Kurt,

I would like to recognize two of your employees for going above and beyond in assisting me with a project that I assumed with my new position in May 2025.

Unfortunately, the process in which this project was awarded was not normal.

With the help from both Tim Cook and Kelcey Traynoff we will be able to move forward with this project.

I can't thank them both enough for their understanding and assistance with this project.

Working together great things can happen.

Sincerely,

Jim Smak
