FOR MAGAZINES:
Armag Corporation military spec magazines are manufactured to US Military specification NSWC 3046-93-1 and commercial magazines are manufactured to Bureau of Alcohol Tobacco and Firearms (ATF) specifications. These magazines are secure storage enclosures and are not considered inhabited buildings. The Military specs and ATF specs conflict with and are not compliant with local or state building codes that are based on the International Building Codes (IBC). We recommend the purchaser research whether Local or State Building Codes will be involved in this project.
