Total Service Equipment Fee Monthly Recurring Charges: \$0.00
Total Trunk Service Equipment Fee Monthly Recurring Charges: \$0.00
Total Equipment Fee Monthly Recurring Charges (All Services): \$0.00

*Note: Charges identified in the Sales Order are exclusive of maintenance and repair charges, and applicable federal, state, and local taxes, fees, surcharges and recoupments (however designated). Please refer to your Comcast Enterprise Services Master Services Agreement (MSA) for specific detail regarding such charges. Customer shall pay Comcast one hundred percent (100%) of the non-amortized Custom Installation Fees prior to the installation of Service. The existence of Hazardous Materials at the Service Location or a change in installation due to an Engineering Review may result in changes to the Custom and/or Standard Installation Fees payable by Customer.

GENERAL COMMENTS

This purchase (as set forth in this Comcast Enterprise Services Sales Order Form No. IL-322460-mazad-27522739 ("SOF")) is placed against General Services Administration Agreement GS-35F-184BA ("GSA"), located at the following or successor URL: https://www.gsaadvantage.gov/advantage/ws/catalog/contractor_detail?mapName=%2Fs%2Fsearch%2F&contractNumber=GS-35F-184BA. The Contract Terms and Conditions ("T's and C's") contained in the GSA apply to this purchase and take precedence over all other conflicting T's and C's, express or implied. Upon the expiration of the Service Term applicable to the SOF, the Service Term shall automatically renew for successive periods of one (1) month each (each, a "Renewal Term"), unless prior written notice of non-renewal is delivered by either party to the other at least thirty (30) days before the expiration of the Service Term or the then current Renewal Term. Customer acknowledges and agrees that if Customer terminates the Service(s) identified in this SOF prior to the expiration of the Service Term, Customer shall be responsible for the payment of any and all unpaid charges for Services rendered and for Comcast equipment, and, any and all unpaid capital expenses incurred by Comcast with respect to delivery of the Service(s), all of which are to be paid by Customer to Company within thirty (30) days of the invoice date; provided, that, the amount of capital expenses owed by Customer shall be reduced by the total amount of NRC and MRC already paid to Comcast by Customer for the applicable Service(s) at the time of termination. Notwithstanding anything to the contrary contained herein, the Static IP addresses identified in this SOF (i) are being purchased as an "open market" transaction, (ii) are not being purchased under the GSA, and (iii) shall be governed by the terms and conditions located at <https://business.comcast.com/enterprise/terms-conditions>.

Order Contingency. This SOF is fully contingent upon Customer's execution of Sales Order Form No. IL-322460-mazad-26760627. In the event Sales Order Form No. IL-322460-mazad-26760627 is not executed by the Customer in conjunction with this SOF, Comcast shall have the right to increase the pricing for the Services set forth herein.

AGREEMENT

This Comcast Enterprise Services Sales Order Form ("Sales Order") shall be effective upon acceptance by Comcast. This Sales Order is made a part of the Comcast Enterprise Services Master Services Agreement, entered between Comcast and the undersigned and is subject to the Product Specific Attachment for the Service(s) ordered herein, located at <http://business.comcast.com/terms-conditions-ent>, (the "Agreement"). Unless otherwise indicated herein, capitalized words shall have the same meaning as in the Agreement.

By purchasing Comcast voice services, you are giving Comcast Business permission to request a copy of the Customer Service Record(s) from your existing carrier(s). Customer Service Records include the telephone numbers listed on the account(s) and may also include information related to services provided by such carrier(s).

COMPANY ACKNOWLEDGES RECEIPT AND UNDERSTANDING OF THIS 911 NOTICE:

Your Comcast Business Voice Services set forth in this Sales Order (the "Voice Services") have the following 911 limitations:

- In order for 911 calls to be properly directed to emergency services using the Voice Services, Customer must provide and maintain the correct service address information ("Registered Service Location") for each telephone number and extension used by Customer. The Registered Service Location should also include information such as floor and office number as appropriate.
- If the Voice Services are moved to, or used in, a different location without Customer providing an updated Registered Service Location, 911 calls may be directed to the wrong emergency authority, may transmit the wrong address, and/or the Voice Services (including 911) may fail altogether. Customer's use of a telephone number not associated with its geographic location, or a failure to allot sufficient time for a Registered Service Location change to be processed, may increase these risks.
- Customer is solely responsible for programming its telephone system to map each telephone number and extension to the correct location, and for updating the telephone system as necessary to reflect moves or additions of stations.
- Customer 911 calls may be sent to an emergency call center where an agent will ask for the caller's name, telephone number, and location, and then will contact the local emergency authority.
- The Voice Services use electrical power in the Customer's premises. If there is an electrical power outage, 911 calling may be interrupted if back-up power is not installed, fails, or is exhausted. Voice Services that rely on a broadband connection may also be interrupted if the broadband service fails.
- Calls using the Voice Services, including calls to 911, may not be completed if there is a problem with network facilities, including network congestion, network equipment and/or power failure, a broadband connection failure, or another technical problem.
- Failure by Customer to make updates to the Registered Service Location, including updates to restore service address to the original Registered Service Location, or failure to allot sufficient time for the Service Location update provisioning to complete may result in emergency services being dispatched to the incorrect Service Location.
- Customers should call Comcast at 800-741-4141 if they have any questions or need to update the Registered Service Location in the E911 system.

BY SIGNING BELOW, CUSTOMER ACKNOWLEDGES THAT IT HAS READ AND UNDERSTANDS THE FOREGOING 911 NOTICE AND THE 911 LIMITATIONS OF THE VOICE SERVICES.

By signing below, Customer acknowledges, agrees to and accepts the terms and conditions of this Sales Order.
