2.2. Availability of Appropriation. Obligations of the State will cease immediately without penalty or further payment being required if, in any fiscal year, the Illinois General Assembly or Federal funding source fails to appropriate or otherwise make available sufficient funds for this Agreement, or if the Governor decreases DHS' funding by reserving some or all of DHS' appropriations pursuant to power delegated to the Governor by the Illinois General Assembly. DHS shall notify the Provider of such funding failure.

DHS will be deemed to have acted in good faith if it is in possession of information that indicates the Provider authorized DHS to intercept or redirect payments to a third party or when so ordered by a court of competent jurisdiction.

2.6. Reductions to Estimated Amount. The Agreement amount is established on an estimated basis and may be increased at any time during the term. DHS may decrease the estimated amount of this Agreement at any time during the term if DHS believes the Provider will not utilize the funds during the term, or has utilized funds in a manner that was not authorized by this Agreement, or if the Governor decreases DHS' funding by reversing some or all of DHS' appropriations pursuant to power delegated to the Governor by the Illinois General Assembly. The Provider will be notified, in writing, of any adjustment, and reason for the adjustment, of the estimated amount of this Agreement.

2.7. Interest. Federal pass-through grant funds disbursed under this Agreement and held for over five (5) days by the Provider shall be placed in an interest-bearing account. All interest earned shall be considered grant funds and are subject to the same restrictions. If the Provider does not comply with these requirements, the Provider will be subject to the interest penalties described in Subpart A of the Cash Management Improvement Act. Any exceptions to this requirement must be approved, in writing, by DHS. The provisions of the Illinois Grant Funds Recovery Act, 30 ILCS 705/1 *et seq.*, shall apply. The period of time during which grant funds may be expended by the Provider is the Term of this Agreement as set forth in Article XIX hereof.

2.8. Timely Billing Required. For all non-recurring Federal funding, such as one-time grants and ARRA funding, the Provider must submit any bills to DHS within thirty (30) days of the end of the quarter. Failure to submit such bills within thirty (30) days will render the amounts billed an unallowable costs which DHS cannot reimburse. In the event that Provider is unable, for good cause, to submit its bills within thirty (30) days of the end of the quarter, Provider shall so notify DHS within that thirty (30) day period and may request an extension of time to submit the bills. In the event the State's Fiscal Year 2012 (FY12) Budget has not been agreed upon at the time the Agreement is executed by the Provider, the Provider shall submit to DHS its proposed budget within thirty (30) days of the passage of the State's FY12 Budget. Such budget must be segregated between direct program and indirect (administrative) costs and include, but is not limited to:

- (a) Personnel costs, title and responsibilities;
- (b) Goods and services;
- (c) Overhead costs such as rent, utilities, janitorial, phones, insurance;
- (d) Printing;
- (e) Cost of required audits;
- (f) IT services;
- (g) Indirect cost allocation including fiscal, executive staff, and memberships to professional staff; and
- (h) Administrative cost allowance and detail, methodology and rationale.

4.2. Payment Contingency. Payment to the Provider is contingent upon DHS' receipt and approval of the Provider's proposed budget.

4.3. Budget Revisions. The budget is a schedule of anticipated grant expenditures that is approved by DHS for carrying out the purposes of administering the grant. When the Provider or third parties support a portion of the grant costs, the budget includes the non-Federal as well as the Federal share of grant expenses. The Provider shall obtain prior written approval from DHS whenever a budget revision is necessary because of:

(a) the transfer to a third party (by subgranting, contracting or other means) of any work under a grant;

(b) the transfer of funds from other budget detail line items greater than ten percent (10%) of the line item; or

(c) changes in the scope of services or objectives of the grant.

4.4. Approvals. All requests for budget revisions shall be signed by the Provider's grant administrator and submitted to DHS' Office of Contract Administration for approval by DHS management.

4.5. Notification. Within thirty (30) calendar days from the date of receipt of the request for budget revisions, DHS will review the request and notify the Provider whether or not the budget revision has been approved. 4.6. Exemptions. Fee-for-service and fixed rate grants and contracts are exempt from the foregoing budget provisions.

ARTICLE V ALLOWABLE COSTS

5.1. Allowability of Costs; Cost Allocation Methods. The allowability of costs and cost allocation methods for work performed under grants, fee-for-service contracts and fixed-rate grants shall be determined in accordance with the applicable Federal cost principles and the terms and conditions of the grant award. However, DHS delegates to the Provider the authority to approve costs that the applicable cost principles state are allowable only with the prior approval of the funding agency, unless specifically prohibited by other articles in these general grant provisions, or by the terms and conditions of the grant award. Examples of such costs are foreign travel; equipment purchases; and publication and printing costs. **This delegation does not relieve the Provider of the responsibility to document that such charges are reasonable, necessary and allocable to the project.**

5.2. OMB Circular A-21. The Federal cost principles that apply to public and private institutions of higher education are set forth in OMB Circular A-21 (relocated to 2 CFR Part 220).

5.3. OMB Circular A-122. The Federal cost principles that apply to nonprofit organizations that are not institutions of higher education are set forth in OMB Circular A-122 (relocated to 2 CFR Part 230).

5.4. OMB Circular A-87. The Federal cost principles that apply to State, local and Federally-recognized Indian tribal governments are set forth in OMB Circular A-87 (relocated to 2 CFR Part 225).

5.5. Changes in Grant Scope of Services. Any project that is carried out under a grant must be consistent with the scope of services. **No changes may be made to the scope of services without written approval from DHS. All requests for a change in the scope of services shall be signed by the Provider's grant administrator and submitted to DHS' Office of Contract Administration for approval by DHS management.**

5.6. Changes in Key Grant Personnel. The replacement of the project director or the co-director or a substantial reduction in the level of their effort, *e.g.*, their unanticipated absence for more than three (3) months, or a twenty-five percent (25%) reduction in the time devoted to the project, requires prior written approval from DHS. When it is specifically required as a condition of a grant, written approval will also be needed for the replacement or the substantial reduction in the level of effort of other personnel whose work is deemed by DHS to be critical to the project's successful completion. All requests for approval of changes in key project personnel shall be signed by the Provider's grant administrator and submitted to the appropriate DHS program officer. Evidence of the qualifications for replacement personnel (such as a *résumé*) shall be included.

5.7. Financial Management Standards. The financial management systems of the Provider and its subrecipients must meet the following standards:

(a) **Accounting System**. Provider organizations and their subrecipients must have an accounting system that provides accurate, current, and complete disclosure of all financial transactions related to each State- and Federally-sponsored project. Accounting records must contain information pertaining to State and Federal pass-through awards, authorizations, obligations, unobligated balances, assets, outlays, and income. These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the project from third parties must be accounted for in the general ledger with other grant funds. Third party in-kind (non-cash) contributions are not required to be recorded in the general ledger, but must be under accounting control, possibly through the use of a memorandum ledger.

(b) **Source Documentation**. Accounting records must be supported by such source documentation as canceled checks, bank statements, invoices, paid bills, donor letters, time and attendance records, activity reports, travel reports, contractual and consultant agreements, and subaward documentation. All supporting documentation should be clearly identified with the grant and general ledger accounts which are to be charged or credited.

(1) The documentation required for salary charges to grants is prescribed by the cost principles applicable to the entity's organization (see Title XX Social Services).

(2) For grantees subject to OMB Circular A-21 (educational institutions), documentation for salary charges shall be based on either a system of monitored workload or a system of personnel activity reports for professional or professorial staff. Nonprofessional employees must keep personnel activity reports.

(3) For grantees subject to OMB Circular A-122 (nonprofit organizations), documentation for all salary charges shall be based on a system of personnel activity reports.

(4) For grantees subject to OMB Circular A-87 (State and local governments), documentation for salary charges shall be based on a system of personnel activity reports unless an employee is working solely on a single Federal award. In such case, the charge for salary will be supported by a certification signed by the employee or the employee's supervisor.

(5) Personnel activity reports shall account on an after-the-fact basis for one hundred percent (100%) of the employee's actual time, separately indicating the time spent on the grant, other grants or projects, vacation or sick leave, and administrative time, if applicable. The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records should be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

(6) Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are chargeable to the agreement, and the signatures of both the contractor and an appropriate official of the Provider.

(7) If third party in-kind (non-cash) contributions are used on a project, the valuation of these contributions must be supported with adequate documentation.

(c) **Internal Control.** Effective control and accountability must be maintained for all cash, real and personal property, and other assets. The Provider must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. The Provider must also have systems in place that ensure compliance with the terms and conditions of each grant award.

(d) **Budget Control.** Records of expenditures must be maintained for each grant project by the cost categories of the approved budget (including indirect costs that are charged to the project), and actual expenditures are to be compared with budgeted amounts no less frequently than quarterly.

(e) **Cash Management.** The Provider must have written procedures to minimize the time elapsing between the receipt and the disbursement of grant funds to avoid having excess Federal funds on hand. Requests for advance payment shall be limited to the Provider's immediate cash needs and are not to exceed anticipated expenditures for a three- (3) to five- (5) day period.

In the construction of the project, the Provider shall comply with the requirements of the Prevailing Wage Act including, but not limited to, inserting into all contracts for such construction a stipulation to the effect that not less than the prevailing rate of wages as applicable to the project shall be paid to all laborers, workers, and mechanics performing work under the contract and requiring all bonds of contractors to include a provision as will guarantee the faithful performance of such prevailing wage clause as provided by contract.

The Provider will cooperate fully in any such audit.

12.3. Failure to Maintain Books and Records.
