

Tom Doolittle

My family have been Lake County Residents since homesteading in 1850, Antioch IL residents since 1942 and on our current farm since 1949. We currently farm about 900 acres of tillable land in the area.

I have been full time farming since I graduated college in 1969 but worked on our farm as a kid as well. My wife and I bought farmland of our own in 1983 in Antioch as well.

I have been a Lake County Farm Bureau Board member since 1980. I have served as Treasurer and am currently the President of the board. I have been on the Farmland review committee for about 15 years. I am the Chairman for the Grub School Drainage District since 1985 and a member of IADD for 24 years and am the treasurer for the Illinois Association of Drainage Districts Legal Defense Fund for the last 2 years.
