REGULAR AGENDA

7.2 **19-1903**

Discussion of Clean Air Policies.

- In June 2019, staff presented a high-level overview of the status of yard waste burning regulation in Lake County. This presentation included details on current regulations in the unincorporated areas, municipal yard waste burning standards, the availability of yard waste hauling, and a case study on McHenry County's regulations.
- At this same meeting, staff received direction to conduct an analysis of the implementation of yard waste burning restrictions, develop scenarios for yard waste hauling services, document complaints of burning, and conduct a GIS analysis of population and property characteristics of potentially impacted properties.
- Staff will present the GIS analysis of the potentially impacted areas and waste hauling options for discussion.

7.3 **19-1904**

Presentation and discussion on the Committee Work Plan for the Sustainability Team.

- The Sustainability Team will provide an update on their current progress as it relates to electric vehicles, audit of the County's waste stream, property assessed clean energy, and the 2020 environmental summit.
