

Marcus Jordan joins the III FFC as the Diversity, Equity, and Inclusion (DE&I) Outreach Coordinator. Within this role Marcus will have primary responsibilities for creating comprehensive outreach programs while also working with the ASIP Training Site in support of IUOE Local 150 as the Outreach Coordinator. During his 8-year tenure with the City of Waukegan, Marcus held multiple roles including Asphalt Maintenance, Operating Engineer, and as a Union Steward team member with a focus on insurance contract negotiations. Prior to these roles, Marcus worked within multiple supply chain and distribution capacities for KLOSS Distributing Company, serving the Lake County and neighboring Chicagoland suburbs. All of his past professional roles have included a common theme of working with, relating to, and serving those from various diverse backgrounds; all of which will certainly allow him to take on this new opportunity as the DE&I Outreach Coordinator.
