FINANCIAL & ADMINISTRATIVE

7.11 15-0886

Ordinance and resolution granting authority to charge a fee to cover energy costs at its Electric Vehicle Charging Stations.

- The Strategy for a Sustainable Lake County, the operations plan for implementing the Board's Strategic Plan, encourages the exploration and use of sustainable transportation choices to reduce vehicle emissions.
- In November 2014, taking advantage of state and federal incentives for all-electric vehicles, the County purchased three all-electric vehicles (EVs), and three charging stations.
- The County installed the EV charging stations at Central Permit Facility, 3010 Grand Avenue and the parking garage of the County Administration Tower in Waukegan. Each charging station is equipped with two charge ports. One port is reserved for county vehicles only and the other will be available for charging by the public and by employees charging their own vehicles.
- The County has determined it appropriate to impose a fee per kilowatt hour upon visitors and employees using the charging stations for their personal vehicles. The fee of 9.4 cents per kilowatt covers the County's costs associated with the public use of the EV charging stations.
- The EV charging station fee is subject to changes in the ComEd delivery rate as announced by the Illinois Commerce Commission on a bi-yearly basis. Any fee changes resulting from changes in the electric rate shall be approved via Board resolution.
