2023 NACo Legislative Conf.

- Preparing for the Broadband Summit Materials
 - Summary of Summit
 - Status of Special Committee on Broadband
 - Lake County broadband access statistics
 - Unserved and underserved

Broadband Equity, Access and Deployment ("BEAD") Program

- \$42.45B from IIJA to nationally expand broadband
- State will receive funds and disburse to subgrantees, which include:
 - Traditional ISPs
 - Nonprofits
 - Public-private partnerships
 - Public or private utilities or utility districts
 - Tribal entities
 - Local government

BEAD Program

- Subgrantees required to match at least 25% of any funds
- Matching funds can come from multiple sources.
- Federal funds cannot be used for local match, except for:
 - ARPA funds
 - CARES Act funds
 - Families First Coronavirus Response Act funds
 - Consolidated Appropriations Act funds
 - Funds from Federal Regional Commission

BEAD Program

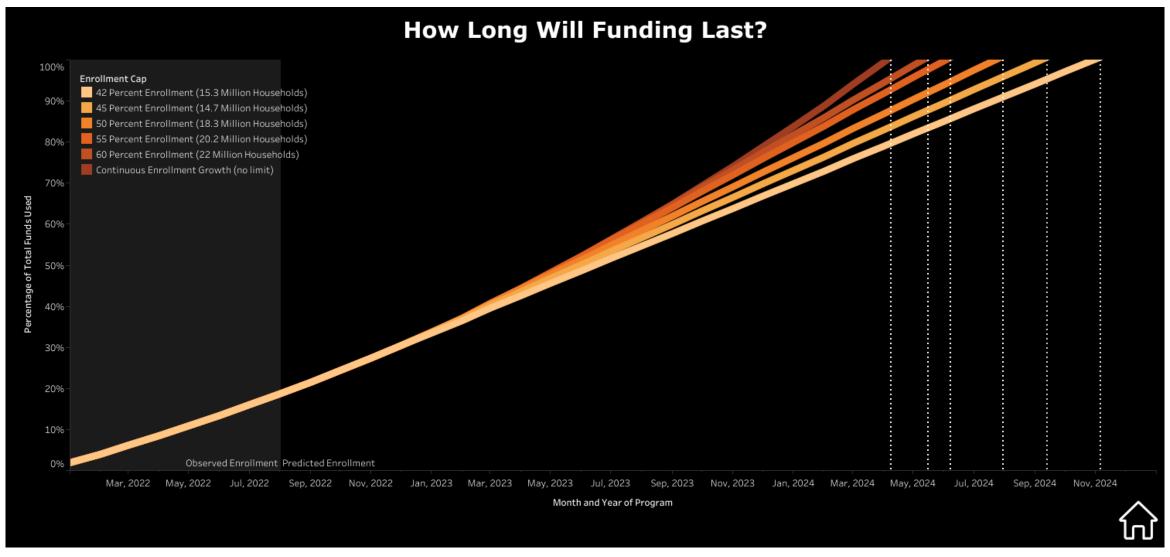

- Possibility match requirements may be increased based on state's plan
- Subgrantees encouraged to provide higher than the required match

Affordability Connectivity Program ("ACP")

- \$14.2B allocated for eligible households
 - \$30 monthly credit for internet
 - \$100 for an internet enabled device
- No plan for funding past initial \$14.2B funding
- 34.3% eligible households in IL enrolled
- 41.6% eligible households enrolled nationally

http://acpdashboard.com

ACP Enrollment

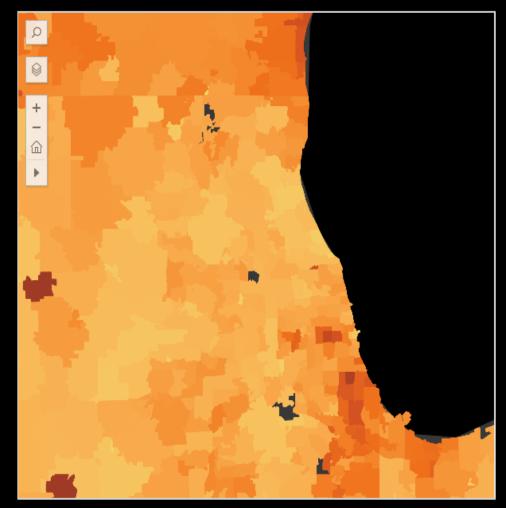

Percentage of Eligible Households Enrolled

0.0%

In some cases, the data showed the percentage of households enrolled was over 100% for some zipcodes. This was the case for multi-dwelling units like affordable housing complexes, for example. Wherever a zipcode was listed as having more than 100% enrollment, the percentage has been adjusted to 101%.

Digital Equity Inclusion Act

- Three Opportunities
 - 1. State Planning Grant (\$60M) –States only
 - Develop state digital equity plan (Current Opportunity)
 - 2. State Capacity Grant (\$1.44B)—States only
 - Carry out state digital equity plan

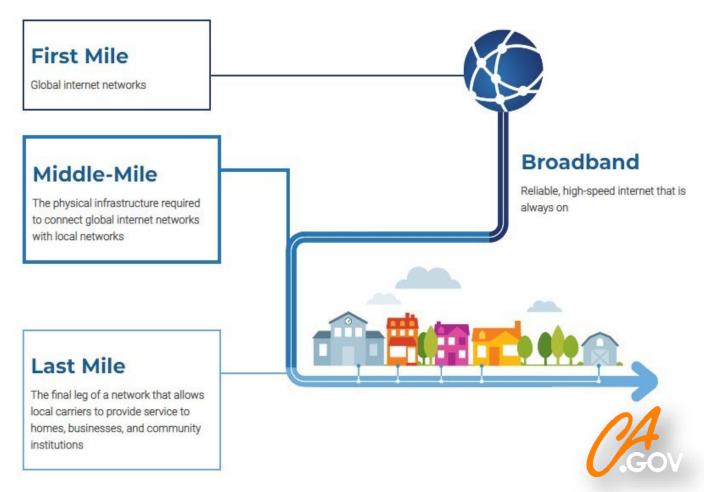

Digital Equity Inclusion Act

- 3. Competitive Program (\$1.25B)
 - Open to certain entities, including:
 - Political subdivisions
 - Nonprofits
 - Community anchor institutions
 - Program will open 30 days after the date the initial state capacity grants are disbursed (unknown date)

- \$400M, up to \$10M per project
- Purpose: capital investments for the cost of deploying middle mile and last mile infrastructure
- Ongoing maintenance not eligible for grants
- Projects must be completed in 3 years

https://site-cammbi.hub.arcgis.com/pages/what-is-the-middle-mile

- Applications are reviewed using a numeric system and will evaluate criteria:
 - Project impact
 - Nonstate match and demonstration of need
 - Affordability & adoption assistance
 - Project readiness
 - Project viability and sustainability
 - Community support
 - Open access, shared use, & business strategy

- Matching Requirements:
 - Requires at least a 50/50 match (nonstate and state)
 - Higher nonstate match (55%+) = Greater number of Points
 - Match can be from multiple sources
 - Fedcelerator Framework
 - If utilizing federal funds for a portion of the nonstate match, the state may contribute up to one half of total project costs

- Higher scores will be granted funds immediately
- Mid-high scores scores will be reviewed and granted quarterly based on:
 - Location
 - Project focus
 - Nonstate match
- Lower scores will not be funded

Discussion on Priorities

- Discussion of priorities and vision
 - All residents in Lake County will be able to easily access, afford, and use broadband internet service of at least 100/20 Mbps.
 - All Lake County residents will be able to use convenient, affordable world-class broadband networks that enable us to survive and thrive in our communities and across the globe.
- Possible Names:
 - Lake County Broadband Link
 - Lake County Digital Connection
 - Lake County Broadband Growth Initiative
 - Lake County Digital Opportunity Initiative
