Discussion of Proposed Amendments to Lake County Unified Development Ordinance Regarding Wind Energy

- Staff will present the Text Amendment to the Unified Development Ordinance (UDO) with changes made by the Regional Planning Commission and Zoning Board of Appeals.
- The first provision of the proposed amendment includes the permitting of wind energy facilities.
- The second provision pertains to height, setbacks and operating conditions.
- The third provision contains information on violations, penalties and enforcement of the proposed regulations.
- After its review, the Committee will vote to forward the amendment to the County Board.

Mr. Eric Waggoner began the discussion on the proposed amendments to the Unified Development Ordinance regarding wind energy. He introduced Mr. David Husemoller who continued the discussion.

Mr. Husemoller began reviewing the proposed amendments with regard to noise standards, shadow flicker, height and setback requirements, and use classifications for small and large wind facilities.

A brief video was shown to the Committee that demonstrated shadow flicker from a large wind turbine on a home.

Mr. Al Westerman, 11585 Russell Road, Zion, Illinois 60099, Zoning Board of Appeals Commission Member, addressed the Committee with regard to facility setback requirements.

Discussion ensued on the implications of requiring a Conditional Use Permit for the installation of a wind turbine.

Vice-Chairman Lawlor stated that he is very much in favor of sustainable energy practices, and he cautions staff and the Committee against producing an ordinance that is too strict and would prohibit the practice.

Chairman Mountsier explained that the Committee will meet again next Tuesday, August 3, 2010. The discussion of the proposed amendments to the Unified Development Ordinance regarding wind energy will continue at the August 31, 2010 PB&Z Committee meeting.

Presentation of the 2nd Quarter 2010 Key Performance Indicators Comparison Reports

Mr. Philip Rovang presented the 2nd Quarter 2010 Key Performance Indicators Comparison Reports for the Planning, Building and Development Department. He explained that while the department revenues are trending upward, the level of permitting for the department remains lower than previous years. The majority of the permits being approved are for renovations rather than new construction.

Vice-Chairman Lawlor expressed his appreciation for the dedication of the department staff. He explained that although the number of department staff has decreased, customer service has remained constant.
