

Form 5C defines additional activities and locations where the additional activity is conducted.

Additional Activity	Proposed Change	Explanation
School based dental sealant program	Delete	Prior to COVID, LCHD/CHC providers administered exams and dental sealants to low-income children at public schools in Lake County. This program stopped during COVID and due to staffing constrains will not be reimplemented at this time. LCHD/CHC staff works with the public schools to provide information on scheduling appointments at LCHD/CHC health centers.
Hospital Admitting	Delete	LCHD/CHC does not have any providers currently with active hospital privileges. LCHD/CHC patients who are hospitalized are cared for in the hospital by Hospitalists. The Hospitalists communicates with the LCHD/CHC provider and care team during the patient's hospital stay. LCHD/CHC care teams work with the hospital's discharge planning staff to ensure continuity of care post discharge.
Healthcare for the homeless	Delete	Prior to COVID, LCHC/CHC Providers provided medical visits at emergency shelters and temporary housing facilities. This stopped during COVID and due to staffing constrains will not be reimplemented at this time. LCHC/CHC staff work with PADS staff to schedule appointments at LCHD/CHC health centers.
Non-clinical Outreach	Revise	LCHD/CHC Insurance Navigators help health center patients and residents related to Medicaid and Marketplace enrollment. These services are provided at LCHD/CHC health centers and during community outreach events.
