Warranty. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. RAPTAIR-MF	<p>Raptair-MF (Multi-Function 6-in-1) The RAPTAIR-MF is six systems in one that includes a 45CFM air compressor, a generator, a welder, a battery booster, a battery charger and a PTO port. This also decreases the equipment that requires servicing and makes maintaining that equipment easier and less expensive. Provides a potential truck fuel savings of 30%-35% due to its light weight and reduced idling. Also its Intelligent Digital Controls automatically shut down the Multifunction system and enter standby mode when air is not required, further decreasing your fuel costs. The system will then automatically restart when you start using your air tool. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application.</p>	\$23,215
FILTER	<p>Optional Filter Regulator: A700151 (3/4") Filter Regulator Lubricator (F.R.L.) is designed to remove compressor lubricants, dirt and water from the air stream. The built in regulator can reduce the air pressure to extend the life of your tools. The lubricator adds atomized tool oil to the air stream to lubricate your pneumatic tools. If you need regulated, clean air for your tools, the F.R.L. is an effective component of your air system. 5 lbs. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. Air-N-Arc 300 Gas

The Air N Arc 300 system, provides more efficient use of your truck bed and reduces cost by combining five power sources - Rotary screw on-demand air compressor, 7 kW generator, 300 AMP welder, battery booster and battery charger - into one single unit. Designed as a true two generator system, the Air N Arc 300 series allows multi-functioning such as welding and generator for lights for night time service Engine Gas: Engine Gas: 26.5 HP Kohler®, Air Cooled. Air Compressor Rotary Screw: 175 PSI, 40 CFM. Generator: 7 kW Peak - 6.8 kW Continuous, AC Power, 60 Hz, Single Phase, 120V and 240V Outlets. Welder: High Frequency DC welding, 270 AMPS at 100% duty cycle CC: 40-300 AMPS Operating Range, CV: 15-30 Volts. Battery Charge/Booster: 300 AMPS 12V/24V Boost, 50 AMP 12V Charge Drive System Belt Driven Fuel Capacity: 12 Gal. Integral Tank. w/ 10' Remote Panel (Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The system offers a small footprint for side pack or behind-the-cab mounting and is ideal for trucks with hydraulics already installed, such as crane trucks. Drive System: Open Center Hydraulic. Hydraulic Requirements: 14.5 GPM @ 2500 PSI Single function. Air Compressor: Rotary Screw, 40 CFM, 175 PSI. Generator: 7 kW Peak - 6.8 kW Continuous, AC Power, 60 Hz, Single Phase, 120V and 240V Outlets. Welder: High Frequency DC Welding, 270 AMPS at 100% Duty Cycle CC: 40-300 AMPS Operating Range, CV: 15-30 Volts. Battery Booster/Charger: 300 AMPS 12V/24V Boost, 50 AMP 12V Charge. w/ 10' Remote Panel. (Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the system. We would like to schedule a pre build call with a representative of your agency so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application. Additional Charges Will apply.)

\$15,530

Air-N-Arc 300 OPEN

Vanair's inclusive, innovative, indispensable Air N Arc® I-300 is the first system in the world to offer six forms of power in a single 48" unit with full multi-functioning capabilities. The Air N Arc® I-300 unique system allows you to turn off the trucks engine and while still supporting the electrical of the truck, so all the emergency lighting can still be used without fear of killing the truck battery. Based on the technology of the Air N Arc® 300 diesel system, it provides an integrated 40 CFM rotary screw compressor, 7 kW AC generator, 300 AMP welder, battery booster and battery charger, with the added power of a 13 GPM hydraulic pump...all driven by a single engine. The Air N Arc® I-300 offers enough power to run a crane and the technology to integrate with the crane control. Engine: 25 HP Kubota®, Liquid Cooled (Tier 4 Compliant) Air Compressor: Rotary Screw, 40 CFM Free Air at High Speed 30 CFM Free Air at Idle, 175 PSI Generator: 7 kW Peak - 6.8 kW Continuous, AC Power, 60 Hz, Single Phase, 120V GFCI and 240V Outlets Hydraulic Output: Up to 13 GPM, Up to 3000 PSI (10.5 GPM Hydraulic Piston Pump) Welder: High Frequency DC Welding, 270 AMPS at 100% Duty Cycle CC: 40-300 AMPS Operating Range, CV: 15-30 Volts Battery Charge/Booster: 300 AMPS 12V/24V Boost, 50 AMP 12V Charge Drive System: Belt Driven Fuel Capacity: Plumb to Chassis or Remote Tank Provided by Customer. Open System w/10' Remote Panel. (Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the system. We would like to schedule a pre build call with a representative of your agency so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application. Additional Charges Will apply.)

Powerflex HPU	<p>Vanair's Powerflex® HPU is equipped with a powerful hydraulic pump, providing 13 gpm and up to 3000 psi for your aerial crane and vehicle safety lights - all with the trucks engine off. The HPU, is tier 4 compliant and is small enough to fit in a variety of load spaces. DC Generator: 12V Charge, 250 AMP Alternator. Hydraulic Flow: Up to 13 GPM. Hydraulic Pressure: Up to 3000 PSI. Drive System: Belt Driven. Engine Type: 25 HP Kubota® Tier 4 Final. Fuel Type: Diesel. Fuel Capacity: Plumb to Chassis or Remote Tank Provided by Customer. Dimensions: With Fittings: 47.0 L x 21.5 W x 26.4 H. w/10' Remote Panel. (Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the system. We would like to schedule a pre build call with a representative of your agency so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application. Additional Charges Will apply.)</p>	\$15,165
Powerflex AE	<p>Vanair's® Powerflex™ AE provides you with the power to get the job done, anywhere you need it, while still complying with today's anti-idling regulations. Featuring a 40 cfm rotary screw air compressor for air-on-demand that can power up to 1" impact wrench and a 7kW generator for all our electric needs, the Powerflex™ AE provides you with the tools to get the job done, with your truck engines turned off. CFM Rating: 40 CFM @ High Speed. Air Pressure: 150 PSI. Compressor Type: Rotary Screw. AC Generator: 6.8 kW @ 60 Hz, 120/240 V. Engine Type: 25 HP Kubota® Tier 4 Final. Drive System: Belt Driven. Fuel Type: Diesel. Fuel Capacity: Integrated 12 Gal. w/ 10' Remote Panel. (Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the system. Reading

CM3-108ALS SW	Reading CM3 9ft DRW Crane Body, Supports a 1,000 to 3,200-pound capacity crane. Includes manufacturer required completed vehicle certification.	\$10,625
CM3-108ALS DW	Reading CM3 9ft DRW Crane Body, Supports a 1,000 to 3,200-pound capacity crane. Includes manufacturer required completed vehicle certification.	\$11,205
CM6-108A	Reading CM6 9ft DRW Crane Body with raised curbside front compartment, Supports a 6,000-pound capacity crane. Includes manufacturer required completed vehicle certification. Designed for 15,000# GVWR chassis.	\$19,745
CM3-132ALS DW	Reading CM3 11ft DRW Crane Body, Supports a 1,000 to 3,200-pound capacity crane. Includes manufacturer required completed vehicle certification.	\$12,825
CM6-134A	Reading CM6 11ft DRW Crane Body with raised curbside front compartment, Supports a 6,000-pound capacity crane. Includes manufacturer required completed vehicle certification. Designed for 15,000# GVWR chassis.	\$22,480
CM8-134A	Reading CM8 11ft DRW Crane Body with raised curbside front compartment, Supports a 8,000-pound capacity crane. Includes manufacturer required completed vehicle certification. Designed for 26,000# to 33,000# GVWR chassis	\$24,345
3,000-4,000LB CLASS		
3612REE-15	Liftmoore 3200 LB E/H 10,000 ft.lb rated crane with manual out riggers, boom rest, crane side spring buildup, and additional battery in crane compartment (Requires CM3 Body).	\$15,330
3612X 9-15	Liftmoore 3600 LB E/H 12,000 ft.lb rated crane with manual out riggers, boom rest, crane side spring buildup, and additional battery in crane compartment (Requires CM6 Body).	\$15,790
4000X-16	Liftmoore 4000 LB E/H 16,000 ft.lb rated crane with manual out riggers, boom rest, crane side spring buildup, and additional battery in crane compartment (Requires CM6 Body).	\$18,160
5,000LB CLASS		
5000WX-20	Liftmoore 5000 LB E/H 25,000 ft.lb rated crane with manual out riggers, boom rest, crane side spring buildup, and 2 additional batteries in crane compartment (Requires CM6 Body).	\$23,785
6,000-8,000LB CLASS		
6036WX-20	Liftmoore 6000 LB E/H 36,000 ft.lb rated crane with manual out riggers, boom rest, crane side spring buildup, and 2 additional batteries in crane compartment (Requires CM6 Body).	\$25,155
3660XP-20	Liftmoore 6000 LB Hydraulic 36,000 ft.lb rated crane with full hydraulic out riggers, boom rest, and crane side spring buildup (Requires CM6 Body).	\$38,635
5080XP-20	Liftmoore 8000 LB Hydraulic 50,000 ft.lb rated crane with full hydraulic out riggers, boom rest, and crane side spring buildup (Requires CM8 Body).	\$41,700

Warner

WS2108 M DW U LDCR	Warner 9' DRW reinforced crane body for up to 18,500 lb.ft. rated cranes. Includes 12" work bench bumper, manual outriggers, and standard shelving. Also includes manufacturers required completed vehicle certification.	\$11,150
WS2108 M DW U HD 5-8K	Warner 9' DRW reinforced crane body for up to 36,000 lb.ft. rated cranes. Includes 12" work bench bumper, manual outriggers, and standard shelving. Also includes manufacturers required completed vehicle certification.	\$13,390
WS2132 M DW U LDCR	Warner 11' DRW reinforced crane body for up to 18,500 lb.ft. rated cranes. Includes 12" work bench bumper, manual outriggers, and standard shelving. Also includes manufacturers required completed vehicle certification.	\$12,720

AT200A	ALTEC Model AT200A (Working height: 35.1 fee) telescoping aerial device with end mounted, hydraulically leveled platform WITH 9' DRW service body. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES 60" CA, 18,000 GVWR, PTO PROVISION, HEAVY FRONT SUSPENSION.)	\$46,075
AT37-G	ALTEC Model AT37G (Working height: 42.8 feet) telescoping/articulating continuous rotation aerial device with an insulating articulating arm, insulating telescopic upper boom, and the patented ISO-Grip insulating system at the boom tip WITH 9' DRW SERVICE BODY AND 38" TAIL SHELF. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES 60" CA, 19,500 GVWR, PTO PROVISION, HEAVY FRONT SUSPENSION.)	\$74,360
AT41M/P/S	Altec Model AT41M (Working Height: 45.8 feet) Articulating Telescopic Aerial Device with a fiberglass upper boom and fiberglass insulator in the articulating arm and proportional joystick upper controls. Built in accordance to ALTEC's standard specifications WITH ALTEC LGSS-132-84 low side general service body. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES 84" CA, 19,500 GVWR, PTO PROVISION, HEAVY FRONT SUSPENSION.)	\$105,125
AT48M/P/S	Altec Model AT48M (Working Height: 52.5 feet) Articulating Telescopic Aerial Device with a fiberglass upper boom and fiberglass insulator in the articulating arm and proportional joystick upper controls. Built in accordance to ALTEC's standard specifications WITH Altec LGSS-132-84 (81) Low-Side General Service Body With Step. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES 84" CA, 19,500 GVWR, PTO PROVISION, HEAVY FRONT SUSPENSION.)	\$121,520
LR758	ALTEC Model LR7-58 (Working Height: 63.3 feet) Articulating Overcenter Aerial Device with an insulating lower boom, insulating upper boom and the Altec ISO-Grip insulating system at the boom tip installed behind the cab WITH Altec Chip Dump Body 14.5 cubic yard capacity, 96 inches wide x 60 inches high x 132 inches long (2438 x 1524 x 3353 mm) with ladder box on curb side of body and single piece tailgate. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES MED DUTY CHASSIS)	\$101,880
LR760-E70	ALTEC Model LR7-60E70 (Working Height: 75.3 feet) Articulating Overcenter Aerial Device with an insulating lower boom, insulating upper boom and the Altec ISO-Grip insulating system at the boom tip. For installation behind the cab WITH Altec Chip Dump Body 14.5 cubic yard capacity, 96 inches wide x 60 inches high x 132 inches long (2438 x 1524 x 3353 mm) with ladder box on curb side of body and single piece tailgate. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES MED DUTY CHASSIS)	\$130,105
TA50	Altec Model TA50 (Working Height: 54.5 feet) Articulating Telescopic Aerial Device with a fiberglass upper boom and fiberglass insulator in the articulating arm and a proportional joystick upper control and toggle switches. Built in accordance to ALTEC's standard specifications WITH 160 inch Universal Aerial Body, suitable for installing on any 4x2 chassis with an approximate CA dimension of 108 inches. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES MED DUTY CHASSIS)	\$128,490
AA55	Altec Model AA55E (Working Height: 60.1 feet) Articulating Non-Overcenter Aerial Device with a fiberglass upper boom and fiberglass insulator in the lower boom and a proportional joystick upper control and toggle switches. Built in accordance to ALTEC's standard specifications and to include 170 inch Large Universal Aerial Body with outrigger housings, suitable for installing on any 4x2 chassis with an approximate CA dimension of 120 inches. CONTACT DEALER FOR FULL DESCRIPTION AND DETAILS. (REQUIRES MED DUTY CHASSIS)	\$136,250

FORM E
CONTRACT ACCEPTANCE AND AWARD

(Top portion of this form will be completed by NJPA if the vendor is awarded a contract. The vendor should complete the vendor authorized signatures as part of the RFP response.)

NJPA Contract #: 120716-NAF

Proposer's full legal name: 72 Hour LLC, dba National Auto Fleet Group

Based on NJPA's evaluation of your proposal, you have been awarded a contract. As an awarded vendor, you agree to provide the products and services contained in your proposal and to meet all of the terms and conditions set forth in this RFP, in any amendments to this RFP, and in any exceptions that are accepted by NJPA.

The effective date of the Contract will be January 17, 2017 and will expire on January 17, 2021 (no later than the later of four years from the expiration date of the currently awarded contract or four years from the date that the NJPA Chief Procurement Officer awards the Contract). This Contract may be extended for a fifth year at NJPA's discretion.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.
2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.
3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.
4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.
5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.
6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: National Auto Fleet Group _____

Questionnaire completed by: Jesse Cooper _____

Payment Terms and Financing Options

1) What are your payment terms (e.g., net 10, net 30)?

Net 30

2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?

Absolutely. We provide both municipal financing and municipal leasing available to all NJPA members in every state. We use National Cooperative Leasing, Diversified Leasing and NAFG Provided leasing options to all NJPA Members.

3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.

There are two methods. One is the electronic ordering process, where the member logs into our website located at www.nationalautofleetgroup.com, builds their desired vehicle to their specifications, and then electronically sends us a purchase order. The vehicle is delivered directly to the user's specified end-user address, then we FedEx the customer all the appropriate documentations.

The other method, should the customer not be comfortable with internet or the use of our website, is where the member calls our toll-free number at 1-855-289-6572 and is greeted by one of our sales associates, who then creates a quotation based on the customer's needs and either emails, faxes, or physically mails it to the customer. The customer then sends us a purchase order. We then process the purchase order and deliver the vehicle to the customer's specified location.

We have reported directly to NJPA for the last 22 consecutive quarters.

4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

Yes, we do accept the P-card procurement and payment process, and there is no additional cost for using it.

Warranty

5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.

- Do your warranties cover all products, parts, and labor?
- Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
- Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
- Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
- What are your proposed exchange and return programs and policies?

The manufacturer's warranties are all written between the manufacturer and the NJPA member. Therefore, should a warranty repair be required, the member merely needs to take the vehicle to the closest manufacturer franchise (i.e. Ford, Toyota etc.) If the vehicle is not drivable, the customer can notify us through our toll-free number at 1-855-289-6572 and we will have it towed to the nearest facility. All this is done at no cost to the member. There are no conditions to qualify. Any new vehicle qualifies. The manufacturer's warranty does include labor and parts. Other than abuse, there are no restrictions or limitations that affect coverage. All warranty repairs are done in the manufacturer's facilities, thus there is no travel time for technicians. Warranty repairs are all performed in all 50 states, regardless of location. Any after-market accessories installed under our contract are covered by the written warranty for both parts and labor for the after-market installer, who provided them. There is no return policy. If a vehicle is no longer needed by the member, a 25% restocking charge can be imposed.

6) Describe any service contract options for the items included in your proposal.

We offer a multitude of service contracts and extended warranties, running all the way up to 250,000 miles. The cost, term, and coverage are determined by the mileage and term. Contact us directly for a quote.

Pricing, Delivery, Audits, and Administrative Fee

7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

All of our pricing, by manufacturer, is listed in the attached books 1-18, outlined in our price summary along with our after market equipment categories.

8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

Utilizing a Percentage Off MSRP / LIST method, NAFG can offer NJPA members discounts ranging from 25.86% down to 1% across the 15 manufacturers depending on model. Please

see Tab 2 as well as Attachment Book 2-18 for "Pricing." We detail the addition of All Factory Options and After Market Equipment.

- 9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

The percentage will vary on the very same product from state to state as the discount structure passed onto us by the manufacturers can vary from state to state. Therefore, we have included in the 18 attachment A's / Books the exact manufacturer's list price and our price side by side. This fixed pricing makes it easy to do price validations. In addition, all factory installed options can be added at factory invoice + 3% and all after-market accessories are offered at the up fitter's municipal pricing level which varies from 1-30% off of retail prices.

All of our pricing is based on 2017 year model. Any subsequent year model in the contract will be a maximum of 3% more + any required governmental, safety, emissions requirement as mandated by the federal or Canadian government.

- 10) The pricing offered in this proposal is

- a. the same as the Proposer typically offers to an individual municipality, university, or school district.
- b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- d. other than what the Proposer typically offers (please describe).

Our bid price is the most competitive price on the marketplace. It is far lower than any individual or other cooperatives have available to them. We leverage our entire company-wide purchasing power to the benefit to the NJPA member. Last year alone, company-wide, we delivered over 34,000 vehicles, which is the driving force that allows us to obtain deep discounts from all original equipment manufacturers and deliver the savings to the NJPA member. We don't think any other vendor can do that.

- 11) Describe any quantity or volume discounts or rebate programs that you offer.

They are all included in our bid price.

- 12) Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.

Included in our bid are the base prices for all vehicles. Factory options can be added at +10%. All sourced goods are offered at the up fitter's municipal pricing level which varies from 1-30% off of retail prices.

- 13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

There are no hidden or undisclosed costs in our proposal. All costs are legitimate and fully disclosed to the NJPA member.

- 14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.

There is no additional cost. All shipping is included in the original quote to the member.

- 15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

Shipping to Alaska or Hawaii can be one of two ways. Either from the assembly point directly to the franchise dealer in Alaska or Hawaii, or if the NJPA member requires a lower 48 state specialized body installation, then freight is calculated from the Port of Long Beach, Port of Los Angeles, or the Port of Seattle, Washington. It is included in the original NJPA member quote.

- 16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

To us, these are not unique. We have been doing this for years, and we continue to do this every day. Our competitors do not have that advantage.

- 17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.

We have an in-house financial administrator who monitors that on a daily basis. In addition, we bring in twice a year, Polmaris and Associates (an independent certified public accountant from Sacramento, California) to review all payments and disbursements.

- 18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

- 1) 1% of the unit price is up to \$700.00 other than "related equipment" pass through items
- 2) Total amount in any 12-month period will not exceed \$4,500,000.00 in Administration Fees
- 3) NAFG reserves the right to waive all or in part the Admin Fee when faced with a large county of State competition and or faced with unusable circumstances.

Industry-Specific Questions

- 19) Identify any features in your response that are different from your standard vehicle offering or that are unique to your proposal.

Our proposal is unique primarily in the fact that we are the only ones that have the order to deliver online system available exclusively for your members. None of the other bids you are reviewing today can state that.

- 20) Demonstrate your processes to handle vehicles on order with NJPA members that are subject to a recall or that have open service campaigns.

Our staff keeps a running list of open recalls by manufacturer. We cross check it on a weekly basis to try and ensure that none of your members receive a vehicle with an open our outstanding recall or campaign.

- 21) Demonstrate your NJPA member communication processes from P.O. generation to the delivery of vehicle in order to meet member expectations.

After the PO is issued to NAFG we send our client an order confirmation with an estimated time of arrival for the purchase. We give members the option of how frequently they would like updates on their vehicles, as well as communicating any complications along the way. Our staff communicates through any form that customers feel comfortable with, whether it is faxes, calls, or emails. When the vehicle is ready to be delivered, we give the customers advance notice to ensure they are ready to receive the vehicle. All vehicle paperwork documents are sent out via UPS, and tracking numbers are provided to the client.
