

March 13, 2013

Good Morning,

I am interested in being reappointed to the CDC Committee.

I have been a member for about 4 years. It has been a learning experience for me.

I have been president of the Village of Volo for 20 years we have grown from 180 residents to over 3000 since we incorporated.

I am 84 years old but that hasn't stopped me yet. I was born here my great grand parents came to Forksville in 1864 now called Volo.

I am a retired farmer. My wife passed away in 2008.

Yours truly,
Burnell Russell
President, Village of Volo
