**Subject:** RE: Lake EsG

Prairie State agrees to the reprogramming of 2012 dollars for other purposes. I think it has been very confusing since the 2013 grant was just signed on February 19, 2014 by the county, but was retroactive to May 2013. Based on the County's agreement allow us to bill on the 2013 grant prior to the signed contract, we have no objection to reprogramming the 2012 dollars for other purposes. We want the funds to be used to meet the needs of Lake County residents and appreciate the County's efforts to do so.

This was my agreement with Brenda regarding the 2012 funds. I think Mark was just as confused as us about what grant was what when he came to the meeting. We agreed to allowing the unspent 2012 dollars to be reallocated. This was agreed to in November. I still need to check because I believe we have billed against the 2013 grant. Let me know what you need me to do regarding 2012 funds.

**Subject:** Lake ESG grants

I just spoke to Brenda O'Connell at Lake County. We have spent somewhere between \$5000 and \$6000 of the \$20,000 ESG grant for 2012. They would like to consider this **grant closed out** as of the last billing and have all future billing count against the 2013 grant which will be \$36,000.
