**Program Year 2023 Annual Action Plan**

**Third Amendment**

May 1, 2023 to April 30, 2024

# Executive Summary

## AP-05 Executive Summary - 91.200(c), 91.220(b)

### 1. Introduction

The third amendment to the Program Year 2023 (PY23) Annual Action Plan (AAP) reallocates \$646,456 of Community Development Block Grant (CDBG) funds. The sources of the reallocated CDBG funds come from three projects that have stalled and do not have a clear path to completion and one prior year project that was completed under budget. A total of \$550,000 of funds are being reallocated to Community Partners for Affordable Housing (CPAH) to support property acquisitions for rental and homeownership. Clearbrook is receiving \$96,456 of CDBG funds to support a previously approved project consisting of the acquisition of a property to be operated as a Community Mental Health Center (CMHC).

~~The second amendment to the Program Year 2023 (PY23) Annual Action Plan (AAP) incorporates the addition of one new project. The project consists of the acquisition of two affordable rental units by Community Partners for Affordable Housing (CPAH). Funding for the project is in form of CDBG Program Income (\$165,084.70) and CDBG entitlement funds (\$184,915.30). The entitlement funds were reallocated from existing PY23 projects awarded to CPAH.~~

HUD provides annual grant allocations to Lake County through the Community Development Block Grant (CDBG) and the Emergency Solutions Grant (ESG). HUD allocates HOME Investment Partnership Program (HOME) funding to the Lake County Consortium. Lake County serves as the lead entity of the Consortium in collaboration with the City of Waukegan and the City of North Chicago.

### 2. Summarize the objectives and outcomes identified in the Plan

The Program Year 2023 (PY23) Annual Action Plan focuses on actions and investments that will support low- and moderate-income residents of Lake County. The following plan will advance progress within the following five goals:

1. Improve homeless crisis response system
2. Assist People with Special Needs
3. Maximize Affordable Housing
4. Create Pathways for Upward Economic Mobility
5. Program Administration

### **3. Evaluation of past performance**

Grantee's annual project application review and scoring criteria evaluated subrecipient's past performance. In PY22, projects address post-pandemic housing and economic needs. A previous strategy shift to more avenues for greater spending did not reach desired levels due to shifting economic conditions that limited feasibility of newly funded projects. As overall CDBG spending still did not meet the intended target, funds obligated to newly identified shovel-ready projects will increase spending for the upcoming program year. Progress under goals identified in the PY2020-24 Consolidated Plan (ConPlan) continued at a slow pace. Subrecipient program operations are still responding to economic impacts of the pandemic. All five goals are addressed in the PY23 AAP. Consistent with the ConPlan, most resources have been allocated to support the creation of affordable housing units and improving the homeless crisis response system.

### **4. Summary of Citizen Participation Process and consultation process**

The PY23 AAP was completed in accordance with the Lake County Consortium Citizen Participation Plan (CPP). Following the public announcement of the opening of the PY23 application round a series of public meetings, including a public hearing, were held. Each meeting allowed for public comment during the meeting as well as the ability for members of the public to submit comment via mail or email. The meeting schedule is summarized below, and all comments received are detailed in Table 4 – Citizen Participation Outreach.

### **5. Summary of public comments**

All comments received are detailed in Table 4 – Citizen Participation Outreach.

**6. Summary of comments or views not accepted and the reasons for not accepting them**

All public comments were accepted.

**7. Summary**

Lake County's Consolidated Plan will serve as a guide for building affordable housing, creating suitable living environments, and improving economic opportunities. The PY23 Annual Action Plan reflects the coordinated efforts of citizens, stakeholders, and partner agencies to achieve the goals in the Consolidated Plan. This work is in support of affirmatively furthering fair housing.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

In 2022, Lake County announced future availability of 2023 CDBG, HOME and ESG funds and held a Public Hearing on Community Needs for 2023 funding.

Grant applications were made available to all Lake County townships, municipalities, and agencies, with application workshops that provided training on grant performance expectations and requirements.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(l)).**

Lake County is in regular contact with community health and human services agencies and housing providers in a variety of forums. Working with representatives at each of Lake County's three public housing agencies, Lake County Community Development staff have worked to improve coordination and communication with partners and community members. Lake County staff members send weekly emails to facilitate referrals between community service providers and the Mainstream and Emergency Housing Voucher Programs at the Lake County Housing Authority. Monthly data on this program is used to improve processing time and increase utilization among people experiencing homelessness.

Lake County coordinates with community providers through participation in a variety of efforts. Through membership in the Alliance for Human Services, Lake County staff members attended regular meetings with community partners to learn about urgent community needs and new community initiatives. Lake County participates in a monthly meeting with local funders to coordinate with complementary philanthropic efforts. Lake County participates in the steering committee of the Lake County Health Department's community health improvement planning efforts, especially as it relates to housing and homelessness.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The Continuum of Care and Lake County Community Development coordinate extensively to address the needs of homeless persons by aligning funding towards joint interventions such as rapid rehousing, homelessness prevention and permanent supportive housing. We use common metrics, generated from HMIS or comparable database, when evaluating the use of funds intended to provide relief for individuals facing housing crises. The Continuum of Care Program Coordinator and her staff, the HMIS administrator and Coordinated Entry Specialist, are both Lake County employees who work in

cooperation with the local CoC and manage program and system reporting on these measures. Each staff person sits on the CoC's HMIS committee and all organizations entering HMIS data do so into a common system that captures both results that have come from the investment of CoC funds and ESG funds.

To further develop programs providing for families and youth, veterans, and Lake County residents experiencing homelessness, Lake County continues to host and facilitate virtual meetings with housing agencies. In addition to public housing agency staff, these meetings include representatives from housing and homeless service providers involved with the Lake County Coalition for the Homeless, which includes private, public, and governmental agencies that provide housing, health services, mental health services, and other services. Discussions and continued interagency cooperation has led to better dialogue and problem-solving, and will lead to better outcomes for those that are served and in need throughout Lake County.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The Community Development staff that manages the County's ESG funds regularly participates in Continuum of Care (CoC) meetings in partnership with the Continuum of Care Coordinator who works out of the same office as the County's ESG fund manager. Decisions on the allocation of both funding sources are discussed in open meetings and both groups strive to follow the prescriptions of HUD on the most effective way to distribute the available resources.

The Continuum of Care and Lake County Community Development use common metrics when evaluating the use of funds intended to provide relief for individuals facing housing crises. These are the system performance measures mandated by HUD. As a practice, Lake County requires each ESG recipient to complete a quarterly CAPER report that summarizes each agencies outcomes in concert with HUD's system performance measures.

Finally, the staff that manages the County's ESG funds sits on the CoC's Monitoring and Project Performance committee and whose purpose is to evaluate the performance of organizations receiving CoC funds. There is a lot of cross-over between these agencies and those that receive ESG funds which results in a well-informed collaboration.

	<b>What section of the Plan was addressed by Consultation?</b>	Housing Need Assessment Homelessness Strategy Non-Homeless Special Needs Economic Development Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with Division of Transportation staff about its draft Paratransit Market Study for the Lake County Region. Areas of improved coordination include partnering together to request support from the Rapid Transit Authority (RTA) to link transportation pulse points and availability to housing.
2	<b>Agency/Group/Organization</b>	City of Zion
	<b>Agency/Group/Organization Type</b>	Other government - Local
	<b>What section of the Plan was addressed by Consultation?</b>	Economic Development

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with City of Zion staff to discuss the economic development and non-housing community development needs of the City. It is anticipated that the City will continue to engage Lake County Community Development to assist in the implementation of the economic development strategies outlined in the City's 2016 Comprehensive Plan: pursue lakefront development, participate in Great Lakes Circle Tour, revitalize downtown and promote development of the Route 173 Corridor.

	<b>What section of the Plan was addressed by Consultation?</b>	Public Housing Needs
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with Waukegan Housing Authority staff to discuss the potential to collaborate on projects where the goals of the WHA and the goals of the 5-Year Consolidated Plan overlap. The anticipated outcome of this consultation is an increase in rental assistance resources available to low-income Lake County residents with disabilities, improved access to services, and improved coordination between the Waukegan Housing Authority, the Lake County Coalition for the Homeless, and Lake County Community Development.
4	<b>Agency/Group/Organization</b>	North Chicago Housing Authority
	<b>Agency/Group/Organization Type</b>	PHA
	<b>What section of the Plan was addressed by Consultation?</b>	Public Housing Needs

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with North Chicago Housing Authority staff to discuss the potential to collaborate on projects where the goals of the NCHA and the goals of the 5-Year Consolidated Plan overlap. The anticipated outcome of this consultation is improved coordination between the North Chicago Housing Authority, the Lake County Coalition for the Homeless, and Lake County Community Development, which will improve the outcomes of existing programs.
5	<b>Agency/Group/Organization</b>	Lake County Workforce Development
	<b>Agency/Group/Organization Type</b>	Services-Employment
	<b>What section of the Plan was addressed by Consultation?</b>	Economic Development Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	An in-person consultation was held between the Workforce Development Director, key staff of the organization and Lake County Community Development. Ideas for future collaborations were discussed that will be considered in the future including creating transportation subsidies for homeless individuals seeking employment resources and continued transit assistance to those households until they are self-sufficient in this regard. Additionally, a grant seeking partnership between the Homeless Coalition and Workforce Development was discussed wherein homelessness and workforce issues could be addressed in partnership.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	<p>The Warren Township Supervisor was consulted via small group meeting between a local affordable housing developer and Lake County's Community Development Administrator on March 5, 2019. The need for affordable housing in the Gurnee/Warren Township area surpasses supply. Warren Township frequently receives calls asking for rental assistance. For families in existing rental housing stock, there is a need for financial counseling; the Township is often approached for emergency financial assistance to pay rent after families incurred a discretionary expense such as a vacation and/or holiday presents. The Township uses emergency/general assistance dollars to pay critical bills on behalf of employed residents. In terms of housing needs, the Gurnee area still needs more senior housing after seven new assisted living centers have been recently built. There are local examples of assisted living centers with long waiting lists. Due to the large numbers of seniors in the area, Warren Township has constructed a bond-financed \$6 million addition to its Senior Center. Among younger families, Township clients have reported quitting their jobs due to lack of childcare.</p>

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	At a convening of non-profit Executive Directors by the Lake County Alliance for Human Services, Lake County Community Development held an informal focus group on the service needs to be addressed in the County's 2020-24 HUD Strategic Plan. There was substantial interest in coordination of services by United Way 211 and the ServicePoint Referral Network. Lack of transportation was mentioned as a barrier to both services and jobs.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Lake County Community Development consulted with the Lake County Municipal League (LCML) via telephone on 4/24/19. The topics discussed included the potential role for the Lake County Land Bank Authority (LCLBA) in the 2020-2024 HUD Strategic Plan. It was noted that affordable housing is a natural byproduct of Land Banking activities and that the LCLBA can serve as a redevelopment tool for many of Lake County's vacant and/or distressed properties.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	At an in-person meeting of the Youth Homelessness Work Group of the Lake County Coalition for the Homeless, attendees were asked for opinions regarding the Consolidated Plan and encouraged to distribute and respond to a survey that would be incorporated into the plan. Attendees were also encouraged to attend future meetings where they could express input, such as the Housing and Community Development Commission meetings. This consultation is expected to result in increased input through the survey and improved coordination of services by youth service agencies and the County. At an in-person meeting of the Strategic Planning and System Performance Committee of the Lake County Coalition for the Homeless, member agency staff were asked for input on the homeless needs Gaps Analysis. The outcome of this consultation will be incorporated into the Gaps Analysis and Consolidated Plan for the purposes of improving coordination of homeless services.

	<b>What section of the Plan was addressed by Consultation?</b>	Public Housing Needs Homelessness Needs - Unaccompanied youth
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with a staff member from the Illinois Department of Children and Family Services. This consultation is part of ongoing communication and collaboration improvement with the IDCFS. IDCFS staff indicated that the number of investigations and the number of youth in care has increased, as have the number of families who are homeless and children who are aging out of care. The staff member also indicated a need for Lake County residents to be more aware of the role IDCFS has in the community.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Representatives of the Lake County Division of Transportation met on multiple occasions with Community Development to discuss the County's needs as they relate to transportation and future planning. Plans were discussed to have consulting group work hand-in-hand with County decision makers to use CDBG-PS funding to improve transit in Lake County for low/mod income households. Work in this regard would be done in concert with a recent transit study completed for the County.
18	<b>Agency/Group/Organization</b>	Senior Services Coalition of Lake County
	<b>Agency/Group/Organization Type</b>	Regional organization
	<b>What section of the Plan was addressed by Consultation?</b>	Housing Need Assessment Non-Homeless Special Needs

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development attended a regular meeting of the SSCLC to gather input on the consolidated plan and their perspective on priorities for the County. Housing options were a main point of focus for the SSCLC. There are gaps in senior service housing options, in particular for those suffering from serious mental illness and others who could benefit from "supportive living" intermediate skill residences, that could be ameliorated by an infusion of County resources. Services to help seniors with paying bills and other supports to allow seniors to age in place were identified as potential spending targets.

	<b>What section of the Plan was addressed by Consultation?</b>	Housing Need Assessment Economic Development
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	City staff attended the needs assessment public hearing in April 2019. In addition, multiple one-on-one meetings were held to discuss the City's priority needs and how they could be addressed. The city expressed the needs for funding capital projects including bolstering their aging infrastructure.
20	<b>Agency/Group/Organization</b>	Village of Fox Lake

	<b>What section of the Plan was addressed by Consultation?</b>	Homelessness Needs - Unaccompanied youth
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development staff met with Community Youth Network to discuss their priorities and plans for growth. The CYN staff indicated that the organization is interested in expanding and partnering with other youth organizations to better serve youth who need counseling, after school enrichment, and housing. The consultation is expected to improve coordination for services for Lake County youth.

	<b>Agency/Group/Organization Type</b>	Services-Health Services-Education Services-Employment

	<b>What section of the Plan was addressed by Consultation?</b>	Non-Homeless Special Needs Economic Development Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Mano a Mano representatives provided their input on what they felt Community Development should prioritize in the future in a face-to-face meeting. The growing foreign born and Spanish speaking population in Lake County could benefit from County spending to improve job readiness according to Mano a Mano representatives. Computer skills training, quality childcare and supports for citizenship assistance were also identified as important focusses for funding consideration by the Mano a Mano staff.
24	<b>Agency/Group/Organization</b>	Highland Park Community Nursery School & Day Care Center
	<b>Agency/Group/Organization Type</b>	Services-Children Services-Education Services-Employment
	<b>What section of the Plan was addressed by Consultation?</b>	Non-Homeless Special Needs Economic Development Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	The Highland Park ED met face-to-face with Community Development representatives to express her organization's concerns for the future and what priorities CD should consider for future planning. The organization has seen an increasing need for subsidized childcare for low/mod income households. As there is increasing need the pre-school suggests that increasing resources to offset the costs not covered elsewhere would ease the burden on these low/mod income households and allow them to support their family via employment.

25	<b>Agency/Group/Organization</b>	Center for Enriched Living
	<b>Agency/Group/Organization Type</b>	Services-Elderly Persons Services-Persons with Disabilities Services-Employment
	<b>What section of the Plan was addressed by Consultation?</b>	Non-Homeless Special Needs Economic Development
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Representatives from the Center for Enriched Living met face-to-face with Lake County representatives to express their opinion on what the spending priorities for Community Development should be in the upcoming consolidated plan. Investments in employment services for intellectually disabled Lake County residents was identified as a key potential focus for County investment. The dollars supporting these individuals result in lifelong results for those served because they are able to gain employment skills, not taught elsewhere, that result in jobs that provide satisfaction to both the employee and employer when executed well. Without investment, fewer employable people will find work.
26	<b>Agency/Group/Organization</b>	Great Lakes Adaptive Sports Association
	<b>Agency/Group/Organization Type</b>	Services-Persons with Disabilities
	<b>What section of the Plan was addressed by Consultation?</b>	Non-Homeless Special Needs
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Representatives from GLASA met with Lake County representatives to discuss, face-to-face, the priorities they believe the County should include in their upcoming consolidated plan. GLASA staff proposed further investment in disability services such as those provided by GLASA. If service dollars were not possible, then capital investments in equipment would be helpful to the organization.

27	<b>Agency/Group/Organization</b>	Erie Family Health Center Inc.
	<b>Agency/Group/Organization Type</b>	Services-Health
	<b>What section of the Plan was addressed by Consultation?</b>	Non-Homeless Special Needs Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Representatives from Erie's Waukegan facility met face-to-face with Lake County representatives to discuss their organization's future and the needs they see in the community. Their client numbers are growing, and they suggested that continued investment in their behavioral health services will support the growth they're seeing. They have become an efficient provider of counseling and psychiatric services for low/mod income households which is not the case County-wide. Investment in their programs could result in better health outcomes for Lake County's low/mod income residents.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Community Development participated in a conference call with the Mayor of the City of Waukegan, the Director of CDBG Programs and the Executive Director of the Waukegan Housing Authority. The Mayor asked for Lake County HOME and CDBG dollars to be co-invested with Waukegan HOME and CDBG investment over the coming years in the redevelopment of Barwell Manor currently a Waukegan public housing authority site. The buildings and the areas need investment, revitalization and better housing choices.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Prairie State Legal Services (PSLS) was interviewed by CSH for the stakeholder interview portion of the homeless needs gap analysis. PSLS shared with CSH that it assists with any civil legal problem- DV/family law, housing law - but does not handle criminal or traffic law. The most common case at PSLS is housing-related, especially eviction-related legal services.

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Outreach staff of the Lake County Sheriff's Office was interviewed by the CSH team for the homeless needs gap analysis. Staff reported that Lake County is working on a crisis center and is assessing sites for the crisis center. Deputies are seeing more people who are homeless in mostly the north part of the county. Homelessness is present but more hidden in the southern half of Lake County.

**Identify any Agency Types not consulted and provide rationale for not consulting**

For-profit companies were not consulted as they are the jurisdiction of Lake County Partners, a staff member of which represents Lake County Partners and its members' interests. Lake County conducted a throughout outreach process and is not aware of any additional agency types not consulted.

**Other local/regional/state/federal planning efforts considered when preparing the Plan**

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Lake County Coalition for the Homeless	In support of both the Continuum of Care and this Strategic Plan, Lake County Community Development hired Corporation for Supportive Housing (CSH) to analyze gaps in Lake County's homeless services and crisis response system. The goals and recommendations of the CSH Gap Analysis overlap substantially with the goals of this Strategic Plan.
On to 2050	Chicago Metropolitan Agency for Planning	The regional comprehensive plan "On to 2050" identified 3 principles that guided every recommendation made in the plan. The principles included inclusive growth, resilience, and prioritized investment. Inclusive growth is a direct overlap between "On to 2050" and this plan. Both CMAP and Lake County have prioritized efforts providing opportunity for all residents.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Paratransit Market Study	Division of Transportation	The study looks at the strengths and weaknesses of the transportation system in Lake County. Transportation issues have a direct impact on employment, housing, social services, recreation, and most other activities of daily living for Lake County residents. Our goals for improving Lake County must include transportation considerations as it is the means of access for most activities.
Healthcare Access in Northern Lake County	Healthcare Foundation of Northern Lake County	This study looks at healthcare and access issues that impact residents living in Northern Lake County which is the same region most of the investment in social services is required. The people discussed in this study are the same as those Community Developments plan will seek to affect.
Comprehensive Economic Development Strategy	Lake County Partners	The Strategy provides a regional analysis and planning for equitable growth and overlaps with our Strategic Plan goals of Inclusive Growth and Prioritize Pathways for Upward Economic Growth. The strategy provides an updated assessment of the increasing cost of housing at all income levels and the need for investment in housing as part of multi-use projects to maximize community interests served.
Live Well Lake County Community Health Assessment	Lake County Health Department	The assessment recognized how poverty and education attainment were social determinants of health outcomes. Efforts to reduce poverty would likely improve health outcomes and overlaps with the Strategic Plan goal to increase Upward Economic Mobility.
Live Well Lake County Community Health Improvement Plan	Lake County Health Department	Based on previous assessments of health outcomes, three priority areas were identified for strategic action: access to care, education, and housing. The updated framework explores specific objectives to implement change in policies, systems, and environments to improve health. This impacts the work under the Consolidated Plan's priority need for Inclusive Growth.

## Expected Resources

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### Introduction

The identified resources include Program Year 2023 (PY23) entitlement funds, program income and unallocated prior year funds.

Prior year funds include:

PY2019 - \$8,511 CDBG & \$179,692 HOME

PY2020 - ~~\$68,143~~ \$89,599 CDBG

PY2021 - \$53,533 CDBG

PY2022 - ~~\$399,500~~ \$574,500 CDBG & \$375,000 HOME

**Table 3a – Use of Funds**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The CDBG Program does not require matching funds, however Lake County incentivizes outside investment during the CDBG application process. Project applications are scored based on their ability to attract outside investment and the amount of leveraged funding provided in the budget.

The ESG Program regulations require 100% match. This requirement is met through local funds (Lake County Affordable Housing fund) and private funds. Most ESG-funded projects also receive State dollars for ongoing service and operations costs.

The HOME Program regulations require a 25% match. Match requirements are met by developer equity, municipal investments, local fundraising, bank financing, First Time Home Buyer grants, and State of Illinois affordable housing funds.

DRAFT

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Two investments of CDBG funds are proposed to improve publicly owned land within the City of Zion. Both the funded projects involve ADA improvements to sidewalks and public trails. These projects align with the need identified in the plan to assist persons with special needs.

**Discussion**

The identified resources for Program Year 2023 (PY23) include entitlement funds (CDBG, HOME and ESG), program income and unallocated prior year funds.

Prior year funds include:

PY2019 - \$8,511 CDBG & \$179,692 HOME

PY2020 - ~~\$68,143~~ \$89,599 CDBG

PY2021 - \$53,533 CDBG

PY2022 - ~~\$399,500~~ \$574,500 CDBG & \$375,000 HOME

Prior Year (PY) CDBG funds are the result of a project being completed under budget, making the funds available for reallocation.

The PY HOME funds are the result of an affordable housing project no longer moving forward.

Table 4 – Goals Summary

## Goal Descriptions

1	<b>Goal Name</b>	Improve homeless crisis response system
	<b>Goal Description</b>	Lake County is actively seeking to address homeless by prioritizing system wide improvements to the Homeless Crisis Response System. In June of 2019, an assessment of the Homeless system was performed by a national consulting firm. The report identified several gaps in the existing system. Lake County works with the Lake County Coalition for the Homeless to make systematic improvements, address the identified gaps and coordinate across multiple funding sources to strategically invest one-time and ongoing funding sources.
2	<b>Goal Name</b>	Assist People with Special Needs
	<b>Goal Description</b>	Lake County will continue to utilize CDBG funds to assist people with special needs (persons with disabilities, persons with HIV/AIDS, elderly persons, frail elderly persons, persons with alcohol and/ or drug addictions, victims of domestic violence and public housing residents---as defined by HUD). CDBG Public Services are used in this Plan to prevent homelessness, help the homeless, transport the elderly to appointments, transport out-of-school youth to job sites, provide fair housing and housing condition/eviction legal assistance. In addition, Lake County will look to serve persons with disabilities beyond the 15% public service cap by funding capital improvements to public facilities assisting low-moderate income persons and special needs facilities serving seniors, victims of domestic violence, persons with substance abuse issues, persons with developmental disabilities, persons with physical disabilities, and persons with severe mental illness.
3	<b>Goal Name</b>	Maximize Affordable Housing
	<b>Goal Description</b>	The third goal is to provide decent homes and suitable living environments for low-and moderate-income households by preserving and expanding Lake County's affordable housing stock through acquisition, rehabilitation, new construction, and rental assistance activities. Lake County will continue to implement a two-pronged approach to address affordable housing; (1) improve the existing housing stock in areas with existing affordable options and (2) promote the development of new units and housing types in high outcome areas where affordable options are limited.

4	<b>Goal Name</b>	Create Pathways for Upward Economic Mobility
	<b>Goal Description</b>	<p>Lake County is in agreement with the statement from CMAP's On To 2050 Plan, "the region cannot succeed without a concerted investment to rebuild jobs, amenities and resources in communities that have been left behind. Investment for continued economic growth and success for the entire region should include investments in communities with limited resources for rebuilding infrastructure and amenities needed for jobs, housing choices and healthy living."</p> <p>Within this goal, a focus will be leveraging the transportation system to promote growth and to create pathways to opportunity for both low/moderate income workers and people with disabilities.</p> <p>In support of all four goals, and especially to address the need for increased transportation options for low/moderate income workers, CDBG Public Service dollars will be targeted in transportation, adaptive equipment for people with disabilities and diversity/inclusion programming addressing the need for inclusive growth.</p>

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

Lake County annually solicits funding applications from community partners for projects that support the stated needs and goals of the Consolidated Plan. The amount of funding requested consistently exceeds the amount of funds available. Applications are scored according to a defined criterion and presented to of four Advisory and Recommendation Committees (ARCs) for recommendation to the Housing and Community Development Commission (HCDC). Following two public hearings, the HCDC makes their funding recommendations to the Lake County Board (LCB) in the form of the Annual Action Plan (AAP). The (LCB) makes final approvals of the AAP and the projects detailed below.

For PY2023, Lake County allocates \$5,457,115 towards this Annual Action Plan. The maximum 15% CDBG has been allocated to Public Services, and 20% CDBG, 10% HOME and 7% ESG to Grant Administration.

A total of \$766,755 of HOME CHDO Reserve funds (CR) have been allocated, which is greater than the HOME regulated CR minimum.

A total of \$80,000 of HOME CHDO Operating (CO) funds have been allocated, which is less than the HOME regulated maximum.

Table 5 – Project Information

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Allocation priorities are primarily a function of the scoring of the applications received from community partners. Scoring criteria was formulated from the priority needs and goals identified during the consultation process and how well each potential project addresses those needs/goals. The amount of

funding that can is made available represents the main obstacle to addressing underserved needs.

The amount of funding requested received by Lake County consistently exceeds the amount funds that can be made available.

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

The County developed its geographic priorities based on a two-pronged approach:

1. Revitalize areas of greatest need. In addition to the entitlement communities of North Chicago and Waukegan, several areas of Lake County are home to a concentrated number of low/moderate income households whose neighborhoods would benefit from community development investment.
2. Assist in expanding the supply of housing in the identified high outcome areas, outside areas where there are already heavy concentrations of affordable housing.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Mundelein Area	4
Round Lakes Area	
Waukegan Area	20
Zion Area	3
Fox Lake Area	
North Chicago Area	7
High Outcome Areas	37
Highwood Area	

**Table 6 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The geographic distribution of Program Year 2023 (PY23) funds is driven by the geographic priorities discussed above. The stated objective of making large investments in affordable housing in “High Outcome Area” is demonstrated with 37% of funds. The geographic percentages are also a function of the partnership between Lake County, the City of Waukegan and the City of North Chicago. Both the City of Waukegan and the City of North Chicago receive entitlement funds and the Joint Agreement between defines an annual investment amount be allocated to each municipality.

### **Discussion**

Funding decisions are a function of an annual application process. Priority is given to applications addressing needs in identified target areas, however the supply of available property to address needs, especial housing, is limited and it is possible that target areas do not receive funding during a given

program year.

# Affordable Housing

## AP-55 Affordable Housing - 91.420, 91.220(g)

### Introduction

The 2020-2024 Consolidated Plan identified affordable housing as a high priority for Lake County. HUD defines cost-burdened households as those “who pay more than 30% of the total household income toward housing.” This burden means that families may have difficulty affording other necessities including food, clothing, transportation, and medical care. Lake County’s suburban structure creates unique issues for the development of affordable housing.

Rental affordability challenges are having a greater impact on Lake County renters. An erosion in rental affordability has developed with the record pace of rising rents and the decrease in renter household incomes. To address the identified needs for this program period the County will use CDBG, HOME and ESG funds to support and administer the following programs: down payment assistance, owner occupied rehabilitation, new construction, acquisition and rehabilitation to include community land trust, rapid rehousing and homeless prevention.

One Year Goals for the Number of Households to be Supported

### Discussion

For purposes of this section, homeless households are assisted through rapid rehousing and tenant based rental assistance. Non-homeless households will be supported by owner-occupied rehabilitation, down payment assistance, homelessness prevention, the construction of new rental units, and acquisition/rehab/resale. It is assumed that some acquisition and rehab projects will assist the homeless

and special needs populations.

## **AP-60 Public Housing - 91.420, 91.220(h)**

### **Introduction**

Lake County is served by three housing authorities: Lake County Housing Authority, (LCHA), Waukegan Housing Authority (WHA), and North Chicago Housing Authority (NCHA). LCHA owns and operates 332 units of public housing for seniors and individuals with disabilities and 161 single family homes. Additionally, LCHA administers 294 project-based vouchers and approximately 3,217 tenant-based Housing Choice Vouchers, including special purpose vouchers such as Family Unification (FUP), Mainstream and Emergency Housing Voucher (EHV) vouchers. WHA maintains 448 public housing units and administers a Housing Choice Voucher Program, including 695 of special purpose tenant-based FUP vouchers, HUD-VASH vouchers and Mainstream vouchers. NCHA manages 150 public housing units and administers 471 Housing Choice Vouchers, including FUP vouchers and 70 HUD-VASH vouchers.

### **Actions planned during the next year to address the needs to public housing**

#### **Lake County Housing Authority (LCHA)**

The Lake County Housing Authority has several initiatives planned to address public housing needs. Lake County continues to support the LCHA's Landlord Outreach and Education Program, a program that works to resolve the hurdles voucher holders face in securing a rental property. Rental options are scarce in Lake County and especially so in high opportunity areas. The program is designed to increase the pool of landlords participating in voucher programs. The partnership with Lake County and LCHA formed in 2021 to acquire and rehabilitate LCHA's public housing scattered sites has been successful in maintaining the affordability of 16 scattered site units. LCHA will be conducting educational workshops throughout the year on topics such as: Budgeting and Banking, Fair Housing, Financial Literacy, Renting for Tenants with Vouchers, Renting for Market-Rate Tenants, Pre-Purchase Home Buyer's Education, Tenant's Rights and Responsibilities and Landlord's Rights and Responsibilities to address the needs of Lake County residents.

#### **Waukegan Housing Authority (WHA)**

In partnership with Bear Development, Waukegan Housing Authority continues to participate in the HUD Rental Assistance Demonstration (RAD) program. In PY23 WHA continues its work on the renovation of its 98-unit senior rental housing development known as Ravine Terrace. The project is

receiving PY23 Lake County HOME funding and is the third WHA RAD undertaking.

### **North Chicago Housing Authority (NCHA)**

NCHA continues to explore opportunities to project-based Housing Choice Vouchers in an effort to assist more families on the waiting list secure housing and increase utilization. NCHA currently administers 471 Housing Choice Vouchers (HCV) and operates three other programs in collaboration with other community agencies; Veteran's Affairs Supportive Housing (VASH), Family Unification Program (FUP), and the Family Self-Sufficiency Program (FSS).

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

Lake County Housing Authority maintains a Resident Advisory Board whose main role is to make recommendations in the development of the PHA Plan. LCHA also administers the Family Self-Sufficiency Program (FSS), an employment and saving incentive program for low-income families using a Section 8 Housing Choice Voucher. An incentive component of the program includes an escrow savings account into which Lake County Housing Authority deposits a portion of the increased rental charges that a family pays as its income from earnings rise. Families that successfully complete the FSS program by reaching their goals, may graduate from the program and withdraw the funds from the FSS escrow account after the successful completion of their five-year contract. The residents may choose to seek homeownership upon completion of this program. The Waukegan Housing Authority maintains a Resident Council at two of its developments.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

The three housing authorities have not been designated as troubled.

### **Discussion**

Lake County continues to partner and collaborate with the three Public Housing Authorities in Lake County to address public housing needs and increase access to affordable housing.

## **AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)**

### **Introduction**

Lake County coordinates with the Lake County Coalition for the Homeless to ensure that the homeless crisis response system meets the needs of Lake County residents experiencing homelessness or at-risk of homelessness. The system responds to the needs of persons experiencing homelessness through engagement and connection to services and housing. The Lake County Coalition for the Homeless oversees the Coordinated Entry system to ensure that all agencies who may serve as the first point of engagement with persons experiencing homelessness can quickly connect the household to the resources they need. Emergency shelters, street outreach, mainstream system, and other providers may serve as points of entry into the system. Once identified at a point of entry, households are referred to the housing and other resources most appropriate to them. Those experiencing literal homelessness are referred to the Coordinated Entry By-Name List, where they are assessed and prioritized for housing such as permanent supportive housing, rapid rehousing, or other subsidized housing resources. Those at risk of homelessness are referred to Homelessness Prevention programs. Many of these resources are prioritized for subpopulations including those experiencing chronic homelessness and veteran households.

Over the next year, Lake County will continue to support several agencies that provide point of entry services and housing services to households experiencing homelessness or a-risk of homelessness.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The individual needs of homeless persons are addressed by case managers at homeless service agencies, including shelters. For persons experiencing homelessness that are unsheltered, staff of street outreach programs meet the client where they are in the community to assess their individual needs and connect them to services in the community. Currently, PADS Lake County is the only provider of homeless street outreach services, which produces excellent results with limited staff capacity. Over the next year, Lake County will continue increase the capacity of the street outreach program at PADS in order to better serve those experiencing unsheltered homelessness.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Lake County can support emergency shelter and transitional housing programs by funding improvements to the public buildings as well as by supporting the public services these agencies provide. Over the next year, Lake County will fund both infrastructure improvements and services for PADS and A Safe Place, agencies which provide emergency shelter and services to persons experiencing homelessness. Lake County is working closely with PADS, in partnership with the Continuum of Care, to

develop homeless facilities to address the gaps identified in the ConPlan process. The existence of a site-based shelter is critical infrastructure to rapidly rehouse people experiencing homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

As discussed above, the homeless crisis response system quickly connects households experiencing homelessness to the resources most appropriate to them, such as permanent supportive housing, rapid rehousing, or other subsidized housing resources. Many of these resources are prioritized for subpopulations including those experiencing chronic homelessness and veteran households. System Performance Metrics are reviewed often to identify ways to shorten the period of time that individuals and families experience homelessness and assess the success of programs to prevent individuals and families who were recently homeless from becoming homeless again. All these efforts are intended to quickly facilitate the transition to permanent housing. Additionally, Lake County continues to develop partnerships and allocate funding that will bring additional affordable housing units into the community, especially those prioritized for those experiencing homelessness.

Over the next year, Lake County will fund Catholic Charities and Kids Above All (KAA) Rapid Rehousing program, which assists households experiencing homelessness to transition to permanent housing. The KAA Rapid Rehousing program is the first homeless program with a target population of homeless youth. This new program addresses a need identified in the 2019 gaps analysis of the Lake County homeless response system.

Lake County will support several Permanent Supportive Housing developments, including projects by Thresholds, Independence Center, and Over the Rainbow. Though these developments are not reserved for individuals and families experiencing homelessness, a subset of the units are expected to serve those with a history of homelessness, and Over the Rainbow will set aside a portion of the units for persons experiencing homelessness. Additionally, Lake County continues to administer the Landlord Risk Mitigation Fund with prior year funding, which helps expand the number of units that are available to those being served by programs such as Rapid Rehousing.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services,**

## **employment, education, or youth needs.**

Lake County's homeless crisis response system has multiple partnerships and referral pathways that are intended to identify households in crisis in order to prevent homelessness. Homelessness Prevention programs serve as crucial safety nets that can help households in crisis stabilize in permanent housing. Over the next year, Lake County will support Homeless Prevention programs that address multiple barriers that can lead to homelessness. Catholic Charities provides financial rental assistance to families that are at high risk of homelessness, and both Prairie State Legal Services and North Suburban Legal Aid Clinic provide legal housing advocacy assistance to help maintain the housing of households at risk of homelessness. Lake County will support these programs. Additionally, as mentioned above, Lake County continues to develop partnerships and strengthen referral pathways between governmental and nonprofit agencies that serve low-income individuals and families to ensure that those in crisis are identified and served before they experience homelessness.

## **Discussion**

Lake County focuses on the needs of households experiencing homelessness and at risk of homelessness by playing a role at both the system level and the agency level. Activities are intended to continually improve the systems of service, and funding is allocated to meet the needs identified. Continual assessment ensures that funding is prioritized in ways that will make the greatest impact on Lake County residents.

Lake County continues to have great success through participation in the Built for Zero, a national campaign run by Community Solutions to give communities the tools to end homelessness. With shared leadership through the Continuum of Care, Lake County is leading data-driven, innovations to decrease the number of people experiencing homelessness and the length of time they are homeless.

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

Restrictive land use policies in Lake County have contributed to the current lack of quality, affordable housing stock. Lake County acknowledges the impact of land use policy on affordable housing and recently has taken actions to reducing negative impacts.

As part of the 2022 Work Plan the Lake County Public Works, Planning & Transportation Committee (PWPT) approved the creation of an affordable housing regional taskforce. The task force will collaborate with jurisdictions across Lake County to explore best practices in land use policy to promote affordable housing.

### **Discussion**

Lake County will support projects that address housing needs and can serve as a vehicle to engage the public and elected officials on the opportunity to update land use laws. As a nonhome rule jurisdiction, Lake County can encourage policy change by example. It will continue to do so through the work of the regional affordable housing task force. The continued efforts of housing developers and non-profit agencies will allow Lake County to reduce barriers to affordable housing through increased housing stock and increased housing choice options.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

#### **Actions planned to address obstacles to meeting underserved needs**

Lake County will continue to address the obstacles to meeting the needs of underserved communities. The application process prioritizes projects with high amounts of leverage and collaborative impact rather than duplicating services. The plan supports critical safety net programs outside of the CDBG public services cap by investing in social services facilities improvements and affordable housing developments that help special needs populations. The plan will improve borderless transit and help those who can't afford car to reach employment opportunities or services through transportation investments with social services agencies.

#### **Actions planned to foster and maintain affordable housing**

Lake County will continue investment in improving the condition of the existing affordable housing stock while prioritizing the creation of new affordable units. By leveraging the RAD program, the plan expands access to capital with Public Housing Authorities to improve the quality of affordable housing. The County will work with Lake County Housing Authority on the Landlord Outreach program to engage, educate and incentivize landlords to maintain high-quality housing that is accessible to HUD-assisted households. This will include educating landlords on Illinois' new Source of Income protection that became law in 2023.

Lake County will continue participation in meetings of local affordable housing advocate and partner with Lake County Partners to implement the 2022 Comprehensive Economic Development Strategy that includes goals for housing affordability. Lake County leads a countywide task force on Attainable Housing to educate local stakeholders on land use best practices and funding vehicles for housing affordability.

#### **Actions planned to reduce lead-based paint hazards**

Lake County shall continue to work with the Illinois Department of Public Health (IDPH) and its Childhood Lead Prevention Program to reduce lead-based paint hazards. Lake County will continue to utilize CDBG and HOME programs in response to lead-based paint contamination.

Lake County will continue to include lead-based paint evaluations in its existing housing programs; primarily as part of the Owner-Occupied Rehabilitation Program (OORP). The application process includes providing prospective clients a copy of the USEPA brochure, "The Lead-Safe Certified Guide to Renovate Right". Residences built prior to 1978 receive a lead-based paint inspection by a State of Illinois-certified professional. A report is prepared identifying the existence of and condition of any/all surfaces within the home containing lead-based paint. Applicants participating in the OORP receive a copy of the report. The OORP includes the remediation of LBP hazards by U.S. EPA certified contractors.

All contractors must be certified lead renovators and the company must be registered as a firm by the U.S. EPA. A clearance report and LBP Free certificate is included in the required documentation for OORP households where LBP has been identified.

As per Federal Regulations found at 24 CFR Part 35, specific thresholds are followed to determine the protective hazard reduction requirement for each project that has been assisted with HOME and/or CDBG funding.

- Acquisition/Leasing - Visual Assessment
- Rehabilitation receiving up to and including \$5,000 per unit - Paint testing – Stabilization
- Rehabilitation receiving more than \$5,000 - \$25,000 per unit - Identify and address lead-based paint hazards - Implement interim controls
- Rehabilitation receiving over \$25,000 - Identify and eliminate lead-based paint hazards. Full abatement of lead-based paint is required

### **Actions planned to reduce the number of poverty-level families**

The general emphasis on housing is intended to have the long-term effect of alleviating poverty. By providing individuals with a decent, stable and well located home, individuals will be given essential tools they need to succeed. As noted in the plan, several jobs initiatives are also planned to include job training programs and small business loans. Each of these efforts is intended to improve the employment outlook for individuals in need.

### **Actions planned to develop institutional structure**

Lake County Community Development continues to work with partner agencies to improve the connections between service providers which will serve to strengthen the existing system. The partnership between the Lake County Jail and area service providers to give unstably housed frequent users of the jail a housing option to break their cycle of recidivism is a good example of the efforts being undertaken in the County to improve collaboration and systems improvement.

An electronic referral system has also been refined over the last year and 2020 will see a focus on this program with an eye towards increasing use of the system that links nonprofits together for the benefit of clients served. Finally, Community Development continues to look for grant opportunities that will support systems changes that will increase collaboration and improve outcomes for Lake County residents.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

Continue active participation in the Continuum of Care and the Alliance for Human Services in Lake

County.

### **Discussion**

Lake County plays a role in facilitating many local partnerships. Most recently, a pilot program was initiated by Wauconda School District 118, Catholic Charities and the Continuum of Care to provide services and rental subsidies to families in the district who are experiencing homelessness or housing instability. The first two families in that pilot program are in the process of obtaining housing. In addition, Lake County is working with Thresholds to partner with a housing developer to expand permanent supportive housing for people with serious mental illness. This project was awarded funds in prior years and hopes to leverage additional funding available through the American Rescue Plan Act.

**HOME Investment Partnership Program (HOME)**  
**Reference 24 CFR 91.220(I)(2)**

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

In addition to investing HOME Investment Partnership Program (HOME) funds in eligible activities as described in 24 CFR 92.205, Lake County invests other funding sources into housing activities. CDBG funds are often utilized for CDBG-eligible housing activities. Additionally, local Affordable Housing Program (AHP) funds are invested in housing activities to complement those funded by HOME and CDBG.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Lake County's Recapture and Resale Provisions document describe the conditions under which a homebuyer activity will be subject to either resale or recapture. Recapture provisions shall be enforced in cases where HOME funds are provided as a direct subsidy to the homebuyer as down payment and/or purchase-price assistance. Resale provisions shall be required when the HOME subsidy is provided in the form of a development subsidy in which HOME funds are divided among each HOME-assisted unit and not provided as a direct subsidy to the homebuyer. Resale provisions shall be encouraged when the HOME subsidy is provided in the form of a direct subsidy to the homebuyer and a Community Land Trust or other similar entity maintains ownership of the land associated with the HOME-assisted property to ensure its continued affordability, or it is determined that the property is located in a highly appreciating market for the purpose of maintaining the unit's affordability throughout the entire period of affordability.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Lake County's Recapture and Resale Provisions document ensures the affordability of units acquired with HOME funds. When resale provisions are applicable, the unit is sold to an income-eligible homebuyer and the period of affordability is completed by a second low-income beneficiary. When recapture provisions are applicable, the appropriate portion of funds are recaptured from the homebuyer and reinvested in an additional HOME-eligible activity, and the period of affordability is met by a second low-income beneficiary.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Lake County does not currently utilize HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

## Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

Lake County's Written Standards for Provision of Emergency Solutions Grants (ESG) Assistance are attached.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Lake County Coalition for the Homeless, which serves as Lake County's Continuum of Care (CoC), has a Coordinated Entry system that meets HUD requirements for a coordinated assessment system. Individuals and families experiencing homelessness engage with the system at Entry Points, where they are assessed for the By-Name List and prioritized for housing resources. All beneficiaries are tracked through the centralized Homeless Management

Information System (HMIS) database. The CoC reviews data on the System Performance Metrics (SPMs) to track the success of individual programs as well as the system as a whole and allocates funding to best address system needs.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

ESG funding is allocated through an annual application round. Community organizations are invited to submit applications for ESG-eligible activities, which are scored by Lake County staff according to a scoring matrix. Funding recommendations are discussed by the Homeless Advisory and Recommendation Committee (ARC), then passed on to The Housing and Community Development Commission (HCDC) for approval. These meetings are open to public for comment. The Lake County Board ultimately approves the recommendations, and funds are distributed to the awardees.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Not applicable; the jurisdiction is able to meet the homeless participation requirement in 24 CFR 576.405(a).

5. Describe performance standards for evaluating ESG.

The performance standards used for evaluating ESG programs is usually through the monitoring stages of each grant. As well as review of the ESG written standards to ensure that agencies and programs are following rules and regulations or the ESG program. The ESG written standards have been developed to assure that ESG-funded programs are

compliant and consistent across providers and contracts.
