WE FACED A HOSTILE INVESTING ENVIRONMENT

Even though we received \$2.5 million in interest, we likely face an unrealized loss in FY2021. As you know, an unrealized loss is just that: unrealized. Since we hold bonds to maturity, the loss is just an accounting adjustment until the bonds mature.

Total Revenue for FY 2021

- + In FY 2021, the Treasurer received \$2.5 million in interest on investments
- + In addition, the Treasurer transferred over \$3 million in fees to the County general fund
- Our budget is approximately \$1.8 million
- = Since 2018, we continue to be a revenue generator for Lake County and continue this year.

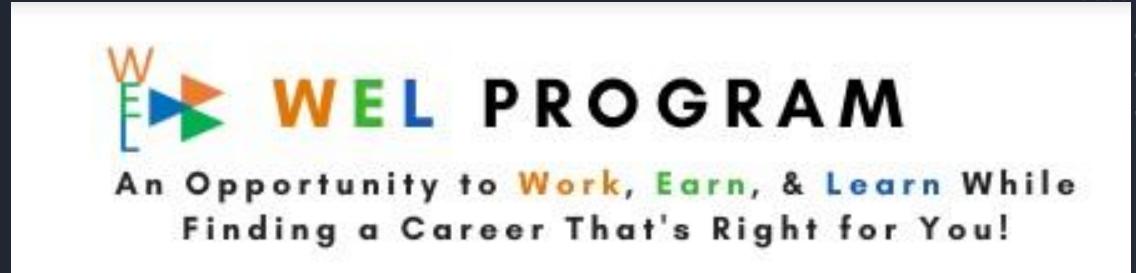

This does not include property taxes collected on behalf of the County, or the dollars distributed to local governments and schools.
