Narrative

Lake County is aided by Corporation for Supportive Housing (CSH) in preparing the homeless needs assessment portions of the Consolidated Plan. CSH's work was performed in cooperation with the Lake County Coalition for the Homeless---the Lake County Continuum of Care (CoC). Lake County submitted an application for Local Technical Assistance to the Chicago Metropolitan Agency for Planning (CMAP) asking for assistance developing its consolidated plan, considering the plan's alignment with CMAP's ON TO 2050, and help with community outreach. CMAP agreed to both educate the Housing & Community Development Commission on the content of the regional ON TO 2050 Plan and review for key stakeholders on the Consolidated Plan's alignment with ON TO 2050.

PR-10 Consultation - 91.100, 91.200(b), 91.215(I)

1. Introduction

The Lake County Housing & Community Development Commission (HCDC) meets monthly to discuss community needs and priorities for funding from the U.S. Department of Housing & Urban Development (HUD). Public hearings are held at nearly every meeting for public and agency feedback on HCDC discussions, funding recommendations and action plans.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

Lake County Community Development is committed to enhancing coordination with all agencies that serve Lake County's residents in need, including those in need of public or assisted housing or other supportive services. The County coordinates with community partners by collaborating on projects, participating in coalitions and other groups, and acting as a funder.

Coordination with Private and Governmental Health, Mental Health, and Service Agencies

In addition to the extensive collaboration between Lake County Community Development and the Lake County Coalition for the Homeless (see below), Lake County Community Development participates in various groups to ensure that the county plays a role in the efforts of community partners to improve services for Lake County's residents. Lake County Community Development staff participate in meetings of the regular governmental and non-governmental health and service agency groups, such as the Lake County Alliance for Human Services, Lake County Coordinated Transportation Services Committee, Live Well Lake County and the Mental Health Coalition among other committees. Staff also participate in events such as the full-day visioning workshop for a Lake County Crisis Care Model. Lastly, as a funder of many service agencies, Lake County maintains relationships and communication with agencies throughout the year including in-person monitoring of every funded service program annually.

Coordination with Housing Authorities

The Public Housing Agencies (PHAs) are required to submit Certificates of Consistency with the Consolidated Plan to Lake County for review prior to submitting PHA Annual Plans or 5-year plans. Likewise, Lake County consults with each PHA during the consultation and writing of the 5-Year Consolidated Plan. In addition to these regular communications, special projects often require collaboration between the PHAs and the County. Public Housing Agencies are eligible to apply for CDBG and HOME funding during the annual application round conducted by Lake County Community Development. In an effort to bring additional affordable housing units to the area, Lake County has also partnered with the Lake County Coalition for the Homeless to assist both Lake County Housing Authority

and Waukegan Housing Authority apply for additional Housing Choice Vouchers from the U.S. Department of Housing and Urban Development.

Coordination with Other Assisted Housing Providers

As a funder who may provide HOME, CDBG, or ESG to assisted housing providers, Lake County maintains regular communications with many of Lake County's service agencies that provide assisted housing. Additionally, County staff participate in meetings of government and service agency groups that deal with housing issues, such as the Metropolitan Mayor's Caucus, the Illinois Governor's Conference on Affordable Housing, and the Corporation for Supportive Housing Summit.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Community Development staffs the Continuum of care so substantial overlap of efforts and coordination do take place. Particular meetings at which content of this Plan were discussed include: 1)

Lake County Community Development has an extremely collaborative relationship with the Lake County Coalition for the Homeless (the Coalition), the Continuum of Care (CoC) that serves Lake County. Lake County employs the Coalition's CoC Coordinator and HMIS Administrator, who work closely with Lake County Community Development staff and are consulted on all matters related to homelessness. Lake County Community Development also serves as the Coalition's Collaborative Applicant, which is the body that submits funding applications on behalf of the CoC. This relationship supports the work of local agencies and ensures that the planning and funding efforts of the Coalition and the County are strategic and collaborative.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The Continuum of Care and Lake County Community Development most recently jointly updated ESG Policies and Procedures locally in the first quarter of 2019. The agreed-upon change was to lengthen the timing for permitted rental assistance in ESG-funded Rapid Rehousing programs. The change was from six months rent to thirteen months rent plus related costs of tenancy.

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Strategy Homeless Needs - Families with children Economic Development Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Warren Township Supervisor, Suzanne Simpson, was consulted via small group meeting between a local affordable housing developer and Jodi Gingiss --- Community Development Administrator--- on March 5, 2019. Supervisor Simpson confirmed the need for affordable housing in the Gurnee/Warren Township area far surpasses supply. Warren Township receives calls asking for rental assistance "all the time". For families in existing rental housing stock, there is a need for financial counseling; the Township is often approached for emergency financial assistance to pay rent after families incurred a discretionary expense such as a vacation and/or holiday presents. The Township uses emergency/general assistance dollars to pay critical bills on behalf of employed residents. In terms of housing needs, Supervisor Simpson noted the Gurnee area still needs more senior housing after seven new assisted living centers have been recently built. She gave local examples of assisted living centers with long waiting lists. She also noted several cases of seniors trying to stay with family members who found that situation unsustainable. The large numbers of seniors in the area has caused Warren Township to build a bond-financed \$6 million addition to its Senior Center. Among younger families, Supervisor Simpson has observed township clients who had to quit their jobs due to lack of childcare after a caregiver was deported.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care		
Paratransit Market Study	Division of Transportation	The study looks at the strengths and weaknesses of the transportation system in Lake County. Transportation issues have a direct impact on employment, housing, social services, recreation and most other activities of daily living for Lake County residents. Our goals for improving Lake County must include transportation considerations as it is the means of access for most activities.
Healthcare Access in Northern Lake County	Healthcare Foundation of Northern Lake County	This study looks at healthcare and access issues that impact residents living in Northern Lake County which is the same region most of the investment in social services is required. The people discussed in this study are the same as those Community Developments plan will seek to affect.
On to 2050	Chicago Metropolitan Agency for Planning	The regional comprehensive plan "On to 2050" identified 3 principles that guided every recommendation made in the plan. The principles included; inclusive growth, resilience and prioritized investment. Inclusive growth is a direct overlap between "On to 2050" and this plan. Both CMAP and Lake County have prioritized efforts providing opportunity for all residents.
