Shane,

All five of the bids received for the Washington Street Bike Path project exceeded the Engineer's Estimate of \$310,289.50. The low bid was over the estimate by \$7,811.45. The three lowest bids were within 4.2% of the project estimate.

Unit prices for this project were developed utilizing prices from previous lettings. Due to the size and character of the project, we received bid prices slightly higher than anticipated.

As there were five bidders for this project, re-letting this project would likely not result in lower bid prices. Therefore, I recommend that the County award the contract to the low bidder, A Lamp Concrete Contractors, Inc., at the bid price of \$318,100.95.

Approved by:

Michael G. Zemaitis P.E.
Engineer of Design

Satrugan Shrestha
Project Engineer
