I. GENERAL INFORMATION

A. INTENT

The intent of this RFP is to establish a contract with a vendor that can provide cost effective and medically necessary services while maintaining a level of quality in accordance with current standards established by the National Commission on Correctional Health Care (NCCHC) and the American Correctional Association (ACA) for the Lake County Adult Correctional Facility (LCJ). Additionally, the health services program for the Adult Correctional Facility must comply with the minimum county jail standards as defined by the Illinois Department of Corrections and the Prison Rape Elimination Act (PREA).

For the past three (3) years, the Lake County Sheriff's Office (LCSO) has used federal funds from grants to help pay for HIV medication, dialysis, and opioid dependency medications. LCSO applies for grants every year but cannot guarantee that federal funds will be used to help pay for this contract.

B. LAKE COUNTY, ILLINOIS

Lake County is located in northeast Illinois, between the Chicago and Milwaukee metropolitan areas. Lake County is home to about 703,000 residents. Lake County is committed to open government and transparency, and the County board's conservative fiscal policies have allowed the County to maintain fiscal stability and achieve AAA bond rating from Standard & Poor's and Moody's. Lake County is governed by a 19-member board and managed by a County Administrator.

C. BACKGROUND

LCSO operates a 740 bed Adult Correctional Facility (LCJ), and a 105 bed Adult Community Based Corrections Center (CBCC) located in Waukegan, Illinois. Currently, the CBCC is closed and there is not an anticipated date for re-opening. LCSO entered into an agreement with McHenry County Jail in December of 2023 to house up to 150 inmates daily. Prior to sending inmates over to McHenry County Jail, the average daily population of the LCJ was 620 with some seasonal variation. When CBCC was open, it had an average daily population of 93 males and 8 females. Since sending inmates over to the McHenry County Jail and closing CBCC, LCJ's average daily population in 2024 was 401. To date in 2025, the average daily population has been 421. The contract with McHenry County Jail expires November 30, 2025, and will likely be renewed for another year.

The Lake County Jail was the first county facility in Illinois and the 16th in the nation to be built and operated under the principles of direct supervision. The jail consists of housing units referred to as 'pods' in which Correctional Officers and detainees intermingle without the full complement of traditional barriers. A pod typically holds between 24 and 60 detainees. The Adult Correctional Facility house males and females in separate pods. Jail medical staff will be expected to navigate through the facility independently without the escort of a Correctional Officer. A Correctional Officer will be in the pod when medical staff are present. Our jail staff currently consists of 123 Correctional Officers, 18 Correctional Sergeants, 5 Correctional Lieutenants, 2 Deputy Chiefs, and 1 Chief of Corrections.

Currently, LCJ incarcerates adults (18 years of age and older) accused of crimes and awaiting trial, as well as those convicted and sentenced to less than one (1) year in jail (county time) and those sentenced to the Illinois Department of Corrections and awaiting transfer. Typically, 90% of the inmates are incarcerated on a pre-trial basis. The Lake County Jail received NCCHC accreditation in 1987 and has maintained it since that time. LCJ has been accredited through the ACA since August 2006. The Lake County Jail currently uses Tyler Technologies for its Jail Management Software (JMS).

All detainees admitted into the jail receive an initial medical and mental health screening by medical staff prior to being assigned beyond the Booking Area. If the CBCC reopens, any detainees sentenced to CBCC receive an initial medical/mental health screening by the medical provider but are responsible for their own healthcare.

D. CURRENT STATE - PROJECT

The information below is data that was requested in the Q&A portion of the last RFP. Please review the information below prior to submitting questions.

The current inmate healthcare provider in LCJ is Wellpath. The current pharmacy provider is Diamond Pharmacy. We are unable to provide Diamond Pharmacy reports because they are marked as proprietary and confidential to Diamond. LCJ only allows an inmate's medication from home in extreme cases and on a case-by-case basis. LCJ has a CLIA waiver that expires in 2026. The budgetary fiscal year is December 1 – November 30. The budget for FY25 is \$4,405,000. In the past, LCJ has contracted with the United States Navy to house on average 1-2 detainees at a time. At this time, we do not have a contract with any federal, state, or county agencies to house inmates at our jail. The average waiting time to see the dentist has historically been one (1) week or less depending on when the request was made.

E. PARKING

Parking is not available at Lake County Jail. The Proposer, any subcontractor, and employees will need to purchase a parking permit from the City of Waukegan. All parking information can be found on the City of Waukegan's website (https://www.waukeganil.gov/132/Parking).

Conditions that qualify an inmate to be housed in the medical pod include, but are not limited to, post-operative, uncontrolled diabetes, neurological deficit, complicated drug/alcohol withdrawal, complicated would care, medical isolation, mental illness that requires close observation, and anyone that needs assistance with activities of daily living. The Proposer shall use best efforts to dispense pharmaceuticals to inmates within the timeframe dictated by the prescriber, generally twenty-four (24) hours from the time the prescription or order was written. The Proposer will be responsible for all costs of all required prescribed medications, including routine and non-urgent medications administered, except those prescriptions provided by ADAP (see section G). The system must include prescription and over-the-counter medications. All prescription medications must be administered by a state licensed individual. All controlled substances, syringes, needles and surgical instruments used in the dispensing of medication shall be stored by the Proposer under security conditions acceptable to the Jail.

The Proposer shall establish a medication formulary utilizing primarily generic medications unless otherwise medically indicated. Pharmacological support (the administration and issuance of prescribed medications) must be determined by the Proposer's healthcare staff. Proposer must review any requests for renewal of medication orders, including psychotropic medications, to ensure renewal is medically necessary. The re-evaluation must be documented in the inmate's health record.

The Proposer has the responsibility to record the administration in a manner and on a form approved by the Jail to include documentation of the fact that inmates are receiving and ingesting their prescribed medications, and to maintain those records. The Lake County Adult Corrections Facility currently has the following procedure in place for HIV testing and medication:

HIV testing is performed for patients who disclose a history of HIV or at a patient's request.

If an inmate is booked into the facility that discloses that they are medically diagnosed with HIV, it is the responsibility of the medical staff at the jail to identify the inmate's current ADAP status. If the inmate is already enrolled, the jail medical staff follows up with specialty pharmacy for continued medication. If the inmate is not enrolled, the jail medical staff completes an ADAP application with the inmate and follows application status/medication via specialty pharmacy.

In 2024, there was a total of 21 inmates that tested positive for HIV.

I. Management and Offsite Inmate Care

The Proposer shall assume financial responsibility for and will arrange for the admission of any inmate who requires hospitalization. Hospital services include, but are not limited to, daily room and board, nursing services, use of operation, treatment and/or recovery rooms, emergency room services, services and supplies routinely provided by the hospital, physician services including surgery, diagnostic testing, and anesthetics and their administration. Proposers management of offsite care shall include, but is not limited to, negotiating provider rates, contracting with hospitals and specialty care providers to develop a network of offsite providers, managing communications between onsite and offsite providers to ensure continuity of care, adherence to all privacy laws including HIPPA and the HITECH acts, monitoring applicability and utilizing available benefits of third party payor sources including the Patient Protection and Affordable Care Act (PPACA), coordinating and obtaining clinical information between providers, review of all claims for appropriateness, and provision of utilization management to ensure all offsite care is timely, medically necessary and not duplicative of services provided onsite. Lake County primarily uses Vista Medical Center East for hospital care. A monthly log shall be provided to LCSO summarizing each emergency and hospital visit including whether the visit was avoidable (e.g. No one onsite to administer an IV). A summary of the off-site service costs can be found in Exhibit G.

J. Specialty Services

Inmates will periodically require the services of a medical specialist (e.g., Ob-Gyn, Orthopedics, etc.). The Proposer shall be responsible for the arrangement of all specialty care. Whenever possible, onsite delivery of specialty services is to be arranged (i.e. physical therapy, lab work, X-ray, dialysis etc.). Currently, dialysis and physical therapy are provided on-site by a third party contracted through our current jail medical provider. The third party bills our current jail medical provider, and the cost is then passed through to LCJ on our monthly off-site/pharmacy invoice. Proposers management of specialty services

shall include, but is not limited to, negotiating provider preferred rates, contracting with specialty care providers to develop a network of offsite providers, managing communications between onsite and offsite providers to ensure continuity of care, adherence to all privacy laws including HIPPA and the HITECH acts, monitoring applicability and utilizing available benefits of third party payor sources including the Patient Protection and Affordable Care Act (PPACA), coordinating and obtaining clinical information between providers, review of all claims for appropriateness, and provision of utilization management to ensure all offsite care is timely, medically necessary and not duplicative of services provided onsite. If the awarded vendor is not able to negotiate preferred rates, there must be documentation provided to Lake County within 90 days of taking over the contract, demonstrating that an attempt was made by the awarded vendor.

K. Emergency Services

The Proposer shall provide emergency medical treatment to inmates as necessary, including off site emergency treatment through appropriate arrangements with local hospitals. Additionally, the Proposer shall provide emergency first aid to correctional staff and visitors at the jail upon request of Lake County. However, if there is a simultaneous need for emergency first aid to a correctional staff member, a visitor, and/or an inmate, the Proposer will triage each situation and make reasonable effort to first address the most urgent medical need. The Proposer will not be responsible for payment of emergency and follow-up services and transportation provided to correctional staff and/or visitors within the facilities in the event of an emergency. Currently, emergency ambulance transport is provided by 911 Waukegan Fire and Rescue for Adult Corrections.

L. Special Medical Programs

The jail physician shall develop a written individualized treatment plan for inmates with special medical conditions requiring close supervision. The plan should include directions to all applicable personnel regarding their roles in the care and supervision of the patient.

M. Reporting Requirements

Proposer is to collect and analyze healthcare statistics on a regular basis in the jail. Analysis should include information that will assist all parties in justifying current services and include any recommendations to improve medical services, as well as suggestions for corrective, preventive or remedial actions based on analysis of the report's data. Statistical reports of health services, as well as review of Medical Grievances shall be made at least monthly and provided to the Jail Administrator during the Medical Audit Committee (MAC) meeting. A formal Continuous Quality Improvement (CQI) meeting should be held at least quarterly. Please note that all reports will become the property of Lake County and may be shared with the County Board and other requesting agencies.

The awarded vendor will be required to submit the following reports to LCSO on a daily, weekly, or monthly basis. Please provide example illustrations of the following reports that you would submit to LCSO if awarded the contract:

- Daily Statistics Sent Monday through Friday
- Weekly Staffing Schedules
 - a. Proposed
 - b. Corrected
- Medical Audit Committee (MAC) list all reports to be included
- Continuous Quality Improvement (CQI) list all reports to be included

N. Exclusions

The Proposer shall not be responsible for the provision of elective medical care to inmates. "Elective Medical Care" means non-emergency medical care, which if not provided, would not cause the inmate's

health to deteriorate or cause definite harm to the inmate's well-being in the opinion of the Medical Director. Any other exclusions shall be specified by Proposers in their submittal.

O. Inmate Medical Co-Payment Requirements

Inmates at the jail are currently billed a co-payment of \$10.00 for any medical or dental services requested by the inmate. There are no charges for any follow-up appointments deemed necessary. The medical staff completes this process and shall provide a report of every inmate that was charged a co-pay. Proposer shall provide LCSO with the information needed to bill inmates at the jail for the necessary co-payments for medication and medical services as appropriate. This must include information such as who they saw, when they were seen, services performed, etc. Co-payments are currently billed through LCJ's banking software program, Lockdown.

P. Staffing Requirements

Lake County requires coverage at LCJ twenty-four (24) hours a day for seven (7) days a week, 365 days a year (366 days in a leap year). Treatment is provided for emergent, urgent and chronic medical conditions in consultation with Physicians, Physician's Assistants/Nurse Practitioners, Psychiatrists and Dentists. Registered Nurses are required twenty-four (24) hours daily to assess, treat and refer inmates as necessary.

The Proposer must include a proposed staffing plan for the LCJ, which shall be inserted after the Price Proposal. We have included our current staffing matrix (Exhibit D) for your reference while creating your proposed staffing plan. While reviewing our current staffing matrix, please keep in mind that the criteria listed below must be met in the newly proposed staffing plan at a minimum. Each position shall include a post assignment/title and hours to be worked. The Proposer must also disclose the maximum number of hours per week individual staff members can work. The proposed staffing plan may be subject to the approval of Jail Command. The Proposer shall accept applications from and interview current medical health staff for existing and anticipated positions.

While creating your proposed staffing plan, the following criteria must be met:

- 1. A RN must be on duty twenty-four (24) hours a day, seven (7) days a week which equates to 168 hours per week. Intake screening must be performed by RN staff. RN coverage should be 252 hours per week spread across 24-hour coverage seven (7) days a week.
- 2. The Doctor should be scheduled for six (6) hours a week and should be divided between two (2) non-consecutive days.

- 4. Psychiatric ARNP should be scheduled for sixteen (16) hours a week.
- 5. Social Workers/Mental Health Professionals should be scheduled for 104 hours a week, divided between seven (7) days with sixteen (16) hours of coverage per day and should not have overlapping shifts. The shifts should be scheduled for days and afternoons, not when the facility is on lockdown at night between 10:00 PM 7:30 AM.
- 6. Dental services are currently provided by a dentist eight (8) hours a week and a dental assistant eight (8) hours a week. These two positions are scheduled to work at the same time.
- 7. The Health Services Administrator, Director of Nursing, Mental Health Director, Mid-Level Provider (NP/PA), CMA, and Administrative Assistant should each be scheduled for 40 hours per week.
- 8. LPN coverage should be 280 hours per week spread across 24-hour coverage seven (7) days a week.

The Proposer shall provide a plan for corresponding shifts for various healthcare positions that would be necessary to treat the inmates that would meet the standards of the National Commission on Correction

Heath Care (NCCHC), as well as the American Correction Association (ACA).

In all cases, employees may be used to cover like positions when their credentials equal or exceed the credentials required for such position (i.e., a RN may cover for a LPN). A tentative staffing schedule for the following week shall be provided by the Proposer every Friday. A corrected staffing schedule for the previous week shall be provided by the Proposer every Monday. Lake County reserves the right to monitor staffing on a weekly basis and may request an action plan by the Proposer to address any inconsistency in staffing levels.

The following requirements must be met by all successful Proposers:

- 1. Only Illinois licensed and qualified personnel shall be employed to provide professional coverage.
- 2. All personnel will be required to pass an annual background investigation conducted by the Lake County Sheriff's Department. The cost of the investigation will be borne by Lake County.
- 3. A Director of Nursing (DON)/Site Administrator who is, at minimum, a Registered Nurse, shall be assigned to the site. The selected DON/Site Administrator should have management experience and successful experience in the administration of healthcare services at other, similar sized, correctional facilities would be preferred. If replacing the DON/Site Administrator becomes necessary, the replacement must have equal qualifications to those of the DON/Site Administrator originally identified.
- 4. A Health Services Administrator (HSA) who is, at minimum, a Registered Nurse, shall be assigned to the site and scheduled to work during the day. The selected HSA must be licensed in Illinois. If replacing the HSA becomes necessary, the replacement must have equal qualifications to those of the HSA originally identified.
- 5. All personnel will comply with current and future state, federal, local laws, regulations, court orders, procedures, etc.

- 8. Hiring and continued assignment of senior leadership staff will be subject to the approval of Facility Administrator(s). Vacancies must be filled within thirty (30) days with no loss of service/coverage in the interim.
- 9. The Proposer will be responsible for setting up the work schedules of all its employees to comply with the coverage they proposed in this Request for Proposal.
- 10. All personnel shall be required to wear an ID badge, dress appropriately, act professionally, and maintain proper hygiene.

Upon such written request, the County and Proposer shall decide on a course of action to cure any such problems, provided that there shall be no cure opportunity required for problems involving categories (ii) or (iv) in the preceding sentence.
- 12. All medical staff that retain their current position in the new contract with the awarded vendor must be entitled to full medical benefits beginning the first day of the contract.

Please keep in mind that this is a 24/7/365 (366 days in a leap year) facility and that every holiday must be staffed appropriately according to the contractual staffing schedule.

Pricing shall be based on the staffing levels and number of hours required for an Average Daily Population (ADP) of 550 adult inmates. - 1. Pricing for the first initial (2) two-year term shall be fixed and based on an ADP per month of 550 inmates. - 2. After the initial two-year period, pricing may be adjusted in accordance with the following:

Increases or decreases will be pegged against the Consumer Price Index, All Urban Consumers, US City Average for Medical Care, 12- month percent change, Not Seasonally Adjusted (Series CUUR000SAM) or 4%, whichever is lower. E. Best and Final Offer

The County reserves the right to request a Best and Final Offer (BAFO) if additional information or modified terms are necessary for the Evaluation Committee to complete its evaluation and ranking. A BAFO will not be used solely to reduce pricing. If a BAFO is requested, all short-listed proposers, or if the short-list process is not used, all qualified Proposers will be provided an opportunity to submit a modified Response. Only one

BAFO request will be issued by the County. The information received from the BAFO will be used by the Evaluation Committee to re-evaluate and re-rank the Proposers.

For example, information exempt from disclosure in response to a FOIA request includes but is not limited to: highly personal or objectionable information; trade secrets and commercial or financial information claimed as proprietary, privileged or confidential, the disclosure of which would cause your business competitive harm; valuable formulae, computer geographic systems, designs, drawings and research data when disclosure of the same would produce private gain or public loss; certain construction related technical documents; and information associated with automated data processing operations that, if disclosed, would jeopardize system or data security.

If no redacted copy is provided, the Lake County Purchasing Division reserves the right to determine what information should be redacted as proprietary, privileged, or confidential in response to a FOIA request. A Proposer who fails to provide a redacted copy of its proposal waives its right to maintain any claims against Lake County, its agents, or employees for disclosure of this information.

C. RESERVED RIGHTS

Lake County reserves the right, at any time and for any reason, to cancel this RFP or any portion thereof, to reject any or all proposals, or to accept an alternate proposal. Failure of any Proposer to receive any such addendum or interpretation shall not relieve the Proposer from obligation under this RFP as submitted. All addenda so issued shall become part of the RFP documents. Failure to request an interpretation constitutes a waiver to later claim that ambiguities or misunderstandings caused a Proposer to improperly submit a proposal.

G. DISCUSSION OF PROPOSALS AND NEGOTIATION

Lake County may assess Proposer, on a monthly basis, a fine of \$100 for each annual H&P and annual dental screening not completed within fourteen (14) days past an inmate's 365th consecutive day at jail.

A penalty of one monthly payment (1/12th of annual base amount) will be paid to LCSO in the event that the awarded vendor does not maintain NCCHC and/or ACA accreditation due to negligence of not meeting the medical standards of NCCHC and/or ACA accreditation at the Adult Correctional Facility.

A penalty of half a monthly payment (1/24th of annual base amount) will be paid to LCSO in the event that the Adult Correctional Facility is placed on probation from either NCCHC or ACA due to negligence of not meeting the medical standards of NCCHC and/or ACA at the Adult Correctional Facility.

In the event that the hours worked – either by shift or position - do not conform to the approved staffing schedule outlined in the contract, the Proposer shall reduce its monthly invoice to Lake County at 100% of the Bill Rate for the position/category for every hour that was unstaffed. In all cases, employees may be used to cover like positions when their credentials equal or exceed the credentials required for such position.

Proposer will provide LCSO Contract Manager with a staffing report that details each position's contracted hours, hours worked, hours not worked, and a total reimbursement rate. The total withhold amount must be applied to the invoice for that correlated month and there must be a single line item on the invoice reflecting each categorized withhold (ex. one credit line for total staffing shortages, one credit line for penalties, one line for withholds, etc.).

LCSO feels that we should not need to pay for unfilled hours, and this is a nonnegotiable topic.

Staffing Withhold Example:

Each month a staffing report will be sent to the Contract Manager along with the monthly base invoice. The staffing report should show all contracted positions, the hours worked, hours not worked, and the total reimbursement. The combined total of all reimbursed hours should be reflected as a credit line item on that corresponding invoice.

Below is an example of a staffing report that shows the total contracted hours by position and the reimbursement for any non-productive hours. The example below has made up rates.

LCJ acknowledges that retaining quality medical personnel is paramount in ensuring that superior medical care is provided to our inmates. Historically, LCJ has worked with the awarded proposer to ensure the contracted medical staff at our facility receive competitive pay.

The hourly rate for each position in the table above is the **minimum hourly rate** that will be accepted by Lake County to deem a vendor as a responsible proposer. **Lake County will disqualify any vendor that proposes hourly rates/salaries below these minimums.** If the Proposer would like to submit higher hourly rates than what is included above, they are welcome to do so. Please keep this minimum hourly rate in mind when filling in the tables in the Pricing Proposal.

Exhibit E Insurance

The following language provided by the Lake County States Attorney's Office will be included in the contract with the awarded proposer. LCSO wants each vendor to be made aware of this language prior to entering negotiations with the awarded provider.

"PROOF OF INSURANCE. 'Awarded Vendor Name Here' shall provide the County proof of professional liability or medical malpractice coverage for 'Awarded Vendor's' Health Care Staff, employees, agents and subcontractors, for the term services are provided under this Agreement. 'Awarded Vendor Name Here' shall promptly notify the County, in writing, of each change in coverage, reduction in policy amounts or cancellation of insurance coverage. If 'Awarded Vendor Name Here' fails to provide proof of adequate insurance within a reasonable time under the circumstances, then the County shall be entitled to terminate this Agreement without penalty to the County pursuant to the terms of Article IX, and insurance coverage—along with proof of it—shall be considered a material term of this Agreement. 'Awarded Vendor Name Here' shall name the County as an additional insured with respect to and all lawsuits, claims, demands, liabilities, losses and expenses, including court costs and attorney's fees, for or on account of any injury to any person, or any death at any time resulting from such injury, or any damage to property, which may arise or which may be alleged to have arisen out of or in connection with the work covered by this contract."
