8.9 [21-0813](#)

Joint committee action approving a contract modification to the agreement with Crowe LLP, Oak Brook, Illinois to provide consultant services for system implementation of a shared, scalable, integrated, enterprise family of public safety systems that includes computer aided dispatch (CAD), mobile data, records management systems (RMS) for law enforcement and fire / emergency medical services, and a jail management system (JMS) for the 9-1-1 Consolidation Implementation in the amount of \$21,875 for 25 months plus a flat fee of \$61,250 for organization change management for a total of \$608,125 with 40 percent of that cost paid for by Emergency Telephone System Board (ETSB) in an estimated amount of \$243,250 as approved at the May 4, 2021 ETSB Board.

- 21 public safety entities (PSE's) have agreed through an Intergovernmental Agreement (IGA) to participate in the 9-1-1 Consolidation Implementation Planning Project.
- The IGA between participating PSEs agrees to use Lake County as its administrative agent for entering into contracts, making payments, receiving dues or other revenue, and for providing financial accounting and reports.
- Participating PSEs have contributed to the 9-1-1 Consolidation Project Fund to cover project costs to include a project manager and 9-1-1 consultant services.
- The Board (through the IGA) has supported the establishment of a two-tier governance structure (governance committees) to serve as the decision-making body on behalf of all participating entities.
- The evaluation committee and the governance committees agree that it is in the best interest of Lake County (on the Consortium's behalf) to contract with Crowe LLP, Oak Brook, Illinois for Phase Five of this project the system implementation stage.
- Funding is a combination of ETSB and Lake County funds. This was approved by the ETSB Board on May 4, 2021.

Ordinance amending a change to Chapter 51: Water and Sewer Rates and Charges of the Lake County Code of Ordinances to authorize the Director of Public Works to effectuate rate increases of third-party service providers as appropriate.

- Chapter 51 of the Lake County Code of Ordinances establishes all water and sewer user rates and connection fees for the County's water and sewer systems and is reviewed annually or as needed.
- Under the terms of Intergovernmental Agreements between the County and a few Villages (Fox Lake, Grayslake, and Libertyville), the Village can adjust its charges to the County when there is a rate adjustment for Village users. If the implementation of these third-party pass-through charges is delayed and not charged to the customers, Lake County Public Works must still remit the increased payment to the service provider. To avoid the cost of delaying any third-party rate changes, the Department is requesting that the Director of Public Works (*aka Superintendent*) be authorized to effectuate pass-through fees and apply increases as the Department is notified.
- Modifications to 51.15 will permit the Director of Public Works to effectuate pass-through fees and apply increases at the end of the next appropriated billing cycle to allow for the timely collection and remittance of fees. Affected customers will be notified of such changes.
- In accordance with County Board Rules, the State's Attorney has reviewed this ordinance prior to action by the County Board.

Joint resolution authorizing a contract with IHC Construction Companies, LLC, Elgin, Illinois, in the amount of \$235,650 for the Route 83 Force Main Realignment Project.

- Route 83 south of Route 22 has two force mains on the east side and one force main on the west side of the road. A failure of one of the force mains occurred in late 2019 approximately 500 feet south of Route 22. The repair was hampered by a lack of shut off valves for the force main. This project will include the installation of a 13-foot-by-15-foot concrete vault for realignment, consolidation, and valving of the force mains to modernize piping for future maintenance.
- The County received bids from four contractors for this work ranging from \$235,650 to \$457,530. Award of this contract is recommended to the lowest responsive and responsible bidder, IHC Construction Companies, LLC, who best meets the needs of the County in the amount of \$235,650.
- This resolution authorizes and directs the County Purchasing Agent to execute a contract with IHC Construction Companies, LLC, in the amount of \$235,650.

Joint resolution authorizing an agreement with RHMG Engineers, Inc., Mundelein, Illinois in the amount of \$214,028 to provide preliminary and final engineering services for a new 1.25-million-gallon water tower in the Wildwood Water System.

- The Wildwood Water System serves a population of approximately 14,000 in unincorporated areas including Third Lake, Mariners Cove, Arbor Vista, CLC and various retail/commercial establishments in the vicinity. The System receives Lake Michigan water from the Central Lake County Joint Action Water Agency (CLCJAWA) at two delivery stations and the system requires additional storage capacity to protect users in the event of increased water demand or emergency circumstances.
- In 2019, Lake County Public Works sought engineering services for water facilities analysis, design, and construction oversight through a full Statement of Interest (SOI) competitive process. The selected firm for water facilities analysis, design and construction oversight was RHMG Engineers, Inc.
- Under the aforementioned contract, RHMG Engineers, Inc. recently completed a study to determine the required system storage and analyzed several locations for the construction of a new water tower since the existing John Mogg Tower Site is

not large enough to accommodate a new water tower. The recommended location for a new water tower is a property owned by Lake County located on the south side of Gages Lake Road at Dady Court.

- This agreement is a continuation of the study and provides for preliminary and final engineering design services for the new 1.25 million-gallon water tower in the Wildwood Water System.

Discussion regarding the proposed second amendment to the Host Agreement between Lake County, the Solid Waste Agency of Lake County (SWALCO) and the owner of the Zion Landfill, GFL, Inc.

- On January 28, 2010 Lake County, SWALCO and Veolia Zion Landfill, Inc. entered into a Host Agreement covering the Zion Landfill. The Agreement was amended by the parties on June 24, 2010 to clarify the payment of the local surcharge fee had been changed by an agreement between Lake County and SWALCO to divide that fee.
- The Host Agreement contains provisions for guaranteed access to the capacity at the Zion Landfill for waste generated in Lake County, additional environmental safeguards and the payment of host fees.
- The County and SWALCO have been negotiating with the owners of the Zion Landfill (GFL, Inc.) for nearly two years and included representatives from the City of Zion at those negotiations.
- The proposed second amendment includes provisions for additional environmental safeguards addressing odor control, noise control, litter control, wind erosion/particulate matter emission control plan, bird mitigation plan and development of a community relations program and dedicated website for the Zion Landfill. It also includes a provision for guaranteed access to capacity at the proposed expanded landfill for Lake County generated waste.
- The 2019 Lake County Solid Waste Management Plan requires that all entities with existing host agreements at either landfill shall have those agreements extended if either landfill proposes an expansion. These agreements must be amended prior to a siting application being filed for an expansion.
- The proposed Second Amendment to the Host Agreement will be presented to the Financial and Administrative Committee on May 27, 2021 for discussion and will be brought back to Public Works Planning and Transportation on June 30, 2021 for final action and to Financial and Administrative on July 1, 2021 for final action, with subsequent Board action. SWALCO intends to take action on the Second Amendment at its meeting on June 17, 2021.

Resolution authorizing an emergency appropriation of \$1,000,000 of Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) as part of the American Rescue Plan Act (ARPA) to continue food distribution and housing programs needed in response to the COVID-19 Public Health Emergency.

- The ARPA was signed into law on March 11, 2021. On May 19, 2021 the County received \$67,646,879, half of the amount the County will receive in total from the US Treasury.

- Funds are required to be used for: (1) COVID-19 Response or Negative Economic Impacts, (2) Premium Pay for Eligible Works, (3) Recoupment of Lost Revenue, or (4) Investments in Water, Sewer and Broadband Infrastructure during a period from March 3, 2021 to December 31, 2024.
- Under the County's previously approved Lake County CARES Act Plan, a number of programs were initiated to support our residents and communities in the areas of Food Distribution and Housing Support. Some of these programs continue and need additional funding to ensure continuity throughout Fiscal Year (FY) 2021.
- An emergency appropriation of \$1,000,000 is recommended by staff to continue funding food and housing support programs in Lake County.
- County purchasing requirements will be followed for program execution and consultant guidance will be requested where necessary to ensure compliance.
- Authority to spend appropriated funds and execute any and all agreements with partners related to this allocation and distribution of Coronavirus State and Local Fiscal Recovery Funds is delegated to the County Administrator or their designee(s).
