#### 2008 Summer Youth Employment Program

The Lake County Workforce Development Department kicked off its annual Summer Youth Employment Program this past June 16<sup>th</sup>, 2008. Sponsored by the Lake County Board and ran for 7 weeks.

The purpose of the SYEP is to promote the importance of academics, while offering a productive summer experience that will stimulate a genuine appreciation for employment. Again this year the demand for our program was high. Through a hotline waitlist system over 700 youth expressed interest in participating in the employment program. Based on available funding, we were able to serve 203 youth from 18 communities throughout Lake County.

We partnered with 27 worksites located throughout the Lake County area. We were fortunate to welcome 2 new worksites as part of the total 27 sites. The Facilities Operation Dept. in the County took on 4 youth workers and The College of Lake County took on 2 youth workers. We hope to continue partnering with them in the future to impact the lives of our Lake County youth.

Here are some comments from various worksites that provided feedback to us, when asked this question: "In what ways do you see the SYEP as an asset to Lake County's workforce and community"? "I've seen the workers we've had improve over the summer in their work habits and attitudes. We have been able to complete projects utilizing these workers that otherwise may not have been completed", per The Antioch Public Library. "This program is advantageous to our community of youth because they are exposed to the workforce at an earlier age. This allows the youth to have a "heads up" on future competition in terms of learning soft skills such as professionalism, appropriate work attire and forming positive relationships with others", per The College of Lake County, Career and Placement Services. "This program is an asset to the community because it starts to teach the youth the value of hard work. It teaches them responsibility at a young age. They learn in order to move up in the world you have to start somewhere", per The City of North Chicago.

The 2008 Summer Youth Employment Program was a great SUCCESS this year and it's our continued hope that we can offer this to our Lake County youth for years to come.
